The following appointments were made to supply vacancies occasioned by the declination of Mr. Brown, to serve on certain committees, viz: On committee on claims, Mr. Clephane;

unfinished business, Mr. Sargent; on canals, Mr. Lewis; and on health, Mr. Lewis. The following were read and appropriately referred: Petition of Thomas Blagden for the improvement of Second street east, from Virginia avenue to the canal; of M. Maloney and others, relative to the flag footing and gutters on B street north; of Wm. R. B. Stoughton.

Alderman Clephane, on the part of the committee of arrangements for the celebration of the coming Fourth of July, tendered an invitation to the board to participate, which was accepted, and the board adjourned.

Common Council .- A communication was received from the Mayor, announcing his approval of acts to purchase a flag for the City Hall, and to reset the curb-stone on I street, between Ninth and Tenth streets.

The Chair appointed the committee on the contingent fund, as follows: Messrs. Lloyd, M. Larner, and Ferguson.

The following were read and referred: Bill requiring that lime shall hereafter be sold by weight-two hundred pounds to the barrel, in default of a fine of \$5; supplementary to the act for the removal of offal; petition of W. Flenner and others against the erection of a livery stable on I street with skeleton bill; memorial of D. D. Foley, for compensation for improvements on the river, near Seventh

Mr. Shepherd offered the following, and asked that it be put on its passage: Whereas, the present charter of the city of Washington limits the powers of the corporation thereof to such an extent as to render the carrying out of certain improvements necessary to the city's welfare impossible:

And whereas the inauguration of many of such improvements have become compara. tively necessary by reason of the rapid increase of its population, as well as a proper regard for the development of the national resources. of this metropolis, and with a view to the procurement of a charter with larger powers and greater authority: Therefore be it Resolved, That a special committee, consist-

ing of three members from each Board, (to be selected by the respective Presidents thereof, with the Mayor, be, and are hereby appointed to examine and revise the present charter of this city, and report to these Boards such amendments or alterations as in their judg. ment may be required, or such new draft of a charter as they may agree on. Such report to be made to the Councils on or before the meeting in November next for their consideration, in order that such amendments or charter may be presented to Congress at the commencement of the next session, that their assent thereto may be obtained.

Mr. M. Larner objected. Mr. Shepherd advocated his resolutions, stating that the powers of the Corporation were so limited that necessary improvements could not be made. The Corporation needed the power to provide for the sewerage of the city; river improvements were needed; a house of refuge was wanted, and the asylum was full; that oftentimes paupers are sent away because there is no accommodation. This city had been called a city of mud and dust, and would remain so until something was done towards paving the streets. He had no disposition to press the matter, and moved that the resolu-

tion lie over one week; carried. mr. Shepherd also introduced the following; which, after some debate, was referred to a special committee, consisting of Messrs. Shep-

herd, C. Wilson and Follansbee: Whereas the present digest of the laws of the Corporation has become, by reason of the numerous enactments and amendments, incorrect and faulty; and whereas it is essentially necessary that said laws should be put in such form and so arranged as to be easily understood : Therefore,

Be it resolved, That the Mayor and one member of the Board of Aldermen and one member of the Board of Common Council be appointed a committee to revise and codify the laws of this Corporation, and prepare a proper digest of the same, and said committee are hereby empowered to procure such aid as they may require in the performance of the work.

Mr. N. D. Larner introduced a bill to lay a gutter on Seventh and T streets north, appropriating \$200 for the purpose; passed. Mr. M. Larner introduced a bill authorizing the publication of the proceedings of the two

boards in the National Intelligencer, together with the ordinances of the Corporation, the whole to be paid for at \$10 per column. The bill was debated at some length, and

postponed for one week. The following were passed: Resolution requesting the Sarveyor to furnish an estimate for the grading of Massachusetts avenue between Thirteenth and Fourteenth streets; reso-Iution authorizing the committee on the contingent find to furaish settees, seats, &c., for the use of the Board; requesting the President of the Board to fill vacancies on select com-mittee charged with the improvement of the

to improve alleys in squares 398, 400, 424; to repair alley in square 515; to repair alley in square 317; to repair alley in square 377; resolution calling on the Surveyor for estimate of grading and gravelling Third street east, from L street south to Pennsylvania avenue; reso-Intion instructing the committee on police to inquire into the expediency of reporting a bill to prevent boys from jumping on or off the street cars; resolution instructing the committee on wharves to inquire into the expediency of appointing a harbor master to regulate vessels; bill to improve N street from Fifth to Seventh street; to set curbstone and lay a footway on L street south, between Seventh and Ninth streets east; for the relief of G. Eslin: relating to the pay of assessors; lay water main ou Twelfth street from I street to Massachusetts avenue, and along L street to Eleventh; for cleaning and whitewashing the Western Market; resolution for the continuance of the special committee on the Mayor's communication of January 12, 1863, in reference to the contract Mr. N. D. Larner introduced bill to lay a

water main on H street, from Third to Fifth streets west. Mr. C. Wilson moved to amend by striking out "Fifth" and insert Sixth street. Mr. Shepherd moved to insert "and so much

further as he may deem necessary to give a sufficient flew of water." The bill as amended was passed. The chair announced Messrs. Shepherd, Ruff and H. C. Wilson as the committee on the gas light contract, and Mr Barr on the improve-

ment of the canal. The chair stated that he had been requested to invite the members of the Board to assemble at the City Hall on the morning of the 4th of July, to join in the celebration of that day. Adjourned.

THE CASE OF WILEY PS. BROWN .- The trial of the issues from the Orphaus' Court in relation to the estate of the late Tilletson F. Brown was commenced in the Circuit Court before

Judge Cartter yesterday.

Mr. Smith, on opening the case, addressed in substance the jury as follows: You have been empanneled to try an issue sent to this court by the Orphans' Court, District of Columbia, to enable that court to make distribution of the assets in the hands of the administratrix of the estate of Tilletson F. Brown deceased.

The parties to this issue are John Wiley and Emily F., his wife, who claim that the said Emily is the daughter of the said Tilletson F. Brown, on the one side, and on the other, Marshall Brown, the brother of Tilletson F. Brown, and Jesse B. Haw, a nephew of T. F. Brown, who together claim to be entitled to a distributive share of this estate, as the next of kin to the deceased. Jesse B. Haw having died since his answer was put in, without leaving issue, is not now a party to this proceedings; and George B. Prentice, another nephew, has filed no answer, and takes no part in this issue.

Tilletson F. Brown died in this city on the 29th of December, 1861, and on the 11th of January, 1862, letters of administration were granted to his widow, Elizabeth Brown, who gave security, administered upon the effects of the estate, and has made a final settlement of her accounts as administratrix, showing a balance in her hands for distribution.

The parties to this suit claim to be entitled to respective portions of this balance under the intestate laws of this District. Mrs. Wiley, as the child and heir, and the other parties as the next of kin of the said deceased, and in order to enable the Orphans' Court to make a proper distribution of the fund, this issue has been certified to this court, and you have been sworn to decide it.

Upon the application of the Orphans' Court, in behalf of Mrs. Wiley, and the answers of Marshal Brown and Jesse B. Haw, issues were framed and certified to this court, and the questions submitted for adjudication are: 1st. Whether the petitioner, Emily J. Wiley, is the child of Tilletson F. Brown, deceased.

2d. Whether the said Tilletson F. Brown was ever married to the mother of the said Emily J. Wiley. 3d. Whether the said Tilletson F. Brown ever

acknowledged the said Emily to be his child. Mr. Brent .- I, representing Mrs. Wiley, contend for the affirmative of these issues, and we propose to show to the court and jury by the most competent and satisfactory evidence that Mrs. Wiley is the child of T. F. Brown; that Mrs. Elizabeth Brown, the mother of Mrs. Wiley, was the wife of the said T. F. Brown, between whom a contract of marriage existed prior to the birth of the said child, though the formal celebration of the marriage was subsequently to the said birth; that T. F. Brown, both before and after the formalities of this subsequent marriage, declared that the said Emily F. Wiley was his child, and that under the law, as applicable to this case, she is his legitimate child.

The facts of this case as they will appear in evidence, are these: Tilletson F. Brown, who was the eldest son of the late Jesse Brown, the original proprietor of Brown's Hotel in this city, in early life became acquainted with Elizabeth Phillips, and the intimacy resulted in a reciprocal attachment, and would soon have been followed by a formal public marrisge of the parties but for the opposition to it on the part of the father and family of Mr. Brown, and the fear that the father would disinherit him if he ventured so far to disregard his wishes as to consummate a marriage with Miss Phillips.

The attachment was ardent and sincere, and so strong that the parties, as they undoubtedly had a right to do, agreed to assume the relation of husband and wife, by a mutual contractentered into between them, prior to cohabitation as such, and they determined to live together privately as man and wife, and wait for an auspicious time to announce their union to the world, when it could be done without incurring the parental displeasure or the penalties of disinheritance. In pursuance of this contract of marriage they cohabited together as husband and wife, and in due course of time, as the natural consequence of that cohabitation, a child was born on the 31st March, 1835. We shall show you by the testimony of the physician who officiated at the accouchment, that that child is now the plaintiff in this issue,

Emily F. Wiley The child was always regarded by him as his daughter, and from her birth was known by his name. She was sent to school by him, and all her expenses of boarding and tuition paid by him. After she became the mother of a family, her children were recognized by him as his grand-children. In his conversations with his friends in regard to the disposition of his estate in the event of his death, he declared his determination to leave what he had to his

wife and child. Mr. and Mrs. Brown having lived together privately several years as husband and wife, did not deem it essential to go through the forms of a marriage. The law on the subject is as follows:

"And be it enacted, that if any man shall have one or more children by any woman whom he shall afterwards marry, such child or children, if acknowledged by the man, shall in virtue of such marriage and acknowledgement be hereby legitimated and capable in law to inherit and transmit inheritance as if born in

wedlock." Mr. Smith afteressed the jury at considerable length, after which a number of witnesses were

examined. Dr. Condict testified to the birth of the child in 1635, and to his being called on to attend Mrs. Brown. (A written statement signed by Dr. U. was handed to the witness for examination.) Witness continued: The body of the certificate is in my handwriting; the paper is dated April 24, 1849; Mrs. Brown employed me to attend her; my first visit was in the latter part of 1834. (The signature of T. F. Brown is ilso upon the certificate, and was admitted by Mr. Bradley.) Witness continued: Had frequently seen Mr. Brown; recoilect that Emily went by the name of Brown; Mr. Brown always called her Emily; recollect on one oc-

casion he was anxious to send her to school he called her Emily. Mr. Brent, for the plaintiff, said that the paper was offered as evidence on two grounds: First-the identity of the child; we are entitled to prove the birth of the child and the identityit is a question of the legitimacy of the child. Judge Cartter decided that the paper could not be used as evidence, as long as the witnesses lived, and was not to go to the jury as proof of its contents. (The paper was read by Mr. Brent, and is a statement that the child is

the child of Mrs. Brown. It is signed by T. F. Brown and Dr. Condict.) Mr. Dungleson testified: Knew Mr. Brown: thinks it was in 1860 Mr. B. was notified by the officers of one of the banks that his note was due. (Note produced and examined by wit-

ness.) When he paid the money he requested that the lease should be changed and made in the name of his daughter, Mrs. Emily Wiley. (Lease produced and examined by witness.) This is the lease. Cross-examined by Mr. Davidge: The lease

was originally made out in the name of Tilletson F. Brown, and at his request it was altered to Mrs. Emily Wiley.

Miss Bell testified: Reside in Boxborough,

Pennsylvania; have resided in Newark, Delaware; my father and brother kept a school in that place; knows Mrs. Wiley; her father, Mr. T. Brown, brought her to school and entered her as his daughter; she passed by the name of Emily F. Brown; have seen correspondence between them, (Letters produced and examined by witness.) Think I recollect when the letter came; recollect it from a note to it signed T. F. Brown; should recognize the body of the letter as Mrs. Brown's writing; Mr. B came there a number of times, and Mrs. B. also: think Mrs. Wiley was there from 1841 to 1845; knew her handwriting. (Letters produced and examined by witness.) Recognize these as her handwriting when she was at school; Mr. Brown paid all the bills himself.

Cross-examined by Mr. Bradley: My im pression is that Emily came to the school in 1841; she and I were a great deal together, think I saw all the letters before she sent them. canal; authorizing the committee on markets to inquire into the expediency of purchasing a horse and lart for use at Center Market; bills Mr. T. F. Brown. (Name in a prayer book

produced and examined by witness.) Do not recollect ever to have seen any written as small as this; from the character think it is Mr. B.'s writing. (Two other signatures shown to witness.) Have no doubt of one of these; have more doubt about the other, which is on the

certificate of Dr. Condict. Mr. Cartlich testified: Knew Mr. Brown in the year 1849; in speaking of Mrs. Wiley he always spoke of her as his daughter; met Mr. and Mrs. Brown in Cleveland; he invited me to come and live with him and his daughter, Emily; he also called on me in Philadelphia with his daughter Emily and his grandchild; have stayed in Mr. Brown's house four or five days; Emily passed by the name of Miss Emily Brown up to the time of her marriage; Mr. Brown said John Wiley had asked for his daughter, and he supposed he might as well let him have her, or they would run away. Cross-examined by Mr. Bradley: Have lived with Mrs. Brown about six weeks; when I saw Mr. Brown in Cleveland Emily was mar-

Mr. Cook testified.—Have known Mr. Brown since 1840; have neard him say that Emily F. Wiley was his daughter; in the fall of 1860, I had asked him who a lady was that was with him, he laughed at me and said she is the mother of five children; I asked who she was, and he said my daughter; said he meant his own daughter; had never heard of his marriage nor of his having a daughter, and expressed my surprise; in this way the explanation

came up. Cross-examined by Mr. Bradley.—Became acquainted with Mr. Brown in 1840; the only conversation I had with him touching the paternity of the child was at the time referred to; have had no offers made me in this suit; have not been paid for settling up the estate; I think I recommended this suit to be brought; have said to Mrs. Brown and Mrs. Wiley that I thought they would gain the case; have not employed counsel, but recommended Messrs. Brent and Smith as lawyers, to Mrs. Brown; have had a great deal to do in the case; Mrs. Brown and Mrs. Wiley have had but very little to do with the case; never heard Mrs Wiley reproach Mrs. Brown for having signed certain papers that might affect her claim in the case; never saw Mrs. Brown until after the death of Mr. Brown.

The case was suspended at this point, Mr. J. H. Bradley being unable from illness to proceed further in the cross-examination until this morning.

FIRE.-About one o'clock this morning, the school house on H street, near Fourteenth, known as Cook's School, and owned by Mrs. Tanner, colored, was destroyed by fire. The building was very old, and has been used for some years by a colored school. There is no doubt but that it was an incendiary act. The firemen were early on the ground, and succeeded in preventing the spread of the flames to the adjacent property; indeed the house in which the fire originated was not entirely destroyed.

THE JUNIOR FOREIGN MISSIONARY SOCIETY connected with the Rev. Dr. Smith's church will celebrate its twenty-sixty anniversary at the church this evening. Music, recitations and addresses will in part constitute the exercises of the evening; but the feature of the evening will be the representation of "the Union" by thirty-five young ladies, each lady representing one State. The entertainment promises to be a most delightful one.

STRANGE BUT TRUE .- War, disease and famine are considered the most powerful emissaries of death. There are others, more destructive than the three united. We allude to the deadly poisons sold as rum, gin, brandy, whiskey, wine, &c. A glance at our criminal calendars, police reports and medical statistics proves this. In the State of Maine, the headquarters of the temperance movement, there is no restriction on the sale of Speer's Sambuci Wine-a flattering testimonial of its worth and purity. In our opinion its sale should be encouraged in every section of the country, not merely for its non-intexicating properties, but for its rare and valuable medicinal virtues, approved by eminent members of the faculty, in Europe and America.
