-By J. P. McEVOY ONCE upon a time, dear children, there was a little city sparrow named Alfred who had the tenderest heart of all the city sparrows in that parish. (Johnny, get off the piano.)
Alfred used to feel sorry for all the people who lived in the country and had nothing to breath but fresh air.

"How they must miss the fragrance of the cafeterias and the peanut wagons and the exhaust gases from the automo-biles as well as the lovely sewer gas. Yes, how they must miss all this." And Alfred would weep at the thought.

There will always be a belief that Blaine was counted out in New York in 1884. But the chief disturbing element in the overturn of party control of the Government after an uninter-rupted ascendancy of the Republicans

for twenty-four years, was a defection from the Republican ranks termed the "Mugwump" insurrection. The word was coined by the New York Sun and

applied by it as a term of derision. The "Mugwumps" were a cult of extreme civil service reformers, led by George

in-law of Senator Don Cameron.

Cameron himself was a "Stalwart," as all the Blaine followers were stal-

It would be wise for us, too, to pre-

The proximity of the two political centers brought rival crowds under the stress of long waiting and suspense into collision on Broad street on the second night after the election, and in the renight after the election, and in the re-sulting melee shots were fired up at the windows of the Republican State Committee, riddling a transparency. tioned a prediction of Mr. Blaine's that he would be counted out in New York even if he won. In Chauncey M. De-pew's volume, "My Memories of Eighty Years," on page 139, he says:

"There is no doubt that Mr. Blaine was elected in 1884." and he adds that he would "have been a victor except for transparent frauds in New York."

Four years later, under the eye of a trained tactician, Matthew S. Quay, then at the head of the Republican National Committee, Kings County lopped 3000 votes off the usual Democratic lead in Coney Island. The specter of open jail doors was held up to John Y. McKane and he wilted.

The Number 40

Philadelphia, May 31, 1922. Philadelphia, May 31, 1922.

Since early times ferty has been regarded as a number of peculiar significance. The idea may have originated with readers of the Bible, who noticed that Moses was forty days on the mount, Elijah was fed forty days by the ravens, the rain of the flood fell forty days, another forty days elapsed before Noah opened the window of the ark, forty days was the period of embalming: Johah gave Nineveh forty days to repent, the Lord fasted forty days, and he was seen forty days after his resurrection. Old English law also featured many forty-day periods. United States attorney for Southern New York, later American Minister at Madrid when the United States declared
