FINANCIAL.

The banks reported a little easier day yesterday than the dullness of the days before. We see that in many places there is a little improvement in the call for money and interest is firmer; there is nothing of the sort here. The New York *Herald* of Tuesday, for instance, says: "The ease in the four per cents yesterday to below par (99 to 99¾) for registered is, so far as it goes, a sign of improving prosperity, since it tends to show that there are more profitable uses for money than placing it in four per cent bonds." The New York *Herald* also reports: "Money on call bent at 3@3½ per cent., advanced to 5 per cent and closed at 4 per cent." At Louisville it is a fair call at money and rates are well maintained, generally at 8 per cent. In Chicago funds are in excess of demand and loans have been made as low as 5 per cent; 7 per cent is general. Philadelphia has found more of money at low rates, loans from 3@6 per c nt. In Boston money is easy; prime paper 4 per cent, which is the usual rate throughout the east. The St. Louis *Republican* remarks that the Chicago and Cincinnati banks have either abandoned the payment of interests of deposits, including those of country correspondents, or materially modified the rules regarding the rate paid. In St. Louis 3 per cent is generally paid on country balances, and in some cases 4 per cent, but in Cincinnati interest is allowed to only 2 per cent, and even then it is only paid on the excess above an average daily balance of $3000. The balances of each day are aggregated at the end of the month, and one day's interest paid on the amount in excess of $30,000. By this arrangement no bank gets any interest unless the balance we average $30,000 per day, and then only on the sum in excess of that average. In our local market exchange quoted: New York, 15@30 discount; New England, 15 discount; and sell on all points at par. Money 8@10 per cent. Sterling nominally quoted 82@83. New York selling. Last sales were: Memphis gas stock, 80; Tennessee, new issue, 40@41; Memphis bonds, 105; second mortgage, 90; Memphis gas bonds, 91, ex-coupon; Hernando insurance stock, 117; Bail City insurance, 71 50.

COTTON.

The cotton quotations had a better look yesterday. New York revised its quotations with an upward turn, and the tightness of money at New Orleans closed strong. Liverpool advanced on Orleans cotton, and futures opened higher. All these things brought about the advance here—or the factors, but buyers did not see things in the same light. The consequence was a difference of views which cut down the sales materially, although the inquiry was very active. The New York *Bulletin*, of Wednesday, said: "Local operators had to yield to the largely upon their own showing, and to-day's sales, as the absence of orders on both sides tended to retard the movement materially." A London dispatch received at the APEAL office yesterday, has the following important announcement: "A Bombay dispatch states that the cotton crop of Dhoor and the central provinces is at least one half less for the present year than that of 1878."

GENERAL TRADE.

The market yesterday was fairly active in the stores, but nothing arrived by boat except what had been ordered, and that was taken into store, leaving a meagre wholesale feed and produce market. Prices showed no change of importance. Potatoes were quiet for lots, but the stores were very active filling orders for seed. Apples are very quiet with no change of price. Eggs keep up beyond expectations. Chickens were weaker. Hides were lower.

Quotations below are for round lots at the landing and the railroad depots, and includes neither drayage, storage, nor other expenses outside of the box freight and charges up to arrival. Jobbing and store sales are at higher rates, as they include drayage, storage and profit of the dealer.

FEED—*Corn*—Market bare, with a steady demand; last sales at 45c; in store, 48@50c. *Oats*—arrivals all for store; less active; in store, 35@40c. *Hay*—prime $10@14 50; to store, 6@8 50; sales of 250 bales choice mixed at $12.

The Golden Crown, *en route* for Cincinnati, passes up some time to-morrow.

The John B. Maude, Captain Blake, passes up for St. Louis at five o'clock this evening.

The John A. Scudder, Captain Carter, passes down for New Orleans at six o'clock this afternoon.

Receipts by river yesterday were 225 bales cotton, 12 bags seed cotton and 462 sacks cotton seed.

The Simpson Horner lost her calmeers while passing under the bridge at Cincinnati, Wednesday morning.

Captain John Woodburn, recently commander of the Adams mail-line packet Katydid, is in the city on private business.

Up-river papers are putting Captain James Pepper in command of the Memphis and New Orleans packet Ed Richardson.

Captain Kates, of the Thomas Sherlock, it is said, is contemplating the building of an immense stern-wheeler for the New Orleans trade.

Captain Kates's old stern steamboats turn loose our pumps today and sprinkle the levee, so that a man will not get his peck of dirt until the proper time.

The new Anchor-line City of Greenville, building at Jeffersonville, is fast assuming shape, and will soon be ready for business. She is said to be a beauty.

The latest intelligence from the Vint Shinkle, which boat was carried on the dam at Louisville, is to the effect that she is still there, and will have to be floated off by the rising river.

The Josie H. rye arrived from White river last night about nine o'clock with a splendid trip, the principal items of which are enumerated elsewhere. The family of Captain Mike Harry are among the passengers.

Captain Shack Lee takes the George W. Cheek out for Friars Point and way lands at the usual hour this evening. If you have business in that region you had better consult Billy Huston and Nat Banks, her gulf mashers.

A New Orleans special to the Cincinnati *Enquirer* announces that the pool arrangement between the Thompson Dean, Ed Richardson, Charles P. Choutean and Henry Frank has expired, and adds that it will hardly be renewed.

The James W. Gaff, with Captain R. W. Wise in command and G. Wash Tompson in the office, sails for the Ohio at the usual hour this afternoon. Persons contemplating a trip up the Ohio should try a voyage on the Gaff.

The opinion is gaining ground that we are to experience an unprecedented rise in the Mississippi this coming season. It is a matter of vital importance to our planting friends, and perhaps they had better be preparing for the emergency.

Little Rock *Gazette*, Thursday: "After consulting with Captain Ed Nowland yesterday in relation to the Marion Speed, Captain Pritchard concluded to forward her cargo by the steamer Katie Hooper, and leave with the Speed for Paducah, Kentucky, where she will be put on the ways and repaired immediately."

White river will be represented this afternoon by the regular mail packet Josie Harry, with the irresistible Milt Harry in command. Walker Outlaw and Dan Sullivan are her clerks. The Josie will take in all points on White river as high as Jacksonport, making close connection there with the Alberta an the Mic Harry for the upper tributaries.

We have frequently advised Jim Durff to have some one go with him, to prevent him from doing something rash, as he has got the "rise" of things in the brain now, and won't let up as long as he can find some one to crack his jokes on. The worst part of Jim's jokes is that he writes them, but has to instruct them before one can tell what he is driving at.

Not Symptoms, but the Disease.

It would seem to be a truth appreciable by all, and especially by professors of the healing art, that to remove the disease, not to alleviate its symptoms, should be the chief aim of medication. Yet in how many instances do we see this truth admitted in theory, ignored in practice. The reason that Hostetter's Stomach Bitters is successful in so many cases, with which remedies previously tried were inadequate to cope, is attributable to the fact that it is a medicine which reaches and removes the causes of the various maladies to which it is adapted. Indigestion, biliousness, ague, liver complaint, gout, rheumatism, disorders of the bowels, urinary affections and other maladies are not palliated merely, but rooted out by it. It goes to the fountain head. It is truly, not nominally, a radical remedy, and it endows the system with an amount of vigor which is its best protection against disease.

NOVELTY IN ART.
