Demonstration of Rengo Belt Corsets

All week we will make a specialty of the display of the Rengo Belt line of corsets.

Rengo Belt means the name of quality without excessive cost.

Rengo Belt corsets are designed scientifically, lending graceful, stylish lines to the figure without producing the slightest discomfort to the wearer.

Our expert corsetiere will be glad to advise you on the proper corset for you to wear. This is very important in corset fitting, as only the expert can secure the correct results or bring out the possibilities of the figure.

We mention three Rengo Belt numbers:

Number forty-nine—A long hip model, embroidered trimming, two heavy book fastenings and draw strings, fine German coulting covered, six supporters attached, price $3.50

Number sixty—A model for the medium figure, fine German coulting covered, six supporters attached, graduated steels, draw strings, embroidery trimmed, price $3.50

The Value of Our Registered Key Chain

A customer of ours who has a key chain while treading through the Luce estate.

Last week it was not used by a boy in Fort, Iowa, who had bought it as a street. His number seven to six, its owner, and his friend, was the same and the latter of his key chain was interested in his books.

This was a service we had sent our each nothing, but which he didn't understand. The service will be given to the customer who desires it.
