CHESTER BOYS HEROES

Individual Exploits of Keystone Men Crown Them With Laurels

Continued from Page One

Pennsylvania soldiers, including many from this city and its vicinity, have won new laurels on the battlefields of France.

CHICAGO SUSPECT MAY BE BOMBER

Police Dragnet Takes Scoop and Brings Man-Hunt Near Goal

PLACE BLAME ON I. W.

Every Resort Combed Search Following Explosion in Postoffice

By the Associated Press

In the score of more persons rounded up last night in connection with Federal Building bomb outrage, Ph J. Barry, acting head of the local bureau of the Department of Justice, leaves that he has either the culprit or one who has information which will lead to his arrest.

By the Associated Press

He is said to have very definite information with regard to one of the men and to have obtained important information from him.

By the Associated Press

This led at first to a report that man was actually under arrest and had confessed.

By the Associated Press

The streets about the Federal Building were patrolled this morning and it was only by the presentation of elaborate credentials that any one could enter the building to transact business.

By the Associated Press

Apparently, Mr. Barry had obtained description of the bomb from some source, as he described it in detail as being eighteen inches long, conical shape, plugged at both ends, four to six inches in diameter, made of steel pipe from one-sixteenth to three-eighths of an inch thick, and that probably it was charged with dynamite and giant powder.

By the Associated Press

Before the day ends we are likely to have the case well in hand," Acting Chief of Police John J. Alcock said.

By the Associated Press

In addition to the Federal agents, a police 2500 members of the American Protective League, a patriotic organization, helped scour the city in the night search for suspects and in 11 cases in the quarters of organizations known or believed to be hostile to established government.

By the Associated Press

Every resort Chicago was raided during the night. "Bring them all in, men and women alike," was the order of the chief of police in the investigation. Secret Service officers and the police worked on a theory that the explosion was the work of members of an organization, with I. W. W. in revenue for the recent conviction of ninety-three of its members before Judge K. M. Landis.
