SMITH THE MAN WHO SHOT SATHER

TRAGEDY OCCURS ALMOST AT HER MOTHER'S SIDE

A Pile of Heavy Lumber Topples Silently Over Upon Little Gladys Lee, Baffling the Mother, Who Did Not Find Her Till Too Late.

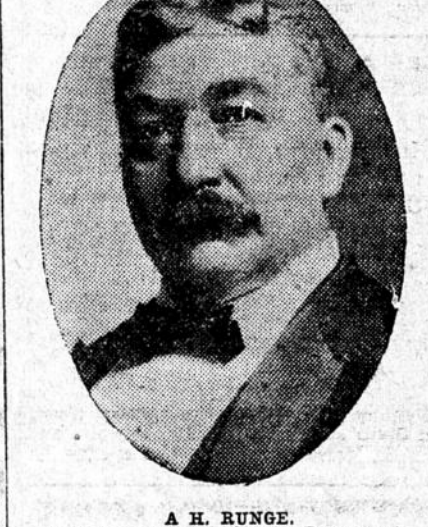

While the distressed mother passed and repassed the spot, little Gladys Lee was being crushed out by the fearful weight of heavy planks. Circumstances of the tragedy were peculiarly distressing. Mrs. Charles F. Lee, the girl's mother, was returning yesterday afternoon from a call upon Mrs. G. W. Vadders in the rear of 721 Hennepin avenue. She was accompanied by her smallest child, a babe in arms, and by Gladys, aged 4 years. It was necessary for them to pass in the rear of the Penick Automobile Co. building, in the course of construction at 719 Hennepin avenue. Gladys had dropped behind and as Mrs. Lee emerged from the alley onto Eighth street, she realized that the little girl was nowhere in sight. Supposing that Gladys had run back to the Vadders' home, the mother retraced her steps only to find that her little one had not returned there.

For five minutes the mother searched the alley with growing anxiety. Others joined her. At last a little boy caught the flutter of a ribbon from beneath a pile of heavy planks which seemed to have lighted upon a short time before. Strong workmen hastened to move the heavy lumber and little Gladys was found gasping and unconscious. The little body had been pitifully crushed and death came within an hour.

After the mother had passed, the lumber pile had fallen silently, but with deadly precision, just in time to pin the little girl down. Charles F. Lee, the father, is employed at the Chamber of Commerce barber shop. The family resides at 28 Eighth street S. from where the funeral will be held at 2 p. m. to-morrow.

Constipation. Its Cause and Cure.

A person in order to be healthy must get rid of the waste products (or poisons) of the body. Nature has provided four ways to get rid of them: The Bowels, the Kidneys, the Bladder and the pores of the skin. If the bowels become inactive, that portion of the food which should be thrown off lies in the intestines and decomposes, causing blood, nerve, liver and kidney trouble, and closes the pores of the skin, thus creating disease in the entire body. You can immediately relieve and permanently cure yourself of stubborn constipation or distressing stomach trouble and perfectly regulate your kidneys and liver by taking one dose a day of DRAKE'S PALMATED WAX. Any reader of this paper can secure absolutely free a bottle by writing to Drake Formula Co., Drake Building, Agents. A FREE trial bottle alone has brought health and vigor to many, so you owe it to yourself to write the company this very day.

CAPITOL ART BY NOTED PAINTERS

MILLET AND VOLK RECEIVE COMMISSIONS FOR PAINTINGS.

One Will Be the Traverse des Sioux Treaty and the Other Will Portray Father Hennepin Discovering the Falls of St. Anthony.

The state capitol commission this morning awarded a contract for two oil paintings to be placed in the governor's reception room in the new capitol, to the well known eastern artists, F. D. Millet and Douglas Volk. The "Traverse des Sioux" and the other "Father Hennepin Discovering the Falls of St. Anthony," will be about six feet high by ten feet long, and will be placed above the east and west ends of the governor's reception room. Millet will paint the first-named picture, for which he will receive \$4,000. Volk will receive \$3,000 for his painting. The difference in price is caused by the fact that in Millet's picture a number of figures will be seen, while in Volk's picture there will be only one figure, with a few figures in the foreground. Commissioner John De Laittre of Minneapolis presented the state thru the commission two white Carrara marble seats 12 feet long of unique design and antique workmanship which had been imported from Italy and which he secured in New York. The seats are to be placed in some convenient point in the new capitol to be designated by the commission.
