

"I FEEL BETTER AND STRONGER THAN I HAVE FOR YEARS."

Writes Police
Clerk Thomas J.
Gaule, of Jack-
sonville, Fla.

PE-RU-NA CURED HIM

Catarrh of the Respiratory Organs Is
One of the Most Common Dis-
eases of Winter.

Pe-ru-na is a Specific for Such Cases.

Thomas J. Gaule, Clerk Police De-
partment, Jacksonville, Fla., writes:

"I suffered with catarrh of the re-
spiratory organs for four years, caus-
ing a serious cough and distress to my
vocal organs. I doctored for it with-
out getting any permanent relief until
I was induced by a brother officer to
try Peruna. I found that several of my
associates had taken it and been cured
and I discarded all other medicines
when I started on it. Within a week
I found a change had taken place, my
general health was much improved
and the cough was easier. I kept up
the treatment for five weeks and
seemed then better and stronger than
I had been for years. For the past
three years I have enjoyed perfect
health and am glad that I gave your
medicine a trial. You deserve success."
—Thomas J. Gaule.

ever long the case may have been stand-
ing.

A. U. S. Senator's Letter.

Ex-Senator John M. Thurston of Oma-
ha, Nebraska, is one of the most promi-
nent and influential men in the country.
He has used Peruna as so many other men
of national fame have done and recently
wrote the following letter to the Peruna
Medicine Co., of Columbus, Ohio:

Washington, D. C., April 6, 1901.
"I have used Peruna at various times
during the past year or two with most sat-
isfactory results."

"It entirely relieved me from an ir-
ritating cough—the result of excessive ef-
fort in the presidential campaign, and
am a firm believer in its efficacy for any
such trouble."—John M. Thurston.

If you do not derive prompt and satis-
factory results from the use of Peruna,
write at once to Dr. Hartman, giving a
full statement of your case and he will be
pleased to give you his valuable advice
gratis.

Address Dr. Hartman, President of The
Hartman Sanitarium, Columbus, O.

One Thing at a Time and That Done Well Is a Very Good Rule As Many Can Tell.

A Jack of all trades is master of none. His field of deception includes
himself. Nearly all patent medicines have claimed such a miraculous
range of curative powers that common sense has been compelled to hide
her blushing face.

The alleged testimonials have been so fulsome that it would seem as if
these "remedies" were clothed in omnipotence.

How any preparation can cure diseases of such radically different
origin as specified in the advertising matter is one of the wonders which
hide within the Sphinx. The Judgment Day may disclose it, but that is
too remote for present purposes.

Chase's Dyspepsia Cure is intended to do only one thing, and that is
to cure dyspepsia and its derivative diseases of the digestive organs. That
alone is its mission and that mission is faithfully fulfilled. It is the most
expensive remedy sold at the price and its manufacturers are compelled
to depend upon its repeated sales to satisfied patrons for their profit. Try
it faithfully, and if it is not all it is claimed to be your money will be re-
funded. If you can think of a better guarantee of merit your suggestion
will be accepted.

Price 50 cents and one dollar per bottle. Value guaranteed or money
refunded by all druggists.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for
nothing compares with the pain and horror of child-birth. The thought
of the suffering and danger in store for her, the expectant mother
of all pleasant anticipations of the coming event, and casts over her a
shadow of gloom which cannot be shaken off. Thousands of women
have found that the use of **Mother's Friend** during pregnancy robs
confinement of all pain and danger, and insures safety to life of mother
and child. This scientific liniment is a god-send to all women at the
time of their most critical trial. Not only does **Mother's Friend**
carry women safely through the perils of child-birth, but its use
gently prepares the system for the coming event, prevents "morning
sickness," and other dis-
comforts of this period.
Sold by all druggists at
\$1.00 per bottle. Book
containing valuable information free.

STARVE AND FREEZE

Emigrants Are Snowbound in Mon-
tana and Have No Provisions
or Money.

Women and Children Living in
Tents—Relief Parties May
Take the Trail.

Missoula, Mont., Nov. 19.—Word has
been received from the Trout creek
district that there are several parties
of emigrants along the Spokane road
in the west end of Missoula county
snowbound and on the verge of starva-
tion.

In one party near the Idaho border
is a family of five snowed up and with-
out provisions or money. The family
is living in a eight-foot tent with the
snow up to the waists, unable to
get out or secure food for the stock.

Three other emigrant parties are
reported along the trail snowed up in
the passes and all in a precarious con-
dition. Efforts were made to send out
relief parties.

STOCK PERISH

Montana Flocks Scattered by Storms
and Attacked by Wild Beasts.

Special to The Journal.
Butte, Mont., Nov. 19.—As the re-
sult of heavy snow and the extreme-
ly cold weather prevailing in the eastern
section of the state, heavy sheep
losses will result.

Reports from Sweet Grass county
say the blinding snow has scattered
the sheep over the mountains and low
lands into sections of the country
where not a vestige of food can be
found in the deep snow.

Two bands of sheep numbering sev-
eral thousand, belonging to Veasey &
McDonnell, a well known stock firm,
got away from their herders and are
scattered in the hills. Wild animals
driven from the mountains by the
heavy snows and cold are raising
havoc with stock. The temperature
is from 20 to 25 below zero.

SAVES HIS INSANE WIFE

New York Artist Risks His Life to
Rescue Temporarily De-
ranged Wife.

New York, Nov. 19.—At the risk of
his life in the icy waters of the Hud-
son, Albert H. Clarke, a well-known
portrait painter, has rescued his wife
from drowning.

Mrs. Clarke had been ill for several
months, having broken down thru
over-exhaustion in her work
among the West Side poor. While
walking near the river side with her
mother and husband she suddenly
rushed out on a pier and plunged into
the river. The artist, throwing off his
coat, swam after her. She evidently
was frightened by the coldness of the
water and tried to keep afloat, but in
the excitement she headed out into
the stream. Finally, just as the hus-
band reached her side, she went down.
He managed to bring her to the sur-
face and after a struggle of twenty
minutes, a tug picked up the ex-
hausted couple.

It is believed the shock caused by
her attempt at self-destruction will
restore Mrs. Clarke's normal mental
condition. Meanwhile, she is under
nominal arrest for having attempted to
commit suicide.

SOCIALISTS TURNED DOWN

Federation of Labor Rejects Resolutions
in Their Favor.

Boston, Nov. 19.—President Gompers of
the American Federation of Labor was
very bitter in his denunciation of social-
ists at the convention here yesterday, and
resolutions presented in favor of social-
ism were defeated by a vote of 11,232
to 2,185.

An appropriation of \$1,000 was made to
test the Alabama anti-boycott law.

When the convention reassembled to-
day a hundred or more resolutions had
yet to be acted upon. The committee
for the reformation of the city's morals
was successful in meeting the board of
police commissioners this afternoon. They
met, but that is about all.

The commissioners did not make any
promises, but said that the matter would
be considered at an early date and the
committee would get an answer as soon
as possible.

The committee pointed out their
opinion of the harm the colony of brothels
on Thomas street is doing to the city,
morally and the commissioners pointed
out the difficulty there was in dealing
with the matter in any shape or form.

READJUST SOCIAL RELATIONS
American Institute of Social Service Or-
ganized in New York.

New York, Nov. 19.—President Roose-
velt sent a letter today to the committee
of the new American Institute of Social
Service, which was publicly inaugurated here
yesterday. In it he said:

"The possibilities of usefulness for the
institute are well-nigh boundless."
Dr. Josiah Strong was inaugurated as the
first president. After an invocation
by Dr. Lyman Abbott, brief addresses
were made by Miss Caroline Hazard, pres-
ident of Wellesley college; Dr. Albert
Shaw, William R. Corwin and Miss Mary
Woolley, president of Mount Holyoke.

HARD TIMES ABROAD
Big Dutch Bank Falls Thru Depression of
American Securities.

The Hague, Nov. 19.—The well known de
Hollandsche bank has stopped payments.
Of late a great many banks have failed,
especially in Haarlem and Delft, but also
in the south of Holland.

The financial condition, alleged to be
due to the decline of American securities
largely held in Holland, is much depressed.
The proprietors of the de Hollandsche bank
are endeavoring to arrange affairs with
their creditors.

The Judges Disagree.
About eight years ago the Iowa
legislature passed a law forbidding
insurance companies to agree on in-
surance rates. The law was never en-
forced and recently Judge McPherson
in federal court held it unconstitutional.

South Dakota passed a simi-
lar law, practically copied from the
Iowa books, and now comes Federal
Judge Garland of that state holding
it absolutely constitutional, effective
and enforceable. "When doctors dis-
agree—" Golden grain belt beer will
build up the system both physically
and mentally. It is pure, delicious
and nourishing. Get a case for table
use.

33 Third Floor.

PROFIT IN MONEY ORDERS

Postoffice Department Wants Clerks in
Third Class Offices.

Washington, Nov. 19.—First Assistant
Postmaster General Robert J. Wynne, in
his annual report, recommends the ap-
pointment of \$2,300,000 to provide clerk hire
allowances for third class postoffices, for
separating mail at third and fourth class
postoffices and unusual business. A new
classification of clerks in first and second
class offices is proposed, abolishing all
titles below that of foreman.

Domestic money order business during
the year amounted to \$25,662,428, and the
receipts were \$1,904,888 more than ex-
penses. Since the organization of the sys-
tem in 1864 the total of domestic and in-
ternational money orders issued has
amounted to \$4,987,903,613.

There was an increase of 3 1/2 per cent
in the number of pieces of mail of all
kinds that went to the dead letter office,
the total being 10,153,528.

W. D. BISHOP ILL.
New York, Nov. 19.—William D. Bishop,
former president of the New Haven rail-
road, is critically ill at his home near
Bridgeport, Conn. He recently suffered a
stroke of apoplexy while attending a di-
rectors' meeting in New York. Mr. Bishop
is 73 years old and one of the best known
railroad men in the country.

There are two kinds of
emulsions of cod liver oil—
Scott's and all the others.
Not one of the latter is as
valuable as Scott's Emulsion
and there's a reason for it.
Only the purest ingredients
enter our Emulsion and its
quality never varies. That is
why it helps when all others
fail.

There's not much oil in
the market now; it's scarce
and high in price. But seal
oil and other inferior oils are
cheap and plentiful. That's
why you can buy so many
substitutes for Scott's Emul-
sion at a lower price.

We guarantee our Emul-
sion to be the best remedy
for weak lungs, low vitality
and wasting conditions. Who
guarantees the others?

We'll send you a sample free, upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

EVA BOOTH GOES HOME.

New York, Nov. 19.—Commissioner Eva
Booth, head of the Salvation Army in
Canada, who has been ill in this city, has
started for her home in Ontario. She came

here shortly before her sister, Mrs. Booth-
Tucker was killed. The commissioner was
then ill from acute stomach trouble and
news of her sister's death brought on an
attack of nervous prostration.

Cheyenne, Wyo.—In an effort to head off the
alleged attempt of hundreds of "bad men" and
friends of Tom Horn, who will be hanged here
Friday morning, to release him from jail, Gov.
error Chatterton ordered out one troop of cavalry
and one company of infantry.
