

Dorothy Dodd

Inexpensive Style

THE woman whose capacity for style exceeds her ability in dollars will find that the style of a "Dorothy Dodd" Shoe gives her foot all the distinction of a high priced, custom made shoe. The style of a "Dorothy Dodd" has become proverbial.

It is a shoe that preserves the natural outlines of the foot.

It actually makes it look a full size smaller. No other shoe is designed like it. When your foot is tired don't put on a slipper—put on a "Dorothy Dodd." It hugs the foot around the instep and rests every other part of it. It saves 50 per cent of foot fatigue. Let us fit you with one pair.

Style 964, \$3.50

"Dorothy Dodd" Dull Calf Button

The latest and best fitting New Fall Shoe, heavy extension sole, with soft kid tops. They fit and look fine. Also a line in Blucher, otherwise the same; all at the same price. **\$3.50**

Real Pride

comes to the housewife with the production of a fine layer cake. This triumph of culinary art must be light as a feather, browned to a nicety and each layer absolutely even.

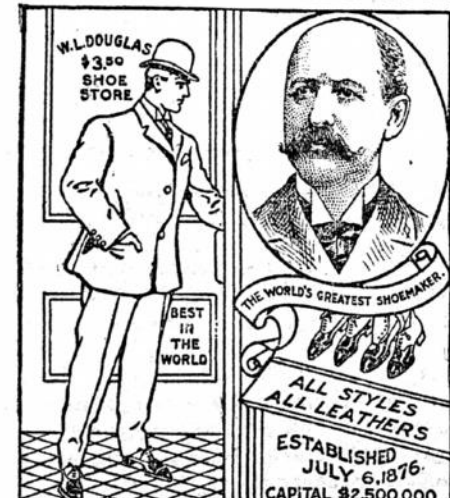

A GAS RANGE

insures this result. Its heat is even, whether intense or moderate and failures are practically impossible. While the cake is baking, gas can be economized by baking the vegetables for dinner. An entire meal may be baked in a Gas Range at once. Send for our representative.

Wherever you live, you can obtain W. L. Douglas shoes. His name and price is stamped on the bottom, which protects you against high prices and inferior shoes. Take no substitute. Sold in W. L. Douglas exclusive shoe stores in the principal cities, and by the best shoe dealers everywhere. Fast Color Eyelets used exclusively. Catalogue mailed free. W. L. Douglas, Brockton, Mass. **W. L. Douglas \$3.50 Shoe Store in Minneapolis: 405 Nicollet Ave.**

SANE WOMAN IN ASYLUM?

Pretty Bigamist, in New York Prison, Denies She Is Lunatic.

Journal Special Service.
Rochester, N. Y., Sept. 18.—Lawyer John Mead, attorney for Myrtle Lapp, 24 years old and beautiful, who was sent to Auburn prison for two years and a half for bigamy, got into Mat-tewan asylum for the criminal insane the other day and talked with Miss Lapp, who had been transferred there from Auburn.

Mead says that Miss Lapp told him shocking stories of brutal treatment at the hands of the asylum attendants. Mead says she is sane and that he will get her out. She was pronounced sane in this city.

Miss Lapp said she was tied down in a bare room and left all day, and when she cried for water the attendants laughed at her and used vile and insulting language. She said when she protested against the ill treatment, they threw her down, jumped on her and injected drugs until she became miserable. She says the treatment at the asylum makes inmates insane if they do not happen to be so when they arrive there.

BORN AS STORM RAGED.

Journal Special Service.
New York, Sept. 18.—The Italian steamer Massilia, which sailed from Palermo on Sept. 1 with 622 steerage passengers, has arrived with 621, in the midst of a terrific storm on Sept. 11, Mario Casuso gave birth to a baby boy.

A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

FARMER PAYS BILL SAYS PEAVEY MAN

Fixed Charges in Grain Shipment Met by Producer, Witness Declares.

Journal Special Service.
Chicago, Sept. 18.—"The farmer is the man who pays the bills," is the way that Frank Heffelfinger, a member of the grain firm of F. H. Peavey & Co., put the proposition of elevator charges in the hearing of the Peavey case before the Interstate Commerce commission in Chicago.

Mr. Heffelfinger was called as the first witness in the case brought by the Great Western railroad against the Union Pacific, alleging that the railroad is paying rebates to the Peavey Elevator company in the form of allowances for elevation at the Missouri river on grain shipped by the Peavey company. Mr. Heffelfinger was asked about this apportionment of expenses and declared that it was in the last instance footed by the farmer who sold the grain.

"The price on grain paid to the farmer is determined by the regular market price at point of consumption, minus the charges necessary to get it to that point," said Mr. Heffelfinger in the course of his examination. "This means that the farmer is the man who ultimately pays the fixed charges and the price paid to him will depend in a large measure upon the amount of these fixed charges."

Suspects Grain Trust.

In the course of the hearing John Marvel, one of the attorneys for the commission, propounded to Mr. Heffelfinger a few questions which indicated that the government suspects the existence of a grain trust which fixes the price of grain. He was disappointed in getting from Mr. Heffelfinger the answer that he had expected but obtained admission which may lead to further developments.

"Is it true that the grain men, after a conference among themselves, fix the prices that are to be paid for grain?" asked Mr. Marvel.

"No," replied Heffelfinger. "At least such has not been the case during the last few years. It may have been so a few years ago."

Quarrel of Roads.

A peculiar state of affairs was presented in the hearing, while, it is said, was never presented before. The hearing was practically a quarrel between the railroads with the Great Western, Santa Fe and Burlington on one side and the Union Pacific on the other. And yet the interstate commerce commission, clothed with its new judicial power, was compelled to sit as a court to adjudicate between the parties to the fight.

Several shippers and interested elevator concerns, it is said, will appear to testify that the advantage given the Peavey company results in a hardship to them. The case was up in a new light before the commission and may result in a much different ruling than was given in the former case.

FIRE REAL SHOT IN SHAM BATTLE

Grundy Center Young Men Punish Visiting Guardsmen for Flirting with Sweethearts.

Special To The Journal.

Omaha, Sept. 18.—Central Iowa is excited over the details which have made the battle at Grundy Center, Iowa, last week in which fourteen soldiers from Vinton and Cedar Rapids were shot by society men from Grundy Center, who were zealous of the attention paid the soldiers by their sweethearts.

The Grundy Center young men got into the fight with their hands in their pockets, firing shot instead of blank cartridges. The visiting militiamen had been in Grundy Center during the fair and had captured the hearts of the local girls, to the exclusion of the home boys.

The morning of the battle it was found there were not enough militia men and several home boys offered to enter the fight, furnishing their own guns and ammunition. When the battle began the fair-grounds were crowded. After the fight had raged a few minutes Captain Whipple of Company C fell, and blood on his face showed he had been wounded. Before the hospital corps could carry him from the field Lieutenant Saunders went down. Corporal Clark quickly followed and then privates on all parts of the field began dropping.

The commandant ordered firing to cease, but the Grundy Center contingent kept popping away until forced to desist. When firing ceased it was found that fourteen of the militiamen had been wounded, although only three were badly hurt. Thousands witnessed the fight and it was believed the wounded was only shamming. The fair officials made every effort to keep the facts a secret, but the wounded men complained that an official investigation is promised.

HALF-RATE FARE DEMANDED

Duluth Council Calls Upon Trolley Company for Important Concessions.

Duluth, Sept. 18.—The common council has adopted a resolution urging the Duluth Street Railway company to put in effect half-rate fares for workingmen and school children, between the hours of 6 to 8 a. m. and 5 to 7 p. m. Bishop McGorlick is a member of a committee that will wait upon the street railway officials in the matter.

Do you believe in patronizing home industry? Of course you do. That's why every loyal Minnesotan feels kindly toward Hunt's Perfect Baking Powder.

Carbonic Acid Pump.
The city of Hanover in its fire service a carbonic acid pump working in connection with a steam pump. While the acid pump is actuated by a battery of storage cells the steam pump, which is on an automobile, is conducted to the locality of a fire by means of carbonic acid compressed in tanks. The charcoal briquettes are placed on the grate and watered with alcohol from a receptacle, where it is kept under pressure by carbonic acid. The water in the boiler is always kept at the temperature of 212 degrees F. by means of a small gas burner. The daily use of golden grain belt beer will nourish and strengthen the entire body. Order a case today.

Low one-way colonists' tickets to Puget sound points, \$25 via the Great Northern Railway until Oct. 31st. City ticket office, Third street and Nicollet avenue.

MINNEAPOLIS DRY GOODS CO.

New Laces New Dress Trimmings

A WORD with you regarding our showing of laces and dress trimmings, which is, this season, the largest, finest and best selection of these lines we have ever before displayed in our store. Never have we been so splendidly equipped to serve you, and our magnificent assortments stand second to none in the Twin Cities. All we ask is that you favor us by calling and inspecting these new goods which are sure to greatly please you in every way.

The New Laces. This display of dainty laces imported direct to us by our own representatives in St. Gall, Switzerland, and other great manufacturing centers in Europe, shows greater variety of styles and a richness in design never before equalled. The patterns are most elaborate yet they conform to good taste in every material feature. There are real handmade Irish crochet; Duchesse and Princess laces; Bruges; Baby Irish; and numerous other kinds; all of finest workmanship. Among them are many novelties in tinsel effects. Practically everything in woman's wear will demand embellishment this fall and there is something in laces for every particular requirement.

The Novelty Trimmings. Our own direct importations from Switzerland, France and Germany, selected with scrupulous care by our European representatives. Their personal selections from Paris, St. Etienne, St. Gall, Degersheim, Berlin, Annaberg, Eisenstock and Barmen. An assortment presenting rare choice in fancy appliques, braids, chiffon creations, radium or pull braids and fancy vestings. Trimmings for every particular requirement. Festoon effects; black braid appliques; edgings and bands, and medallions. There will be hardly a fashion exhibit this fall which will show greater variety of styles or more richness and beauty than do these trimmings, and it is in the gathering of foreign merchandise that this store, with its European organization especially excels.

Buttons. They will be employed not only for use, but for ornament, and will share favor with trimmings. The novelty is not in shape or design, but is one of material or treatment largely. Shapes are chiefly the round flat or slightly bombe forms. Enameled buttons are prominent, one of the new features being buttons in cloth shades for matching the color of garments, combined with gold and in some cases cut steel. Then there are decorated enamel buttons both in round and oval shapes. Jeweled buttons present the richest effects in rhinestone settings and rhinestones combined with composition stones in colors of opaque jewels, coral and turquoise; and there are pearl buttons, overlaid with gold and cut steel and oxidized silver.

These displays constitute a store event worthy the careful attention of every patron. Our prices are absolutely right and as low, if not lower, than is possible to obtain elsewhere. Your attention is directed to our Nicollet Avenue Window.
