Cotton.

New York, Nov. 11.—The cotton market opened early and 40 cents lower, in sympathy with weak English cables. Leading shorts sold here immediately after the call and succeeded in forcing prices still lower, to 7½c for January. Early sellers then turned cover and commission houses came into position at noon, raising the price to 8½c by figures. Before 11 o'clock there had occurred a distinct change for the better in the character of the morning's trading; however, no loss been regained, but a slight net advance was scored, with the bear leaders endeavoring to bring back the price below 8½c before the call. Trading was at no time very active though steady at noon, the market was very quiet during the afternoon, with few closing figures. Spot closed quiet; middling uplands ¾c; middling gulf, 9¼c. Sales, 600 bales. December, 7.30c; January, 7.40c; February, 7.37c; March, 7.36c; April, May, 7.35c; June, July, August, September, October, 7.34c.

Coffee—Futures opened steady, with November 20 points and the rest of the list 5 to 15 points higher. News was bullish, but free selling by bears kept prices in check during the forenoon; trading was liveliest in recent times, though prices eased off slightly under bear selling and profit-taking. Rumors of more unfavorable crop news were current, but the market was not alarmed. European bought and sold both turns; Wall street bought and the street purchased the distant positions. Prices closed as follows:—Canned, 65,000 bags, including November, 7.15c; December, 7.10c; 20c. January, 7.15c; 25c. February, 7.20c; 30c. March, 7.40c; 4c. May, 7.60c; 7c. July, 7.70c; 8c.
