Dr. von MOSCHZISKER has now been long enough in Washington and ac-complished sufficient in his profession to feel that further commend of his skill or success is unneces-sary. Dr. von MOSCHZISKER feels some personal gratification in the fact that the list of his patients, past and present, contains the names of more men of distinction, of all sections of the country, than probably that of any other PHY-SICIAN OR SPECIALIST in the United States. Their ORIGINAL LETTERS TO HIM can be extended at his office by those interested. amined at his office by those interested.

FROM SENATOR VOORHEES. I thank you very sincerely for the relief I received from your treatment of my hearing, which has been seriously impaired, the result of an excessively severe cold.

D. W. VOORHEES. RESTORATION OF HEARING.

Dr. von Moschzisker's treatment in my case—cstarrh and deafness—proved a perfect success. I think it but a just tribute to him to make it known to all who need his medical services that I have the utmost confidence in his professional abilities.

THOMAS SOMERVILLE,

Macon, Ga., Mar. 31, 1879.—From having been intimate for a number of years with the proprietors of Swift's Syphilitic Specific, I have known much of its manufacture and its use. There are men in the community—well-known citizens—who were victums in early life to Syphilis, and who have taken the S. S. medicine, and who are now, to all appearances, and in their own belief, as free from taint of disease as the first man, fresh from the hands of his Maker. Delicacy forbids their public recommendations of this medicine, but I am allowed to refer the sceptic privately to those who will endorse everything that can be said in its favor. Being much opposed to recommending secret remedies, it is with hesitation that I attach my name to this article; but I know whereof I speak when I say that our science has not yet made public a com-Macon, Ga., Mar. 31, 1879.-From having been say that our science has not yet made public a combination equal to this for the purpose indicated.

A WOMAN IMPRISONED IN A CELLAR.-Etta Wood, aged 20, was yesterday taken from the cellar of a boarding house in Lawrence, Mass., where she stated she had been cruelly confined for some time, without proper clothing, by a Mrs. Kennon, and that she had been terribly beaten and ill-used. CREMATION IN GAS WORKS PROPOSED. -A Newark man proposes that the Newark gas works, in which hundreds of tons of coal are consemed every week, be converted into a crematory. He claims that the furnaces and the iron cradles used for running coal into the re torts at the gas works are peculiarly adapted for consuming bodies and preserving the ashes. Besides, on the theory that a human body will yield, in burning, 350 feet of gas, it would enable the gas company to incinerate without charge. This, he claims, would do away with the ex-
