#### RAILROADS. FAST ONES TO STAY

New Passenger Schedules to Chicago Please the Public and Will Stand.

The Chicago Great Western May Cut Time to Twelve Hours Flat.

Chicago, July 2.—It is announced by officials of the Great Western railway that the experiment of running a fast train from the twin cities to Chicago had been successful. Discussion of the reductions in time which four of the principal lines between Chicago and the northwest have made recently, has disclosed the fact that the fast schedules are likely to remain in force permanently. While the Great Western has not reduced the running time north-bound, it is not certain that it will not ultimately do so.

While there have been reports of causes

leading up to these reductions in pas-senger train time, the real reason is said by passenger traffic officials to be found in the demand of the traveling public for the more rapid service. The passenger departments of Chicago roads report that this faster service is being appreciated by travelers, and as long as this is the case the fast trains are likely to keep up the speed.
The Great Western may cut the time from the twin cities to Chicago to 12 hours flat.

G. N.'S NEW DISTRICT

It Will Include the Mesaba & Superior Divisions.

The Great Northern issued a circular creating a Lake district. Divisions known as No. 1 and No. 2, making up this district, will be known as Mesaba & Superior divisions.

The new lake district is made up of the fololwing lines: Cook Creek Junction to Duluth, Boylston to Cass Lake, Brookston to Ellis, Saunders to Allouez, Swan river to iVrginia, and the branch lines on the

Mesabi range.

The Superior division of the lake district will extend from Duluth to Coon Creek Junction and the Mesabe division will consist of the lines west of Royalston. D. M. Philbin, assistant general superintendent of the Great Northern, is in charge of the new lake district, with headquarters at Superior, and J. M. Davis has been appointed superintendent of both the Superior and Mesabi divisions. His headquarters will also be at Superior.

WISCONSIN CENTRAL EARNINGS Gross Earnings Show Increase - Operat-

Ing Expenses Up. Wisconsin Central's financial report for May shows that gross earnings have increased \$52,544 over May, 1902. The net earnings are greatly cut by increased operating expenses.

NEW WESTERN PACIFIC

Articles Are Filed-It is Capitalized at \$30,000,000.

Articles of incorporation for the West-ern Pacific Construction company, with a capital of \$30,000,000, were filed yesterday. This is the first formal step taken by the This is the first formal step taken by the Western Pacific Railway company to establish a new line into San Francisco. The capital stock is said to be fully subscribed. The opinion is held in San Francisco that Gould interests are back of the Western Pacific road and that its conon will form an outlet to the Pacific coast for the Denver & Rio Grande. The Western Pacific company is projecting the Beckwith Pass Transcontinental line to

Heavy Traffic to Continue Twin city lines are compiling reports for the fiscal year ending June 30. The coast lines will have reports out in six weeks while the Chicago line reports will come in in August. The only report available to-day was one from the Great Western and was only semiofficial, however. An executive officer of one of the coast lines said yesterday:

An executive officer of one of the coast lines said yesterday:

"There is nothing in present conditions that gives rise to any doubt of the continuance of heavy traffic. Our trains are carrying full loads and other lines that deliver freight to us are evidently taking care of about all the business their equipment is capable of handling.

"Freight business in the west is heavy, and on a solid basis. In Minnesota and the states surrounding, everything stems to indicate that the next year will be a repetition of the past with

next year will be a repetition of the past with perhaps an even larger business.' Railroad Earnings in United States.

For the year ending June 30, 1903, the gross earnings from the operation of the railroads in the United States, arising from the operation of 200,154.66 miles of line, were \$1,726,380,267, being an increase of \$137,854,230 over 1902. The passengers carried during the year as shown by the annual reports of the railroads were 649,878,505, an increase for the year of 42,800,384. 505, an increase for the year of 42,600,384. \$40,000,000 Issue Authorized.

New York, July 2.—The directors of the San Pedro & Los Angeles, Senator W. A. Clark's road, have authorized the issue of \$40,000,000 of bonds for the purchase of the branch of the Oregon Short Line from Salt Lake City to Call-entes. The deal will be completed to-day. The Short Line will receive cash for its property.

Advance for Trainmen. Lincoln, Neb., July 2.—The Burlington train, the have succeeded in securing an increase of wages of 12 per cent for passenger men and 12 per cent for the freight department. This is

the second raise within a year and was granted by the company without much protest. Just "Superior" Now.

As the result of federal and railroad action the only names of the four towns of Superior recognized in the new folders are "Superior' and "Old Superior," the latter, however, is called Nettleton avenue.

Railroad Notes.

A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too.

Change of Time. The Chicago Great Western has a new schedule in effect June 28th. For the new figures, consult time card in these columns

The Treatment of Hemorrholds (Piles), Fistula, Ulcers Chronic Constipation, Itching Piles, Rectal Fissures and Other Diseases of the Rectum and Intestines Is the Province of a Physician Who Has Devoted His Life to Their Stody.

No other diseases so absolutely demand diagnosis and treatment by a skilled specialist as do those of the Rectum and Intestines

The general practitioner can give only casual study to Rectal and Intestinal ills. He cannot thoroughly understand their nature. He treats the symptoms, not the disease. At best only temporary relief is the result. The general surgeon sees the cure for all diseases in the knife and cautery. Thousands of wrecked lives attest the danger of the knife in Rectal diseases. The sufferer from Piles, Fistula, Chronic Constipation, Fissures, Itching Piles, or any other Rectal or Intestinal disease, should immediately seek expert treatment. If neglected these diseases lead to complications which undermine the health and end in physical breakdown.

I have spent twenty years in the treatment of Rectal and Intestinal diseases. I state without reservation that I have studied in America and Europe every method of treatment of these Europe every method of freatment of these diseases which medical science has discovered.

The result of my twenty years of study and experience is a knowledge of the cause and effect of Rectal and Intestinal diseases. I cure Hemorrhoids (Pfles), Fistulae, Chronic Constipation, Fissures, Itching Files and the myriad other diseases of the Rectum and Intestines, not temporarily, but for all time, by curing the primary cause of these diseases. You should honestly and fully investigate my methods of cure, which are harmless, painless, bloodless and without the use of the knife.
