#### A UNION SEES THE LIGHT

The American Federation of Teachers has apparently finally thrown off greater usefulness in the American large reductions in fare. labor movement than ever before.

At its recent Buffalo convention, the teachers' union elected a set of anti-Communist vice-presidents and each summer at almost no cost to the after year, and was followed by a re-elected its president, Dr. George S. children. School dormitories, other- younger sister or brother. Counts, who has made no secret of his hostility to the Communist influ- expenditures and services performed. ence in his organization. The action | The typical 1939 report, the associais hailed by Mark Starr, one of the tion said, was a 6-by-9-inch printed new vice-presidents, as proof that the publication with a picture of a landmembers want a "genuine trade union mark or a view of the city on its working in conjunction with the cover. ### GUARANTEE OF DEMOCRACY

The establishment and preservation of a strong, effective, aggressive trade-union movement constitutes the best guarantee for the preservation of democracy, both in governmental affairs and in human relationships. Through the establishment of our trade unions we are seeking to erect the perpetuation of democracy, democratic principles and democratic procedure.-William Green.

The Social Security Board's report

on employment-service activities for

July showed, according to McNutt, that more private placements were made by public employment offices than in any previous July; this total

was, however, 10 per cent below that

for June. Due chiefly to the reduced

demand for agricultural labor, there

was also a decline, the first in five

months, in the number of supplemen-

tal placements-those in which the

employment office takes some, but not

all, of the steps to complete placement.

For the first seven months of 1940,

the public employment offices com-

pleted more than 1,700,000 placements

in private employment, a gain of

nearly 27 per cent over the corre-

sponding period of 1939. Only five

states filled fewer private jobs dur-

ing January-July of this year than in
