MUST VOTE AGAIN

Governor Orders New Election for Commissioner of Cook County.
Governor J. A. Johnson has issued an order under the provisions of the new code for a special election to be held in Cook county on Nov. 27, on the matter of the county commissioner of the fifth county commissioner district.
The two candidates who ran at the regular election, C. A. Nelson and Erick Leonard, each received thirty-one votes. Under the new code, there is no alternative but for a special election to settle the question. The former method of flipping a copper will not do.

Some folks still use candles, and a great many folks continue to do things in the hardest way. Modern candle-burners should try the Journal "Wax Ad" way of doing things. It reduces perplexities to their simplest terms.

The Northwestern Bible and Missionary Training school will give a reception Friday evening in the rooms, 8 Eleventh street S. The program will include music and readings and the guests will be from all the evangelical churches.

The third in the series of public lectures on "Science and Life," held under the auspices of the University Philosophical club, will be given by Professor Frank L. McVey on Thursday at 4 p. m. in room 13, university library. His special subject is "Economics and Life." The lectures are open to all.

The Plymouth Rogers-Peet Clothing, Knox Hats, Hatan Shoes. For men who value correct dress.

RAMSLAND HEADS CLASS

Freshmen at "U" Honor Student Who Climbed Flagpole.

Rudolph Ramsland, the plucky freshman, by climbing the flagpole at 165-foot flagpole at the University of Minnesota during the annual caucus in October, has been elected president of the freshmen class.

In the absence of President Northrop, Registrar Pierce called the meeting to order. Owing to the trouble in the shape of furniture smashing that caused the freshmen to be late, President Northrop usually takes the freshmen under his protecting wing and helps them to get safely started.

Gertrude Swinburne was elected vice president. She is the first co-ed in years to hold that office in any of the classes. Lucille Collins was chosen secretary, A. R. Kelley treasurer and Lynn Ellis sergeant-at-arms.

WORKS AMONG COLLEGES

Secretary of General Educational Board Here for His Society.

Star J. Murphy, secretary for the northwestern division of the General Educational board, is in Minneapolis today. It is assumed that Mr. Murphy will be detained some time in the twin cities, owing to the proximity of the University of Minnesota, Hamilton university, Macalester college, Carlton college and numerous institutions of learning in the state.

The general education board was incorporated in 1902 and it is the organization to which John D. Rockefeller gave \$10,000,000 for higher education. The income of the board's fund is to be used for the benefit of higher institutions of learning.

Oriental Rugs at special prices this week at John W. Thomas & Co.'s.

GREAT WESTERN ON CARPET

Road Is Charged with Violating Long and Short Haul Clause.

The state railroad and warehouse commission has received a complaint from Lindsay Brothers of Minneapolis that the Great Western road is violating the long and short haul clause in freight rates on farm machinery on its line between the twin cities and Winona. It is charged that the rate to Winona, by way of McIntire, is 10 cents, while the short haul rate to the river lines, to intermediate Great Western points, however, such as Pine Island and Rochester, the rate from the twin cities is 16 cents. The railroad denies the charge and will give the matter a public hearing later.

ALREADY AT WORK ON NEXT ELECTION

VOTERS' LEAGUE ENCOURAGED BY LAST WEEK'S RESULTS.

Chairman John Crosby Says the New Council Should Show a Substantial Advance—Nine Out of the Thirteen League Candidates for Aldermen Were Elected.

According to John Crosby, chairman of the Voters' league executive committee, that organization is encouraged by results of the recent election to prosecute its work with even greater vigor.

"The league is a permanent organization," said Mr. Crosby today, "and its work for better men in the city council and the board of county commissioners will go on uninterrupted. It will begin at once to prepare for the next campaign. All matters of administration and legislation in the above two bodies will, as heretofore, be carefully scrutinized, and every material fact in the making of an official record investigated and recorded, and at the proper time put before the public. The work of the league has grown constantly in effectiveness, and should continue to do so as the public learn to recognize better the theory and disinterested character of its service."

"The results of the last election as regards aldermen should give much satisfaction to those interested in a square deal for the public at the city hall. Six of the retiring aldermen are displaced by new and, in most cases, better men. The new council should show a substantial advance."

"The league's efforts in the final election brought some material returns. Nine of the thirteen candidates recommended by the league were elected. Conspicuous victories were won in the seventh, eleventh and twelfth wards, where men of recognized character and capacity were elected. The league focused its efforts mainly in these three wards and in the sixth, as being the wards where the needs were greatest."

"In the sixth ward, Rand came perilously near being defeated. He pulled thru with a scant plurality of 131 votes over Peterson in 1890, at his first election. Rand had a majority of 1,735. His hold on the ward has been steadily loosening thru all the years since. The sixth ward will yet repudiate its veteran alderman."

"McVey won out in the ninth ward by a greatly decreased majority over previous elections."

"The new aldermen, McHale, Dahl, Orkquist, Hill and Conroy, are men of good capacity, and should develop into useful public servants."

ASSISTANT FIRE CHIEF

FRACTURES HIS SKULL

W. A. Rodecker, assistant chief of the St. Paul fire department, fractured his skull and sustained internal injuries while going to a fire at 6 p. m. yesterday. At Ninth and Cedar streets the fire of Rodecker collided with a horse-drawn wagon, which was being driven by a man named John C. A. building, where he struck on his head on a pile of stone. He was picked up unconscious and hurried to St. Joseph's hospital. It may be two or three days before it can be stated whether or not his injuries are of a fatal nature.

John W. Thomas & Co. are having a special sale of Oriental Rugs all this week.

HUNTER KILLS HIMSELF

BY ACCIDENTAL SHOT

John Arnold, a carpenter, accidentally shot himself while hunting near Lake Minnetonka, and his dead body was found in a boat near Linwood yesterday.

The body was still warm when found by someone near the boat near the shore, and the accident could not have occurred long before. It is thought that he struck the trigger of his gun with his foot while rowing.

Arnold was 32 years of age and was the main support of a large family. He lived with his mother at 631 Fifth avenue N.

GETS INTO MILWAUKEE

Independent Phone Company Gives Minneapolis New Facilities.

Double telephone connection between Minneapolis and most Wisconsin points will soon be possible. The Milwaukee city council has just passed by a vote of 45 to 12 a franchise allowing the Wisconsin Independent Telephone company to do business in the Wisconsin commercial center, and the independent telephone forces of the northwest are jubilant.

Other smaller Wisconsin cities are in the independent system and with Milwaukee opened a rapid increase in independent business in the state is expected. With the large cities of both Wisconsin and Minnesota open to the independent companies, which are all working together, the independent forces are looking for rapid growth thru both states.

Heretofore Milwaukee, which was the key to the Wisconsin situation, has been closed and development of the independent business in Wisconsin was retarded because of the fact that outside subscribers wished connection with the commercial center. With both states open, double telephone facilities are now offered Minneapolis as far as Wisconsin points are concerned.

AMENDMENTS PULL THRU

Official Returns Give the Three Measures Safe Majorities.

The three big counties have been heard from, and the wide-open tax amendment is passing stronger than ever. Each of the three gave the amendment a majority, but in Hennepin it ran close, having just 22,625 out of a total of 44,512.

Ramsey did much better, giving the amendment 15,778 out of a total of 26,581 votes, and St. Louis also made an unexpectedly good showing, with 7,190 votes for the amendment out of a total of 12,097. Both the other amendments got a larger vote in St. Louis.

Marion county gives the tax amendment 1,599 votes out of 2,935, and the total fifty counties heard from give now 111,751 votes for the amendment, out of a total of those counties of 204,318.

A majority of this vote would be 102,159, so that in the fifty counties the amendment now leads by 9,591 votes, and seems certain of passage. The good roads amendment is somewhat behind, but will have a close fight. The peddling amendment has carried heavily.

ANDOVER FOR THE WEST COUNTY VOTE COMPLETE

PRESIDENT OF UNIVERSITY OF ILLINOIS URGES REMOVAL OF HISTORIC SCHOOL OF THEOLOGY.

Possibly a shudder will be felt by graduates of the Andover Theological seminary at its removal from historic New England to the Mississippi valley, but that is something which is likely to happen. The advisability of such a move is being discussed. Edmund J. James, president of the University of Illinois, today sent a letter to the trustee of Andover urging upon them consideration of a site in immediate proximity to one of the great state universities of the valley. Naturally President James says a word for his own university, but his letter is broad and the arguments as well as to Minneapolis as to Champaign and Urbana.

President James believes that the day of the theological school independent of connection with colleges and universities is passing away. He derives itself of some of the most potent advantages open to it from relation with such institutions of learning. The work of presenting the claims of the ministry upon the attention of young men may be done often more strongly and successfully in many other ways than by direct solicitation. The existence of a theological school in close proximity to a university is a silent appeal.

President James' letter is full of fine argument, and taking advantage of the old theological school by bringing the school in close touch with the advantages of the big universities which the states nurture.

BULLET FIRED AT DEER

HITS MINNEAPOLIS MAN

Mistaken for a deer, Fred Hansen, 2842 Cedar street, was shot and probably fatally injured near Ashland, Wis., yesterday.

Hansen, when in Minneapolis, lived with Edward Hansen, but in the morning he went to work on the contract job. While walking thru the woods yesterday he was struck by a bullet intended for a deer. He crawled thru the brush and reached his home, where he was asked for help. He was hurried to the hospital in Ashland, where the physicians say he cannot live.

Hansen, as far as is known, has no relatives in this state. Dahnum has been asked to notify his friends and to find his relatives if there are any in the city. The message sent to Dahnum did not give the name of the man who fired the shot.

CLEMENT STILL FIGHTS

Faribault Banker Will Carry Case to United States Supreme Court.

The attorney for Thomas B. Clement, the aged Faribault banker, who was sentenced to eight years in the state penitentiary by the circuit court, which decision was on Monday affirmed by the court of appeals, will appeal to the United States supreme court.

Last Friday Judge William Loehren, in the circuit court, listened to an argument by the attorneys for the defendant of a petition for a writ of error. The petition was refused by Judge Loehren, and now the court of last resort will be asked to pass upon the question.

The appeal of the case may be taken as soon as the papers can be drawn up, but it may not be before the mandate issued out of the circuit court of appeals committing the defendant to the state penitentiary.

The directors of the Tri-State Telephone company have declared the fourth quarterly dividend at the rate of 6 per cent per annum, payable Dec. 1, 1906. The books of the company will close Nov. 22, 1906, and re-open Dec. 1, 1906. The company, under its guarantee, will also pay the nineteenth quarterly dividend of the Twin City Telephone company at the stipulated rate. The directors of this company will close and reopen on the same date as those of the Tri-State Telephone company.

DAIRY SCHOOL FULL

Ninety-six Practical Dairymen Enroll for Course.

Ninety-six students are enrolled in the dairy school at the St. Anthony Park Agricultural college. Professor T. L. Haacker, in charge, says it is the largest enrollment the dairy school has yet enjoyed, and that nearly every one is a practical creamery man. At the opening yesterday Professor Haacker spoke on "The Successful Creamery Manager." Professor Russell of the University of Wisconsin spoke on "The Relation of Bacteriology to the Dairy." E. K. Slater, state dairy and food commissioner, gave an address on "The Kind of Buttermakers in Demand in Minnesota."

LIBRARY IS CLOSED

Break in Boiler Causes Shut-Down Until Friday Morning.

The main public library building was closed at noon today and will remain so until Friday morning because of a break in the heating plant. The boiler gave out last night and the attendants did the best they could this morning by keeping the wraps and furs. It was a sorry attempt to keep the main part of the city's fountain of information free of ice, and at noon the big building was locked up, the first time in ten years. It is hoped that the boiler will be ready for service by Friday morning.

SWANSON MAY CONTEST

Defeated Aldermanic Candidate in Ninth Ward Hears of Irregularities.

Nels Swanson, who was defeated by Alderman Peter McCoy in the ninth ward by 63 votes is making a careful investigation with a view to contesting the election and securing a recount. Several irregularities have been discovered, but these would not materially alter the result unless all the votes in the seventh district could be thrown out.

Mr. Swanson has been informed that after the polls closed in that district on Tuesday night all the election officials left and were gone for some time. The ballot boxes were not sealed and could easily have been tampered with by anyone had been disposed to do so. Mr. Swanson says that he has not fully substantiated this report and until he does so he will not make a contest.

ON ALL BUT GOVERNOR HENNEPIN GIVES REPUBLICAN STATE TICKET SUBSTANTIAL PLURALITIES.

ON ALL BUT GOVERNOR HENNEPIN GIVES REPUBLICAN STATE TICKET SUBSTANTIAL PLURALITIES.

Hennepin county's official vote on the state ticket was announced today, after the ballot boxes from precincts that made no return had been opened by order of the court. Governor Johnson's plurality in the county is 14,394, and he got a little more than double the vote given to A. L. Cole. The rest of the republican state ticket carried the county by pluralities ranging from 1,194 on lieutenant governor to 13,337 on attorney general. Fred E. Wheaton, democratic candidate for clerk of the supreme court, was the only Minneapolis man on either ticket, and he ran well ahead. The republican ticket was cut some on secretary of state.

The wide-open tax amendment carried by a small margin, but the good roads amendment fell a little short in Hennepin. The peddling amendment ran strong.

The total vote cast in Hennepin was 44,512 male and 332 female. The total registration was 49,620 male and 1,805 female. A majority of the total male vote cast would be 22,407. The amendments received the following vote:

	Yes	No
Tax amendment	22,405	6,529
Good roads amendment	22,121	6,083
Pedding amendment	27,000	1,138
The official canvassing board's complete figures on state ticket are as follows:		

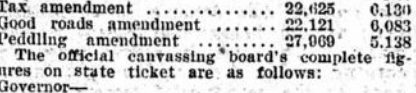

A. L. Cole (rep.)	14,010
John A. Johnson (dem.)	28,404
Charles W. Dorset (rep.)	824
N. C. Loftus (p. o.)	829
Johnson's plurality	14,394
Lieutenant governor	20,084
A. O. Elbertson (rep.)	18,890
Edward G. Pendleton (dem.)	2,194
Ole Lokenegard (rep.)	2,133
Elbertson's plurality	1,194
Secretary of State	21,215
Julius A. Schmalz (rep.)	16,001
Peter Magnusson (dem.)	5,214
N. C. Hendricks (rep.)	5,214
Schmalz's plurality	4,524
Samuel G. Iverson (rep.)	25,241
A. E. Ames (dem.)	14,132
Iverson's plurality	10,899
State Treasurer	22,845
Charles G. Dinehart (rep.)	15,070
John Kohn (p. o.)	2,410
Dinehart's plurality	7,775
Attorney General	26,433
Edward T. Young (rep.)	13,116
John A. Johnson (dem.)	13,337
Young's plurality	13,337
Chief Justice of the Supreme Court	31,670
Charles M. Starr (rep.)	21,122
C. K. Pidgeon (rep.)	17,790
Pidgeon's plurality	3,323
Railroad and Warehouse Commissioner	22,300
C. F. Stutes (rep.)	14,946
Anton Schaefer (dem.)	7,354
J. P. Helberg (rep.)	1,534
Stutes' plurality	7,654

DELEGATION WILL MEET

Hennepin Legislators Will Get Together Saturday Evening.

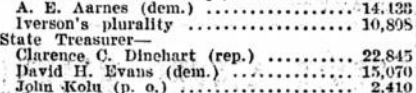

The first meeting of the Hennepin county legislative delegation will be held Saturday at 8 p. m. at the rooms of the real estate free information bureau, 3 Fifth street S. The call was sent out today, and it is hoped that as many members as possible will respond. There will be much important legislation at the coming session and it is deemed important that the Hennepin members should become acquainted in order to perfect their team work.
