More About the Alleged Hannted House. Now Is THE TIME I desire to add my testimony to Mr. Donaho's, published in THE STAR of the 18th instant, in regard to the much slandered "Gleneivin Mansion," on New Jersey avenue. Such foolish "bugbear hallucinations" and "hob goblin" spiritualistic ghost stories are more befitting the dark ages, but nevertheless appeared to be believed by many weak-minded and super-stitious people, and have had a tendency to di-minish the market value of this beautiful property and injure its worthy owners. I also occupied said premises with my family one season, "and never saw, heard or dreamed of the ghost of a ghost" while there.

The Millers have not only the most perfect Mili, containing as it does all the most improved Machinery invented up to the present time, but they produce a Flour Unsurrassed by any mill in the world. To prove that, we would simply state that a large quantity of this magnificent Flour is shipped annually to hurope and eaten at the principal Courts of the old world. We Guarrante that it is made from selected hard wheat grown in Minnesota and Dakota. It is an acknowledged fact, that in this Floura perfect separation of the glutinous particles of the wheat berry and a thorough elimination of all weak and starchy matter has at last been reached, and is consequently more Nutratious, yielding more bread to the barred than any other Flour. The best trade admits that from its bread making qualities it is the cheapest, as well as the best, for either family or baker's use, and unsurpassed by any Flour made. Every sack and every barrel is warranted to give entire satisfaction.
