SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with healing balsams, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

In Minneapolis there are scores of well-known people who have been cured of catarrh by Hyomei. If it does not help you, Vogel's Bros. Drug Co., corner Hennepin and Washington avenues, and corner 7th street and Nicollet avenue, will return the money you paid for Hyomei.

WHAT WOMEN WANT TO KNOW

Towels for a Bride—What is the Nicest material for towels? I want to make a pair for a bride and I don't know just what to get or how to work it.—Jessie.

Huck of the finest quality is now considered the best material for towels. The width may be 24 or 26 inches and the ends may be finished with a hem-stitched hem and a pattern in drawn work. The hem should be two inches deep. Or the ends may be stamped with a scalloped edge with a floral medallion in the center for the bride's initial or monogram. The towel, finished, should be one and one-quarter yards long. The scallops should be well padded and worked over in close buttonhole stitch with a finer cotton.

The Lanpher Furs

(NORTH STAR BRAND)

FUR QUALITY.

It requires more than simply workmanship to produce a good fur garment. The experience required to properly select the skins is a matter of very slow growth, and unless one's experience has been very wide, it is well to rely upon a brand of established reputation and in any case this is the safest way. We have been manufacturing fur garments of every description for men, women and children for twenty-eight years and our product is of the best.
