

EVENING STAR.

All wanting such work done cannot do better than to apply directly at the counter of the *Star* office.

LOCAL INTELLIGENCE.

NATIONAL THEATRE.—This is the last night of Mr. Booth's engagement at the National, on which occasion he will personate the character of Sir Edward Maitimer, in Colman's thrilling play of "The Iron Chest." He also appears as "John Johnson Brownworth," in the side-splitting farce of "Little Tiddiekins." The night promises to be a beautiful one, and we trust our play-goers will turn out en masse to give this gifted young actor a bumper at parting.

On Monday night we have the immortal Joe Jefferson and the "Naked Queen," with new and magnificent scenery, elaborate and intricate machinery, and those "sixteen lovely girls" in beautiful armor.

CHARGE OF BASTARDY.—Yesterday morning, Patrick Madigan was charged on the oath of Selina Wall with being the father of an illegitimate female child born of her body. The case was laid before Justice Donn, and it was shown by the evidence that Selina Wall is a married woman; that the child was born after her marriage; and she was at the time of the birth of the child a resident of the State of Virginia, where she lived with her husband, and that the last Saturday, Justice Donn decided that the child being born in wedlock, the law presumed it to be legitimate, and it was not competent for the mother to testify to non-intercourse with her husband. He therefore dismissed the case.

THE FAIR.—The fair at Odd Fellows' Hall, under the auspices of the Ladies' Mite Society of Wesley (M. E.) Chapel is going on finely. Crowds are in attendance, among them being a large share of very beautiful young ladies, strangers who desire to get a good idea of Washington folks and do better than to attend. We have heard hardly the same in attendance to Washingtonians; as, we presume, nearly all of them have already attended or have made arrangements to do so. A fine band of music enlivens the gay throng each evening.

ARTIFICIAL TEETH.—We would call attention to Dr. Loomis's advertisement in another column. We have examined specimens of the Doctor's improved sets of artificial teeth. Their peculiar construction renders them a very agreeable thing to wear, and their close imitation of nature is such as to defy detection. It is really surprising to see what progress has been made within the last ten years in this profession; and nearly all the improvements emanate from this country. The Doctor's invention and work have grown into general favor wherever so far introduced, we know.

A THANKSGIVING PRESENT.—On Thanksgiving day the Columbia Fire Company presented to their lady patroness a card of thanks for her increasing kindness and unbounded liberality to the cause of the poor. The card is executed in Richardson's best style of ornamental penmanship, and is surrounded by a costly frame made by Wagner. The presentation took place at the dwelling of the lady, who responded in eloquent terms to the Company's committee and handsomely entertained them. At night, she received a grand serenade from Esquith's fine band.

GONE TO THE FARM.—Having lost sight of the indefatigable "cake woman" for some weeks past in her wonted rounds, (every one will remember her some years ago, and the pertinacity with which she sought for the Avenue promenade of all degrees with the invitation to buy a cake "nice and cheap.") we made inquiries of the police as to her whereabouts, and learn that the poor creature is paying the penalty for street drunkenness at the workhouse.

ATTEMPT TO KILL.—On Thursday evening, about 8 o'clock, Mr. John Connor, a young man who resides in the First Ward, was shot when near the corner of 10th and I streets on his way home, by some person to him unknown. Our informant says that the ball entered his arm near the elbow and passed out near the shoulder. The cause of this attack upon Mr. Connor is hard to imagine, as he is said to be a remarkably quiet and inoffensive man.

CENTRE MARKET.—The principal market was crowded this morning, although the weather yesterday promised to be very unfavorable. The prices were about the same as last week. Country pork continues to arrive and sell readily at \$5 per 100 lbs. The side of the Avenue was very muddy and unpleasant this morning, and the citizens were not slow in expressing their wishes that a good pavement might be laid there as soon as possible.

CIRCUIT COURT.—The Circuit Court is still engaged with the trial of the case of Crump vs. Clark, a suit growing out of a charge made against Crump by Clark, and which after investigation before a magistrate was dismissed. The plaintiff sued on the ground of malicious prosecution, and laid his damages at \$10,000. The trial commenced on Wednesday, Messrs. Carrington and Davidge appearing for the plaintiff, and Messrs. Morgan and Stone for defense.

CHARGE OF LARCENY.—Yesterday, James O'Leary, Thomas Muntz, and Mich. Sullivan were arrested by Officer King on a charge of tearing up a pavement and carrying away the bricks belonging to Francis O'Callaghan. The parties were taken before Justice Waller who committed Gleeson and Sullivan to jail in default of security for court. Muntz gave bail in the sum of \$200.

ANOTHER AND STILL MORE VIOLENT 50-cent slipper pattern. "The American Shield" Godley's Lady's Book for December contains the above splendid engraving. "The Separation of the Apple" and a fine figure colored fashion plate expressly for the ladies. Price of this number only 25 cents. For sale at Shillington's great book and magazine establishment.

SIXTH DISTRICT POLICE.—The officers reported the following cases this morning to the Chief of Police: James Polley, resisting an officer in the discharge of his duty; security for court. James Charles, assault and battery on John Collins; dismissed. Eugene Segman, assault; security for peace. Joshua Gibson and Lewis Browning, fighting; do.

TREASURY.—For some time past has been atrocious in quality and diminished in quantity. What is the matter, Messieurs of the company? Last night, when there were three lamps unit, and how many other squares we cannot say, but know that the amount of gas-light dispensed generally was woefully scant.

THE COMMENCEMENT OF A NEW VOLUME. affords a favorable occasion for the opening of new subscription to a magazine. The December number of Harper's Magazine, sent us by Mr. Shillington, commences a new volume, and it is without any question the most interesting of all publications.

HORSE AND BUGGY OUT.—One of our citizens having some business to attend to last night at a meeting room near Sixth street and Avenue, tied his horse to a post and went in. He remained longer than he expected, and on coming out the horse and buggy were missing. He was searching for them at a late hour last night, but had not heard tidings of them.

POSTPONEMENT OF THE DEMOCRATIC CELEBRATION.—By the notice in another column it will be seen that the Democratic celebration has been postponed until Thursday evening next week, in order, we presume, to give additional completeness to the demonstration.

It is estimated that there are 700,000 pianos in the United States at the present time. "J. K. H." who has been to an evening party of two lately, asserts that of these, 150,000 at least are in use in this city.

WATCH RETURNS.—The only case for trial at the central guard house last night was Margaret Conly, drunk in the street; brought in by a citizen, and dismissed this morning by Justice Morrell.

Postponement of the Democratic Celebration.

Notice is hereby given that the Democratic celebration announced for Tuesday the 25th, is postponed until Thursday following, the 27th.

WILLIAM SELDEN,
Chief Marshal.

Procession in Honor of Messrs. Buchanan and Breckinridge

On Thursday, the 27th inst., at 10 o'clock, a. m., the citizens of this District and of the vicinage, friendly to Messrs. Buchanan and Breckinridge, as President and Vice President of the United States, are respectfully invited to assemble in front of the City Hall here.

On the 28th inst., the morning a national salute will be fired. The procession will be then forthwith formed, and proceed in the following order, to wit: It will move down Louisiana avenue to Pennsylvania avenue; along Pennsylvania avenue to Georgetown; there, up Bridge street to High street; up High street to First street; up First to Fayette; up Fayette to Second; and from thence will return by Bridge street to Washington city; thence along Pennsylvania avenue to New York avenue; thence down New York avenue to Fifteenth street; thence down Fifteenth street to Pennsylvania avenue; thence along Pennsylvania avenue to Fourteenth street; thence down Fourteenth street to Maryland avenue; thence along Maryland avenue to the Capitol, passing on the south side of the Capitol, by Pennsylvania avenue, to the Navy Yard; and thence by Pennsylvania avenue back to the City Hall.

On the return to the City Hall an oration will be there delivered by Walter Lenox, Esq.; after which a national salute will be fired.

At night, between 7 and 9 o'clock, citizens, who may be willing, are invited to illuminate their dwellings.

The following gentlemen are appointed assistant marshals, to wit: Robert Ould, of Georgetown, Capt. Henry B. Tyler, Col. J. G. Barrett, Wm. D. Nutt, John Tyler, Jr., Dr. Wm. Jones, Major G. Lindsay, George W. Phillips, Charles Wallach, Daniel Kalcifich, Col. A. Provost, Charles S. Jones, Dr. A. W. Miller, W. F. Bayly, Maj. S. L. Lewis, T. R. Robinson, P. F. Wilson, C. G. Wagner, W. R. Woodley, Merritt Jordan, Dr. J. B. Blake, Geo. McNeir, W. B. Cross, A. A. Kimmell, Maj. J. A. Barker, Dr. A. Y. P. Garnett, Capt. P. J. Key, and John T. Bradley.

The Marshal-in-Chief will be designated by an orange-colored scarf, and the assistant marshals by pink-colored scarfs.

The marshals who shall have been chosen by the various clubs within the District will please report themselves to the chief marshal at their earliest convenience.

The assistant marshals are requested to meet at the City Hall at 9 o'clock a. m., on Tuesday next.

WM. SKIDEN, Chief Marshal.

WASHINGTON, Nov. 21, 1856.

In consequence of the disbanding of most of the State Clubs within the District, the Chief Marshal is prevented from inviting an appointment from them of an assistant marshal to represent each State, and as it is very desirable that the citizens of each of the States residing in this city should participate in the celebration to take place on Tuesday next, the following gentlemen have been appointed to act as assistant marshals on that occasion, with a request that they will extend an invitation to the citizens of their respective States residing in this city, and to any who may be visiting it, to join in the procession with suitable banners. The States not yet represented by an appointment, will be thus honored as soon as the gentlemen who desire to act shall be named to the Chief Marshal or either of the assistants already named:

W. H. Codman, Me.; K. F. Page, N. H.; R. J. Ruger, N. Y.; A. J. Glosbrenner, Pa.; H. E. Bateman, Md.; Col. W. H. Jones, Del.; L. Peyton, Va.; J. B. Holderby, N. C.; S. G. Jamison, S. C.; T. Sturgis, Ga.; D. R. Lindy, Ala.; John Humeau, Ky.; H. A. Cooke, Mo.; N. C. Rickett, N. E. Wales, Mich.; T. H. Maddox, La.; R. J. Atkinson, Ohio; J. G. Long, Ill.; Dr. S. O. Hunter, Ky.; J. K. P. Campbell, Tenn.; Dan. Radebaugh, Ind.; R. J. Lackey, Mo. By order:

C. G. WAGNER, WM. SELDEN,
Assistant Marshals. Chief Marshal.

GEORGETOWN CORRESPONDENCE.

GEORGETOWN, Nov. 22.

We regret exceedingly to learn that Mr. Morris Howes, millwright at the flouring mills of Boyce, Taylor & Co., happened to an accident yesterday by which he was very seriously injured. It appears that he was engaged in oiling the machinery of the mill, when the wheel, which was in use at the time broke, precipitating him down into the pit among some of the timbers. He sustained considerable injury about the small of the back and side, both internally and externally. He was removed to his home, where he received the benefit of medical skill. We learn that his condition this morning is as comfortable as could be expected.

Owing to the very inclement state of the weather last night but few of our city fathers turned out. Consequently there was not a quorum of either Board of the Corporation in attendance.

We learn from Mr. White, chairman of the streets committee, that an appropriation has been made for the repair of Green street, to which we called attention a few days since, but through some oversight the name of Washington street was inserted in the bill instead of Green. The difficulty will be remedied at the next meeting of the committee.

Mr. Nathan Jackson, sexton at the Dumbarton street Methodist church, has now served the congregation faithfully in that capacity fifty two years without intermission.

Business upon our canal during the week has been very brisk. The entire line is in excellent order, and every thing connected with its operations is moving on finely. During the week 75 boats have arrived; 47 of these from Cumberland, bringing about 5,200 tons of coal; 12 from other points with flour and grain, and the remaining 15 with wood, brick, lime, stone, &c. The receipts for tolls, at the Georgetown office, for the same period amounts to about \$3,300.

During the week ending to day, the Swanton Coal and Iron Company has shipped 655 tons of coal, as follows: Scher. Henry Finch, for New York, 375 tons; Scher. Harriet Matilda, for same place, 250 tons.

Our city is generally well pleased to learn that Rev. H. A. Cooke, pastor of the Bridge street Presbyterian church, will preach to that congregation to-morrow morning at 11 o'clock, and again in the afternoon at 3 o'clock.

The offerings of beef cattle at Drovers' Rest, yesterday, amounted to 700 head, of which District butchers took 200 head at \$3.54 1/2 on the hoof, equal to \$6.85 25 net. The remaining 400 were driven on to Baltimore.

But little if any change is visible in the market for our report of yesterday. Flour is still nominal at \$5.75 50 and \$5.87 50, and at \$1.40 51 42 for red and \$1.25 51 47 for white.
