United States-Government will not look with favor on any such agreement to which it is not a party."

"What is the sentiment of your Government in regard to the matter?"

"The Colombian Government recognizes the vital interests which the United States have in any highway which may be con-structed across the Isthmus, and how much more the States are interested than any His was the strength that norved their heart in faith of battle for the right; He did the wisdom high impart That badlied all the forman's might, And gave our land in days of yone Deliverance strong from troubles sore Of war and bitter strife. European power can be. The sentiment of the Government, and of the people, is strongly in favor of this country, and we desire that the dominant influence in the affairs of the canal may be that of the United States. Our form of government and the commercial re-

> ther nations are to be considered in the "Does not the Government of Colombi fear that the European powers may make their guaranty of neutrality of canal, if they should make one, a pretext for having a foot hold on the 14thmus, and thus endanger liberties of Colombia, or at least take from i entirely the control of that part of the cou-"No; we fear nothing of the sort, no

The legitimate is doing excestionally good would we permit it. The Government of Colombia could say: 'This is our land, this is our territory; we will let whoever we 'Arry Sergent has fixtled out completely as Emily Melville's foot is serving the Colo please and whatever nation we see fit build a canal across the Isthmus of Panama, and Mrs. Zelda Seguin Wallace has added a small son to Ler family circle at Inwill give no guaranty of any kind to any government.' But we recognize the fact that though we are an independent nation and have a right to regulate our offairs as best suits ourselves, yet there is a duty which we Dreams is the best spiece of its kind on the oad, but will not "catch on" well this year. owe to other nations of consulting their wishes in affairs in which they are interested, Haverly is to have a chain of theaters and all the world is deeply interested in the om the Atlantic to the Pacific. Charles Panama canal. "Is the policy of the Colombian Govern-ment in accordance with the Monroe doc-Jacques Kruger, last year the "photo-

trine?"
"Yes. When I signed the protocol with in Dreams, has signed a contract Miss Julia A. Hunt, who went around the country with a "hum" company last year, is said to have made a hit in the new play of Floring!

With Tony Pastor for his entire season.

Yes, in the 1 sugged the protocol with the new play of the internet with the made in favor of its application to the affairs of the Isthmus. We would wish that the stock in Canada be more largely held in the F. C. Burnand's play of The Colonel was produced at Boston, October 15th. It is a de-ided success, and Mr. and Mrs. Eric Hayley United States, and that the work was being prosecuted under the patronage of this country, rather than that of any European After the defection of Charles Drew, the "Why did the Colombian Governmen enor, Alice Oates, at the last moment, abaud-oned her journey to Australia, and is once want to cancel the protocol?"

"The protocol was, of course, only a memo-andum, an outline on which the treaty was Sarah Bernhardt's album contains the fulto be based. The Government desired the wing: "When you hear it said that a man t be abrogated, and a formal treaty subst tuted, in which all existing phases has made a good match, you may be nearly sure that his wife has made a bad one." The Drameic New is now a decent paper.

The retirement of the blackguard, Byrne, has purified it, and it now refuses to publish the facts of the separation between E twin Booth and his wife. John McCullough concluded an engageient on Saturday, the 221, at Hav rly's New patches await me in Paris, where I should have been by this time had I not been de-Chicago Theater, where he publicly an-nounced from the stage that it was the largest engagement pecuniarily he had ever ayed on the coast. I trust that the whole natter of the Panama canal will be settled in such a manner that the United States will have no cause to complain."

HENRY GUY CARLETON,

The Author of "Member," the New Trageny to be Presented by John McCallough.

Great interest has been created in dramati

reles throughout the country through the the California Theater under Barrett and urchase in Chicago Inst week by McCulough of a new tragedy, entitled Messaon. while a member of the Chica o Press Club, and for some little time previous identified with the Chicago press, is really, The New York Mirror publishes the fol-owing obituary a vertisement: "John Car-is concerned, a Southern journalist. He was lowing obituary a vertisement: "John Carroll was a warm friend of the Mirror. A
gentleman who was present on the day of his
death says that the dying man had a copy of
last week's issue beside him all day. He
was too iff to read, but he seemed to take
pleasure in looking at the pictures. It died
with the owner rolled up in his hand?" during the civil war, the noted congainst the Apaches and Navajoes. Carleton was educated at the Jesuit College Santa Clara, California, for a civil and min became interested in Romeo and Juliet, by the Fred Panishing company, and was much affected by the death of "Mercutio." But when "Paris," "Tybait," "Romeo" and "Juliet," successively "passed in their checks," as he expressed it, he could bear the strain no longer. Rising in his seat he exclaimed:

Santa Clara, California, for a civil and ambigurer, but, having a penchant for literary work, drifted into journalism through an acquaintance formed with Dan O'Connel assistant city editor of the San Francisco Chronicle, in 1870, who no longer. Rising in his seat he exclaimed: secured Carleton's services to assis him in exploding a reign It is related of George Clark, the cele- Francisco ghost sensation of that time. In brated negro minstrel, that, being examined 1871 he was admitted to the California Acad as a witness, he was severely int-prograted by emy of Science, and scored coosid-rable adthe attorney, who wished to break down his ditional prominence through discussions in print with California scientists on the sut je of earthquakes. In 1873 General Grant ap pointed him a Second Lieutenant in th with that regiment in Texas and New Mex too until 1876, when he resigned, and imme diately accepted an editorial position upon the New Orlands Times, which was retained for some years. In 1-77 that paper offered gold medals, open for competition by all in erateurs of the South, for an ersay and ser ous and comic poens. In this contest he carried away the medals for the essay and comic poem, and "fied" his competitors on the other. Again, on the death of Mercedo Qu-en of Sprin, Mr. Carleton composed poem, entitled Merceda, which the propri

tors of the Times had Alphonso, for which the author received an autograph letter of acknowledgmen and thanks. During the epidemic of 187. he acted as the correspondent of the New York Times and Cincinnati Commercial, an i at its close he secured the gold medal pri-given by the New Orleans Times, from 2. competitors, for a poem best expressive of the gratitude of the South and the North for the ald and sympathy of the latter during the terrible scourge. Last year Mr. Carlton re noved to Chicago, and se wred an engage nent upon the Chicago Tribone, which posi-tion was given up to begin work upon a trag cdy, based upon an Egyptian theme; and for several months past he has been engaged upon this work, with the exceptionally sucessful results above noted.

The Bank of France. New York Herald. this side of the Atlantic have been interesting their readers with sensational statement arting the precarious condition of th ank of France, one of the few financial i itutions of the world in which people have itherto placed unbounded confidence. The pretext for these articles was the diminution in its gold reserves occasioned by the disriven to a people in almost any age of the could, would rigue a lamentable failure to turbance of the balance of trade between the United States and France, the drain of gold consed by the emission of the new Italian loan, and other influences to which it is not estory for he more particularly to ailude To such an extent, it is contended, have th

to resources of the bank been weaklonger white with cotton. It is said that sudden panie they would become inadeq re will not be corn enough in the Tuscum- to the requirements of daily business. It is valley to do the people until the 1st o was being expressed by our financial qui-sense regarding the safety of the great French Middleton (Tenn.) Nors: "The farmers have about gathered the productions of the institution, the people of France themselves earth of this year; and many of them ap- seem to have been naterly unconscious of the p or to be wearing long faces in consequence. We had a slight trost on the 20th instant, the first of the ceason."

Montgomery Advotiser: "The fallacy of a top cro, of cotton in the cotton belt seems to have been generally exploded. It has to have been generally exploded. It has existed only in theory, and the yield has been very small after the first picking. In most localities it has amounted to nothing, which might be fraught with injury to inbeen very small after the first picking. In most localities it has amounted to mothing.

Chattanocga Timer: "The past few weeks have put an entirely different aspect on the agricultural situation in this State. Ruin and warm weekler have brought up the graving. The rains have also greatly leave the first picking. In most localities it has amounted to mothing."

Chattanocga Timer: "The past few weeks have put an entirely different aspect on the agricultural situation in this State. Ruin and warm weekler have brought up the graving. The rains have also greatly leave the first picking. In most localities it has amounted to mothing."
