B. Yoder, has been officially recognized. An investigation conducted here Sunday by Colonel H. T. Hays, sent here for the purpose from Washington, resulted in Adjutant-General J. Lane Stern's decision to grant recognition to the company. The investigation was conducted in the manner in which Captain Kernan is alleged to have acted while attending to his official duties and is believed to be the reason for the rejection of the company. The matter will be in the hands of the War Department for final decision.

They look upon the intervention as a means of saving the masses from the present corrupt government. The Bible agent told a sensational story of revolution and petty tyranny, making at the same time a plea for publicity in order that Costa Rica might know the true status in Costa Rica.

A HIGH GRADE SWEET

A Different Kind of Table Syrup

Its cane flavor is so different! More pleasing, more appetizing. You never tire of its delicate taste. A pure, wholesome sweet for every-day use.

Ask your grocer for Domino Golden Syrup.

Try it as a spread on bread, cakes, waffles and biscuits. Give it to the children—and to all the family. "Delicious"—this is the general verdict. Because it is not over sweet—just enough of the cane "smack" to tickle the taste. Not too thin—nor too thick—and of fine golden amber tint.

Happy is the housewife who learns the daily use of Domino Golden Syrup.

It should be ready to serve on all occasions. You can eat it every meal. Good in all seasons. It comes in two sizes—18 oz. and 25 oz. cans.

Domino Golden Syrup is made by the American Sugar Refining Company.

G. O. P. FILIBUSTER COST U. S. OVER \$62,000,000

So Claims Representative Byrns, Democrat, in Address Reviewing Financial Record.

PRESENT CONGRESS DELAYING

Declares Appropriation Bills Were Increased, and Nothing But Political Investigations Have Resulted This Session.

WASHINGTON, August 1.—The Republican filibuster in the Senate last March cost the United States more than \$62,000,000 in appropriations alone.

Representative Byrns, Democrat, Tennessee, ranking minority member of the Appropriations Committee, declared today in an address reviewing the financial record of the present session.

Mr. Byrns accounted for this increase by saying the new Congress had increased the military and naval appropriations for ordinary expenses of the government in the sundry civil, agricultural, and Indian appropriation bills.

"These bills," he said, "would have been enacted into law had it not been for that filibuster, and this Congress would not have had the opportunity to increase them."

Mr. Byrns asserted that the Republicans claimed an extra session was necessary to deal with reconstruction problems, but that the real purpose was to force the President to return from France before framing of the peace treaty.

"They have passed the appropriation bills that were defeated at the last session by the filibuster, and, having started certain political investigations with the hope that something may turn up that may be of advantage to their party, they now take a long recess to permit important legislation to await their own good pleasure."

HAYS DECLINES TO RUN

Chairman of Republican National Committee Says He Will Remain on That Job.

BROOKVILLE, IND., August 1.—Will Hays, chairman of the Republican National Committee, will not be a candidate for the Republican nomination for Governor of Indiana.

He will continue to give his undivided attention to the national chairmanship. Mr. Hays, in a brief statement, announced his decision at the midsummer meeting of the Indiana Republican Editorial Association at Magnesia Springs, near here, today.

"I am very sensible of the privilege incident to the opportunity for service and distinction in honor in the governorship of Indiana," said Mr. Hays, in declining to make the race.

"But I cannot, however, further consider being a candidate."

MEXICO SEEKS COLONISTS WITH WHOLESOME IDEAS

Carranza Says Country Will Accept New Citizens on Certain Conditions.

(By Associated Press.)

MEXICO CITY, August 1.—Mexico will hold open the door to nationals of all countries who can show they possess wholesome ideas of citizenship and will not prove a disturbing element in the nation, President Carranza said today in an interview, during which the chief executive commented at length on various phases of Mexico's problems.

The President's statement of the government's attitude toward immigration was in response to an inquiry concerning declarations in the press of Mexico City that large numbers of colonists were leaving their European or Asiatic homes because of disrupted conditions due to the world war.

President Carranza gave assurances that Mexico would place no barriers against proper immigration and, in fact, would extend all possible aid to such prospective colonists. That such material aid is in contemplation is evidenced by the fact that the President recently appointed a commission to investigate all phases of the colonization problem.

CLASHES OCCUR BETWEEN CHINESE AND JAPANESE

Commander of Republic's Garrison at Shantung Capital Declines Martial Law.

(By Associated Press.)

HONOLULU, August 1.—Serious anti-Japanese disturbances are reported at Shantung, China, according to cable advice received here today from Tokyo by the Nippon Jiji, a Japanese daily newspaper. The cable added that the commander of the Chinese garrison had declared martial law.

The collision between Chinese and Japanese troops in Manchuria announced in an official statement yesterday, is regarded as significant in showing the extent of anti-Japanese feeling throughout China over the Shantung question. The situation is particularly tense in Manchuria, where news also has been received of a clash between Chinese and Japanese civilians near Moehang, in the Shantung Province, in which casualties occurred.

"They have passed the appropriation bills that were defeated at the last session by the filibuster, and, having started certain political investigations with the hope that something may turn up that may be of advantage to their party, they now take a long recess to permit important legislation to await their own good pleasure."
