ALLIES THREATEN GERMAN REAR BY GAINS ALONG OISE

Turning Movement Against General von Kluk's Forces Gains Momentum, According to French War Office Statement — St. Quentin Occupied.

Invaders Declare Enemies' Centre Is Weakening and Report Repulse of Foe on Lorraine Border — Kaiser's Battle Line Firm, Says Berlin.

PARIS, Sept. 23.

Sharp advances by the Allies around the German right wing have endangered the rear of the Kaiser's forces.

The flank of General von Kluk has been turned partly, according to official announcement. The Allies have gained ten miles along the right bank of the Oise.

St. Quentin has been occupied in the course of the advance.

The official resume of the situation, made public at Bordeaux at 3 o'clock and wired to General Gallieni, stated that by violent fighting the French left, on the right bank of the River Oise, has now succeeded in advancing more than ten miles.

The Germans are again attacking in force from the northeast of Verdun, but the French, by a series of brilliant counter attacks, finally repulsed them.

The report says:

The left wing of the allied army is making steady progress against the Germans commanded by General von Kluk. Our left, by determined, and at times, hand to hand fighting, has succeeded in gaining ten miles along the right bank of the River Oise. The movement at this point (an enveloping one) is progressing as planned by the commander-in-chief.

The situation is unchanged on the left bank of the Oise and at the north of the Aisne. In this angle, which is formed by the Rivers Aisne and Oise, the Germans hold their most formidable position on our left.

The Germans made a violent attack on the French position from the northeast of Verdun, but this was checked and finally repulsed in a series of brilliant counter attacks by the French armies centred there.

No change of moment is noticeable from any other point along the line of battle.

The Germans hold the south of the Woevre district from Richecourt through Seichieprey to Lerouville.

In Lorraine and the Vosges the Germans have evacuated Nominy and Arracourt.

The enemy continues inactive in the Domevre region.

Fighting of the most desperate character is in progress in the district around Amiens, 70 miles north of Paris, with the Allies claiming success along the 15-mile line from St. Quentin to Peronne.

Violent hostilities still continue at many points along the great battle line from the Oise to the Meuse, but reports agree that the most furious fighting is now taking place along the left flank of the allied armies, where the British and French are putting forth superhuman exertions to swing back the German line, thus compelling the retirement of the entire German host from the strong positions it has occupied since the battles of the Aisne began 11 days ago.

Unofficial advices which have reached this city since then show that the battle fronts have been pushed further and further toward the northwest from Noyon.

The nucleus of the Allies' attacking force along the German right is supposed to be General D'Amade's French army, which pushed northward from Paris to form the upper blade of the "scissors" in which the Allies are trying to crush the Germans. On account of the flooded condition of streams and a long stretch of marshlands on the Oise, the French had to take a roundabout course and push far to the north before they could take up a position from which they could deliver a blow against the Germans.

The War Today

Advance of ten miles by the Allies along the River Oise was officially announced by the French War Office. General von Kluk has been partly flanked, the statement adds. The English have occupied St. Quentin and the Allies' left again is threatening the rear of the German battle line in France. It is admitted that the Germans have captured three towns along the Lorraine frontier.

Russians continue to bombard Przemysl but the investment of this heavily fortified position is not permitted to delay the main Russian movement on Cracow, the Austrian base of supplies. The storming of Jaroslaw was accomplished at small Russian loss, but the casualties were heavy among the garrison. The Russians have rebridged the San and are passing troops across to reinforce the army advancing against Cracow.

In Poland German operations proceed briskly, and the Russians are demoralized by the rapid advance of Von Hindenburg's army which defeated them in East Prussia with great loss. The Berlin War Office reports a steady advance in the Warsaw campaign.

Belgian troops are engaging in numerous skirmishes in vicinity of Mechlin, Termonde and Ghent, to harass German reinforcements which are advancing westward into France.

French official statements without qualification announce the success of the Allies' turning movement against the German right wing. This will force a general withdrawal, it is believed, as reinforcements rushed to Von Kluk's aid through Belgium will not be able to alter the situation. For the first time authentic announcement is made as to the identity of the generals in command of the armies of the Allies.

Berlin official statement insists the entire German line is holding firm with no important change in the relative positions of the opposing armies. The forces operating from Metz have driven the French far within their own frontier. It also is added that the Germans have driven the French from the outlying trenches at Rheims.

London has unofficial reports that British advance guard already is in the suburbs of St. Quentin, as a result of a series of charges yesterday. Nine miles of trenches filled with German dead were taken after a terrific artillery duel. These trenches are of great strategic importance, as they command roads to Peronne, Gonzeacourt, Cambrai and Bellicourt. The main body of German troops are believed to have left St. Quentin.

Japanese lose 3000 men when Germans explode two mines under troops advancing to attack Kiao-Chau.

Vienna officially denies the reported occupation of Sarajevo, and claims triumph for its forces operating against the Mani Serb army.

Petrograd War Office reports that many Austrians are deserting in large numbers and that the army of General Dankl is almost completely surrounded. It does not expect that Przemysl can be taken by assault, but claims that the capture of Jaroslaw, controlling the railways west, obviates necessity of capturing Przemysl as an obstacle in the progress to Cracow. Jaroslaw was taken by direct assault, according to late dispatches from the War Office.

British losses in North Sea disaster when three cruisers, the Aboukir, Hogue and Cressy, were sunk by German submarines are now placed at 1654. Several hundred survivors have been landed at Harwich, England, while others picked up by fishing boats have been taken to the Hook of Holland.

MAX R. MARSTON GAINS VICTORY ON HOME GREEN

Baltusrol Golfer Finally Defeats R. M. Lewis, of Ridgefield, After Stirring Match—Ouimet Back in Form Again.

GREENWICH, Conn., Sept. 23.—Close matches were the rule in the semi-final round of the Greenwich Country Club's invitation golf tournament today. Max R. Marston, of Baltusrol, won from Reginald M. Lewis, of Ridgefield, on the home green, while Hamilton K. Kerr, of the local club, was forced to go to the same extent before he emerged a winner over W. P. Seeley, of Weeburn, the Connecticut champion.

Gardiner W. White, of Flushing, playing in the beaten eight, which division also contained Francis Ouimet, the national amateur champion, had to go to the 20th hole before beating W. W. Hoffman, of the National links.

Ouimet, however, playing good golf, easily won from R. H. White, of Oakland, by the comfortable margin of 6 to 4. The gallery was divided between Ouimet and Marston and was not disappointed, for the last named was also out in 37.

Marston took an early lead, and although Lewis played pluckily to reduce it, he did not succeed.

The card:

ARMY-NAVY GAME PLANS AWAIT FINAL DECISION

Representative Logue Confident it Will be Played in Philadelphia.

[FROM OUR STAFF CORRESPONDENT.]

WASHINGTON, D. C., Sept. 23.—Representative J. Washington Logue, of Philadelphia, was informed at the Navy Department today that Secretaries Daniels, and Garrison have not as yet settled the controversy between Annapolis and West Point as to where the Army and Navy football game is to be played this fall.

From his talk with Secretary Daniels, Mr. Logue was convinced, however, that the annual contest will be held in Philadelphia.

VIRGINIA JOINS DRY STATES BY MAJORITY OF 40,000

State Will Lose $700,000 in Revenue After November, 1916.

RICHMOND, Va., Sept. 23.—State-wide prohibition won in Virginia yesterday by a majority in excess of 40,000 votes, carrying all but four cities and sixteen counties.

The four cities opposing prohibition were Richmond, Norfolk, Alexandria and Williamsburg.

The total vote ran to from 145,000 to 150,000.

The election results will cause a loss in revenue of more than $700,000 annually to the State. The State becomes dry on and after November 1, 1916.

"The victory of prohibition in Virginia will have a most encouraging effect upon the anti-liquor campaigns now going on in Ohio, Oregon, Washington and California," said the Rev. Henry M. Chalfant, editor of the American Issue, and an official of the Anti-Saloon League of this city, today. "Anti-saloon workers are indeed very much elated at the victory and at the prospect of still greater victories in the four States, where prohibition campaigns are now in progress," continued Doctor Chalfant.

STRAIGHT HEAT VICTORY FOR HIGHBORN LADY

Makes Runaway of Narberth Sweepstake Event at Matinee Races of Belmont Driving Association at Narberth.

Highborn Lady, driven by E. C. Quinn, experienced but little difficulty in winning the Narberth Sweepstake event at the matinee races this afternoon on the Belmont Driving Park at Narberth. Quinn drove his entry to a straight heat victory and never at any time was the result in doubt.

The best time of the afternoon was made in the championship Donbro sweepstake when Mary Warren flashed across the wire in the second and deciding heat in 2.09¾.

The second series of fall driving races held at the Belmont Driving Park, Narberth, this afternoon, was featured by some fine performances by horses running against time. This was particularly true of the running of Lachaco, driven by Huttenlock, who was rated to be good for approximately 2:25¼ for the mile. Lachaco upset all calculations by going the distance in 2:19¾. Princess Cochaco, driven by William Entwisle, was another entry whose time by far exceeded expectations, for she covered the mile in but two seconds more than Lachaco.

FRENCH BOMBARD CATTARO FROM MOUNTAIN AND SEA

Harbor Forts Reduced, Capture of Adriatic City Is Imminent.

BORDEAUX, Sept. 23.

The heavy French artillery which has been posted on Mount Lovcin is steadily reducing the defenses of Cattaro, on the Adriatic.

Meanwhile, the allied fleet, which has been bombarding the forts at the entrance of the harbor, has succeeded in reducing all of them. It is believed certain the city will be captured very soon.

WOMAN ARRESTS WOMAN

Alleged Shoplifter Captured After a Struggle.

A peculiar arrest took place outside of Wanamaker's store late this afternoon, when Mrs. Pearl Pancoast, the store detective, who weighs only 110 pounds, took in charge a woman over six feet in height, whose weight is about 250 pounds. In spite of their difference in stature, the plucky little detective marched her captive over to the central police station and preferred against her a charge of shoplifting.

The woman gave three names, Mary Ring, Mary Ray and Mary Dalton, but she was sure her residence was on Eleventh street near Fairmount avenue. The police stated that the property stolen at the Wanamaker store was a $20 silk sweater and a hat, while at Lit Brothers the woman had taken a watch and at Snellenburg's a ring.
