WHIMS OF JUSTICE

Member of Board of Control Talks About Sentences.

Before the St. Paul Associated Chari-

ties last evening Judge O. B. Gould, chairman of the state board of control, discussed the question of indeterminate sentences. He favored the idea, because it is a hard matter for a trial judge, with his limited knowledge of

BURGLARY AT ST. CHARLES WINONA, MINN.—A colored man has been county jail last year.

WINONA, MINN.—A colored man has been arrested at Utica charged with the burglary of the residence of Mason Hatfield at St. Charles. An attempt was first made to enter the Armstrong residence, but the burglar was driven away from there by the son. He then made a haul at the Hatfield home. He was traced to the railroad and Utica was notified, his arrest following. He was taken to St. Charles and brought from there to Winona and lodged in the county iall.

following. He was taken to St. Charles and brought from there to Winona and lodged in the county Jail.

The metering of water service has proved such a success, in the business district of Winona, where it was introduced last year, that plans are now being made for the extension of \$\frac{1}{2}\text{success}\$ in the accordance of Mary Roden, aged 12 years, from her home near St. Michael, Minn., has been are now being made for the extension of \$\frac{1}{2}\text{success}\$ in the business district of Winona, where it was introduced last year, that plans are now being made for the extension of \$\frac{1}{2}\text{success}\$ in the business district of Winona, where it was introduced last year, that plans service to other parts of the city. It is probable that a considerable portion of the residence section will be metered the coming season. This system materially cuts down the amount of water used and somewhat increases the revenue. The strongest point in its favor is that it does away with the waste of water.

The strongest point in its favor is that it does away with the waste of water.

A little later she will return for the remaining term of

SUES FOR LAND TITLE SUES FOR LAND TITLE Civil Action at St. Peter Presents Knotty Problem. SUES FOR LAND TITLE push it. Telegrams have been going out to Iowa mayors asking their opinion of the "Galveston plan." The following answers have been received:

ST. PETER, MINN.—Title to a valuable tract of land in the outskirts of the village of North Mankato was in controversy in a civil action argued before Judge B. F. Webber in chambers yesterday. The suit is brought by Christian Larson against Girard Utles, and a rampage of the Minnesota river figures in the proceedings.

of the Minnesota river figures in the proceedings.

Larson and Utjes originally purchased adjoining tracts from the same owner, but a short time ago, when the former engaged a civil engineer and made a survey of his land, he found that one of his lines ran over into the Utjes homestead, passing directly thru the dwelling occupied by his neighbor. He brought suit to establish the validity of the line, but the defendant maintains that he has not encroached on the possessions of the plaintiff. In his answer he states that Larson's property, which lies on the banks of the Minnesota river, has suffered thru a change in the course of the stream; that the banks have been gradually destroyed, and that much of the land Larson purchased is now in the middle of the channel. Judge Webber listened to the arguments yesterday afternoon and took the case under advisement.

FARMERS' HELLO LINE

chairman of the state board of control, discussed the question of indeterminate sentences. He favored the idea, because it is a hard matter for a trial judge, with his limited knowledge of a case, to say how long the prisoner should be confined.

'Uniformity and justice in the matter of sentences are hard to secure,' he said. 'A great deal depends on the temperament of the judge who imposes the sentence. Did his wife give him a good breakfast? Was he out late the night before? These things, trivial as they may seem, often have much to do with determining the severity of the sentence. There are men in the workhouse in this city who, had they been tried in some of the rural districts, would have been sent up for five years.

IOWA

SESSMENT ON ASSOCIATION COMMISSION PLAN MANY PASTORS AT

BITTERLY OPPOSED.

Measure Evolved by Des Moines Millionaire Lumberman Provides for Radical Changes in Municipal Government—Bill Has Advocates in House and Senate and Fight Will Undoubtedly Result.

J. G. BERRYHILL, DES MOINES, aire Lumberman Responsible for Iowa Commission Bill,

Special to The Journal.

Des Moines, Iowa, Jan. 24.—Reports of graft are responsible for the proposed law to put seven of the largest cities under a commission plan of government. Some Iowa mayors are bit terly resenting the proposition to change their city governments and many unkind remarks are being made about Des Moines. The cities that may be affected by the proposed law are Des Moines, Sioux City, Dubuque, Cedar Rapids, Burlington, Council Bluffs and Daven-

Rapids, Burlington, Council Bluffs and Davenport, and when Messrs. English and Teachout
present the Des Moines bill in the house and
Senator Dowell in the senate, a fight will be
waged against it. Des Mofnes will undoubtedly
come in for some bitter censure.

The bill provides for municipal commissions,
after the manner of the Galveston, Texas, commission, inaugurated in an extremity following
the flood. If it masses, all city officials in the flood. If it passes, all city officials in cities of the first class will be abolished. All departments of government, including the board of public works, fire and police commission, park boards, library boards and standing city committees will be abolished and the whole government placed in the hands of a mayor and four "A Century of Jeffersonian Principles."

DIPLOMAS FOR TWO

Winona's Normal Closes First Half

Normal Closes First Half mission plan must petition for it and submit the proposition to a vote of the people. As there is agitation for reform in each one of the seven cities of the state included in the bill, the measure will find many supporters.

Berryhill's Strong Committee.

the house next week and go at once to the senate, where Senator Dowell has promised to

What Mayors Say.

Mayor Phillips, Davenport—The present system of municipal government in Iowa is in need of reformation. There is no business sense in the waste that is allowed. I am in favor of the

the waste that is allowed. I am in favor of the commission plan.

Mayor Caster of Burlington—I am opposed to the commission plan. It has been tried in Washington and Galveston, and has proved a success because of extraordinary conditions. The commission system is not a representative form of government. It puts too much power in a few hands. Why, if a council and mayor and the several boards we have now can control politics, what will five men with all this patronage under them do?

Mayor Sears. Sioux City—There is as much Mayor Sears, Sloux City—There is as much

sens selecting congressmen-at-large as selecting aldermen-at-large. They would not represent the people. Sparsely settled districts would be discriminated against by the commissioners and growth of cities retarded. I shall fight the adoption of the plan in Sioux City. adoption of the plan in Sloux City.

Mayor Macrea, Council Bluffs—The present spoils system of municipal control in Iowa is rotten. The whole municipal code needs revising. We encourage graft and robbery by our present system and laws. Party politics cut too much figure. Give us a commission of business men to run the city on business principles.

Mayor Berg, Dubuque—I will not give the commission scheme any attention. Dubuque will girlt it. We are not rotten like Des Medores and fight it. We are not rotten like Des Moines, and we don't need it.

RETAILERS IN SESSION Ninth Annual Meeting Begins at Mitchell, S. D.

MITCHELL, S. D.—The ninth annual session of the South Dakota Retail Merchants' association opened in this city last evening with an attendance that was large in spite of the delayed trains from the south and east. About 100 delegates arrived during the day, and this number was doubled today.

President Grimm made the opening address and presented the various propositions that are to come up for discussion. Principal among these were the fight against the catalog houses and the wholesalers and manufacturers who self to the catalog houses or to the consumer direct. to the catalog houses or to the consumer direct.
Mr. Grimm's address bristled with words against
the catalog houses and their efforts to cut in
on the trade of the merchants.

OWATONNA, MINN.—The state farmers' institute was held in this city yesterday, and never in the history of the meetings has the attendance been so great. It was estimated that between 300 and 400 farmers from this vicinity attended the sessions. The principal lecture was given by W. W. P. IcConnell, on the care of stock and results of good feeding, and he was seconded by President L. A. Sweet of Fairmont, Minn., of the dairy-men's association. McConnell had extensive men's association. McConnell had extensive charts and frequently referred to them.

The afternoon session was given over to Professor J. S. Elliot and Endolph Schutz of the horticultural department. That the institute was a success is the opinion of both farmers and lecturers.

NEW LUMBER FIRM SELLS Red Wing Concern Bought by Minneapolis Company.

RED WING, MINN.—A business change of importance to Red Wing and other cities thru-out the northwest was brought about yesterday by the transfer of the lumber business of Next Wednesday.

Next Wednesday.

WINONA, MINN.—Next Wednesday marks the close of the first half of the winter term at the normal school and the close of the first half of the school year. Two students will be awarded diplomas at this time, Miss Bessie McNickle from this city, who completes the advanced course, and Miss Lella Morgan, who has vanced course, and Miss Lella Morgan, who has less than the company to the company to other local and outside persons.

SUMMER SCHOOL FOR UNIVERSITY

OPEN TERM IN JUNE.

Instructors for North Dakota Institution's Training Classes Are Selected and Subjects for Grades of County Certificates Decided On at Grand Forks Meeting-Professor Kennedy in Charge.

Special to The Journal. Grand Forks, N. D., Jan. 24 .- A regular summer term of the University of North Dakota, in conjunction with a state training school for Grand Forks, Walsh and Pembina counties,

Grand Forks, Waish and Femblia counties, known as the university summer school, will open June 25 and close Aug. 3.

Arrangements for the school were discussed in this city yesterday at a meeting attended by State Superintendent W. L. Stockwell, Professor Joseph Kennedy of the university and J. Sonderal, F. M. Sherarts and J. F. McLain, superintendents of Walsh, Pembliaa and Grand Forks counties.

counties.

Professor Joseph Kennedy will be the conductor and Miss Alice Fisher of Park City, Utah, will be in charge of the primary department. The other instructors so far selected are Professor P. S. Berg of Larimore, W. E. Hoover of Park River and C. C. Schmidt of Jamestown. Additional instructors will be selected by the university faculty, with the exception of a teacher of drawing and music, not yet decided upon.

All subjects required for all grades of county certificates will be offered, including reading, writing, orthography, grammar, arithmetic, geography. United States history, civics, physiology, school management, physical geography, psychol-

The Great Northern railway has started condemnation proceedings against the owners of eight lots on the site that has been selected by the company for the new freight station, which will run a thousand feet from Seventh street, between International and Alpha avenues. The proceedings are against Flora J. Lucas, Henry Engel, Jacob Rornuk and Moses Bowersox and Delia Purcell. The road has already purchased several lots in that section of the city and finis is the second action started to secure property thru condemnation proceedings. Indications point to Great Northern improvements in Grand Forks this year that will cost in the neighborhood of \$200,000.

The annual meeting of the Tri-State Teachers' association, composed of the educators of Grand Forks, Walsh and Pembina counties, will be held at Grafton on Friday and Saturday, May 11 and 12. The program will be arranged by J. F. McLain, J. Sonderal and F. M. Sherarts, superintendents of the several counties.

BROTHERS SAVE BROTHER

HASTINGS, MINN.—The funeral of Mrs. P. A. Olson was held at the Baptist church yesterday afternoon, Rev. F. D. Brown officiating: Mrs. Olson, who was afflicted with cancer, had an operation performed two weeks ago. Peritonitis afterd set in, which caused her death. She is survived by a husband, two daughters and two sons.

VITAL STATISTICS OF SOUTH DAKOTA

842 BIRTHS AND 347 DEATHS, REC-ORD FOR MONTH.

Commissioner Robinson's Report for December and Preceding Half-Year Gives Interesting Data-Marriages Show Large Increase over Any Preceding Period and Only Eighty Divorces of Residents.

Special to The Journal. Pierre, S. D., Jan. 24.—The December report of the bureau of vital statistics contains a sum-

of the bureau of vital statistics contains a summary of the reports for the first six months of operation of the law. Commissioner Robinson says of the new law:

"With the sole exception of the slowness of physicians and parents in reporting the given names of infants, the law is working splendidly. The names of infants are an important part of the record, and should be promptly reported. With much effort on the part of this office, the names of practically all the infants born in the first quarter are now recorded."

There were \$42 births in December and 4,565 in the six months. Of the infants born in December 322 were reported unnamed. The deaths in December numbered 347, and for six months 1,722. In the six months, 125, or 7.2

commissioner's office complete record is made of each birth, death, marriage, divorce and naturalization certificate, all of which are then carefully indexed by the card system. The birth and death certificates are then bound in permanent books. This makes a record that in the future will be invaluable in tracing family records for any of the many purposes for which they are desired.

Drilling Thru Ice.

Drilling for foundations for the new railroad bridge is being continued, operations now being conducted thru the ice on the main channel at the point where it is expected to put in the first pier from the east bank. Supplies are be ing piled up in the yards on the west side of the river, among other material being a large amount of coal for the use of engines on the construction work next summer.

Gray Leaves Green Bay's Council After Eight Years' Service.

ALDERMAN RESIGNS

Rochester Fireman, Scalded in Collision, Will Live.

ROCHESTER, MINN.—That George Brewer, a railroad fireman, who was badly scalded in a collision, and whose life for a time was despaired of, will soon be able to be about again is due largely to the self-sacrifice of two brothers. Brewer was so badly scalded that it was necessary to graft large patches of skin onto him. His brothers immediately offered to sacrifice the necessary cuttlee and came here from their home in the south to undergo the operation. Large strips of skin have been removed from their bodies and grafted into their injured brother, with the result that he soon will be able to leave his ted. The younger of the brothers was a boy of 15.

HASTINGS, MINN.—The funeral of Mrs. P. A. Olson was held at the Baptist church yesterday afternooh, Rev. F. D. Brown officiating Mrs. Olson, who was afflicted with cancer, had an operation performed two weeks ago. Peritonitis afterd set in, which caused her death.

Beight Years' Service.

GREEN BAY, WIS.—Alderman A. L. Gray, who has been a member of the city council for eight years, tendered his resignation to that body last night. He has held positions of trust a collision, and whose life for a time was despaired of city, county, state and government affairs. At the grand jury trial held three years ago, ten indictments were returned against him, five of which charged him with taking bribes from the Wisconsin Telephone company. Of one of these charges he was acquitted, the other four were molled. Two other indictments were disposed of lateration and the other and the othe

CHARLES CITY, IOWA.—Harrison Gurley, 93 years of age, and one of the organizers of the Congregational church at that place, dież yesterday. He lost his wife by death just two years ago. He had been one of the deacons of the church ever since its organization.

ADD THE PLAGUE Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant drop-

ping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of

rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and PURELY VEGETABLE, and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin S. S. S. and write for our book and any medical advice without charge.
