### Give Two New Comedies At Lyceum Next Week

Two new comedies with an excellent cast of principals and a strikingly handsome chorus will be the main features of Billy Watson's Oriental Burlesques, the next attraction at the Lyceum, commencing Saturday, August 3, and continuing for one week with daily matinees.

Mr. Watson has been fortunate in procuring such comedians as Leo Kendal and George W. Milton, J. Lee Allen as his straight man and George L. Dorsey, the sprightly Vida Spoto, as prima donna, Jolly Marie Baker, sourette, and the irresistible Jennie Delmar ingenue.

The burlesques offered are two laugh-provoking skits entitled, "Joy Line" and "Reilly's Reception."

All scenery and costumes are new. Numerous specialties will be offered and a chorus of sprightly girls will furnish an entertainment refreshing and novel.

### POTATO CROP FAILURE.

Alexandria, Ind.—An investigation of the early potato crop in this vicinity reveals an almost total failure in the crop this year. The foliage appears good, but despite surface indications there are no tubers beneath the soil. The summer drought is blamed for the failure.

## MOLDERS AVER PROFITEERING COSTS HEAVILY

**Demand Probe of High  
Living Expenses; May  
Buy in Co-operation.**

Profiteering in the sales of the necessities of life is responsible for the high cost of living in Washington, according to resolutions passed by the Local Molders' Union recently.

Recognizing that shortage of labor and foodstuffs is a factor, the union goes on record nevertheless with a statement in regard to profiteering.

The union is also of the opinion that Washington is the most expensive place in the country to live in. The cost of living has doubled during the last year, according to their experience, but production of foodstuffs and other necessities has not fallen off twenty per cent.

A thorough investigation of the high cost of living is demanded. The resolutions in full follow:

**The Resolutions.**  
"We, the members of local No. 215, International Molders' Union of North America, in meeting assembled, hereby present the following resolutions unanimously adopted at its meeting held Wednesday, July 10, 1918:

"Be it resolved, That we feel that the present high cost of living is not wholly due to shortage of labor and foodstuffs, but is due to a large extent to profiteering in the sales of the dire necessities of life.

"And whereas, We know that the prices of foodstuffs have more than doubled in the past twelve months, statistics show that production of foodstuffs and other necessities have not fallen off 20 per cent.

"And whereas, the cost of living in the District of Columbia has advanced

more rapidly and has far exceeded the cost of living in our neighboring cities.

"Be it resolved, That we favor a thorough investigation of the high cost of living that will enable the war workers as well as workers in general an opportunity to meet in person conditions on a more equal basis to all.

"Be it resolved, That a copy of the above stated resolutions be sent to the District of Columbia Food Administrator Wilson and also a copy be furnished to the press of Washington for publication.

"C. W. McCaffrey,  
"Geo. P. Delaney,  
"E. G. March,  
"Committee."

**May Co-operate.**  
The National Federation of Federal Employees regarding food and rent profiteering.

Prices from many stores were taken and question about room prices and such data were answered.

"We investigated the markets in the higher price portions of the city," said Mr. Quinn, director of the publicity of the National Federation, yesterday. "We obtained their whole sale and retail prices, and the only conclusion we could arrive at was that the retailers are at the mercy of the wholesalers."

"If the Food Administration has not sufficient power and if it is impossible to obtain more power for the Food Administration, we have definite plans for controlling the situation."

"We have already laid plans for an investigation of this field which is not to be confined to committees. If there is no relief to be gained and the only recourse is cooperative buying on the part of the National Federation, then this will become a reality."

### Indiana Has First Snake Bite Since Becoming Dry

Lawrenceburg, Ind.—Ira H. Dickey, 49, farmer, of Pittsford, was bitten by a small green snake while digging weeds in his tobacco patch. Dickey paid but little attention to it, but a few days later his leg began to swell, blood poisoning developed, and amputation may be necessary. This is the first snake bite recorded since Indiana became "dry."

## WASHINGTON GIVES SERBIA HONOR TODAY

**Ellipse Vespers at 5 P. M.  
Fourth Anniversary of  
War's Beginning.**

Serbia will be honored at the vespers service on the Ellipse this afternoon at 5 o'clock.

Four years ago today, July 28, 1914, Austria-Hungary declared war on Serbia.

It is a coincidence that the anniversaries of the beginnings of four wars for independence should fall on four Sundays during July. Three of these notable celebrations have taken place on the Ellipse within the shadow of Washington Monument, the fourth will be celebrated today.

Democracy Triumphant, the Fourth of July pageant principally displayed upon the Ellipse the first Sunday in July. The main celebration in the Capital of Bastille Day of France took place two weeks later on the Ellipse. Last Sunday the Independence day of Belgium was celebrated at the vesper services.

### Dr. Aldala to Speak.

This afternoon at the Serbian celebration, Dr. Aldala, of the Serbian Legation, will be the principal speaker. Dr. E. Keppel, Third Assistant Secretary of War, is to speak for the government of the United States, and William Major Lewis is to represent the National Committee of Patriotic Societies. The services are to be held under the auspices of the District of Columbia War Camp Community Service. Preceding and during the services the Marine Band will play. The singing is to be directed by Prof. Peter Dykema.

Many churches will undoubtedly respond today to the call of Secretary Lansing to observe Serbia's refusal to meet the demands made on her by Austria. Tribute was paid to the Serbians by Secretary Lansing in the following words:

**Lansing's Tribute.**  
"On Sunday, the 28th of the present month, will occur the fourth anniversary of the day when the gallant people of Serbia, rather than submit to the studied and ignoble exaction of a carefully prepared attack, were called upon by the war declaration of Austria-Hungary to defend their territory and their homes against an enemy bent upon their destruction. Nobly they responded.

"Though overwhelmed by superior forces, their love of freedom remains unabated."

In giving expression to sympathy for Serbia, Secretary Lansing urged the American people to forget "the kindred people of the great Slavic race who, now dominated and oppressed by alien races, yearn for independence and national unity."

### Potato Parings Canned For Winter Hog Feed
