PHONE BATES.

Company Bows to Public Demand and Anniversity of Potomac Lodge, I. O. Gives Much Needed Relief-Driven to Position.

Telephone rates in New York are to e reduced from what is now said to be an exorbitant schedule of rates. For some time citizens of Manhattan have raved against the high charge for telephone service, and as a result of the pub-He outery against what has been termed literally extortion, an affliction from the same cause with which Washingtonians are now suffering, the official announcement of a reduction effective May 1 was announced last night by Union N. Bethell, first vice president and general manager of the New York Telephone Company. All direct line business subscribers of the company will be charged the new schedule of rates, re-gardless of the rates named in the con-tract now existing between the sub-

tract now existing between the subscribers and the company.

This action was determined upon yesterday at a meeting of the board of
directors of the company, who, smarting
under the persistent demands made by
the public, have not only reduced the
schedule of rates on limited calls, but
have revised other schedules to go into
effect three months hence.

This latter revision refers to the
schedule of toll rates between the several telephone districts in New York eral telephone districts in New York city. The change in these rates, as determined upon yesterday, will take effect "at the first of the month following the next issue of the telephone directory." The directory is issued quarterly, the one now in use being dated January 1.

Victory is Won.

This is a victory won after a battle began ten weeks ago and carried on in the face of the power of the New York Telephone Company, that wielded its power so that it apparently had sympathizers in legislative halls and moral support in some business quarters.

When legislative assistance through an investigation of the New York Telephone Company's financial affairs and its methods was demanded every influence that could be exerted by the company was brought to bear, both on the legislature and certain merchants to prevent it, but the possibil-ity of such an investigation is not yet beyond hope.
In the meanwhile the telephone company

has been driven from the position it has maintained for a score of years—that of a monopolistic dictator, which would not feel the force of public sentiment, and give those dependent upon it fair and equitable That its position has been untenable is

easily seen when now, on the verge of a hearing on Senator Keenan's bill to compel the company to reduce its schedule of rates throughout every borough, it is forced to officially acknowledge that it has been overcharging its customers for the service

To Commence May 1.

Mr. Bethell anounces that on May 1 the rates for direct line business will be reduced on the basis of twenty per cent to small subscribers and about ten per cent to larger subscribers. In other words, a customer who now pays \$75 for six hundred messages will obtain the same service for \$60, a saving of \$15. The subscriber who pays \$228 now for four thousand five hundred calls will pay \$204, a reduction of \$24,

or about ten per cent.

The reductions are supposedly made on the basis that the New York Telephone Company is willing to reduce its net earnings so that the latter will be ten per cent on the capital actually invested, instead of the fourteen per cent it earned last year.

Lecture by Dr. E. S. Drown Epiphany Church.

Rev. Dr. Edward S. Drown, professor of systematic divinity at the Episcopal Theological School, Cambridge, Mass., delivered a lecture before the Churchmen's League of this city last evening in the Church of the Epiphany on "Christian Education," in which he said that the Sunday school is the place to teach the children religion.

"The Sunday school," he said, "is the strategic point in the present situation. It ought to be taken by the church, as by the country at large, with profound seriousness, but that it is not so taken there can be no doubt. The last two years has shown a growth in the importance put upon the Sunday school and an improvement in its methods, but there is much left to be possessed. The first thing necessary is a deep sense that the efficient Sunday school is needed. The churches get what they want if they want it badly enough. If our laymen really want the religious education of their children and take that want to tachment from the academy. Lieutenant Brittain has been ordered to the battleship heart they will get it, and one of the signs of their wanting it will be their

willingness to pay for it.

"Public school property in New York
City is valued at \$80,000,000, which shows how much the people want a good edu-cation for their children. When the churches really want good religious edu-cation they will be willing to pay something for it; and they will get it, not simply because they pay for it, but because the payment proves the seriousness of their demand.

"The crying needs are text-books and teachers. Our Sunday school text-books are deathly dull. Nothing is more needed than the putting of good scholarship and good teaching ability into the text-books for the Sunday school. Requirements for the teacher of sacred things ought to be at least as high as those for the teacher of arithmetic or geography, whereas the one qualification has been the willingness to teach. We need not fear that the rela-tion shall become a mercenary one unless we believe it is mercenary for a minister or any other man to receive a sal-ary, or unless there is something wrong in every relation where money plays a

SUPERINTENDENTS DINE

Annual Affair at Foundry M. E. Church Last Night.

The sixth annual dinner and reunion of the Sunday school superintendents of the District of Columbia was held last evening at Foundry Methodist Episcopal Church, 16th and Madison streets, under the auspices of the executive committee of the Sunday School Association. A musical program preceded the dinner in the parlors of the church. Rev. James E. Gilbert, D.D., general secretary of the Society for Religious Education, made the principal address. Dr. Charles W. S. Landstreet, Accotink; J. D. Mays, Berryvile; W. F. Miller, Herndon; G. W. Stallings, Hillsboro; E. B. Catlin, Manassas; A. J. Porter, Phoebus, and W. A. Lyttle, Waterford.

Anniversary of Potomac Lodge.

Potomac Lodge, No. 38, Independent Orler of Odd Fellows, will celebrate its sixtysixth anniversary next Friday evening at 8 'clock in Odd Fellows' Hall on North Columbus street. This lodge was organized March 19, 1839, under the jurisdiction of the Grand Lodge of the District of Columbia. In 1846 it was transferred to the Grand Lodge of Virginia. The membership of Potomac Lodge now numbers about 155.

The following officers of Alexandria Canton, No. 1, Independent Order of Odd Fellows, will be installed April 6: W. L. Martin, captain; Charles E. Hawkins, lieutenant; W. E. Latham, clerk, and M. Spiro, treasurer. The coremonies instituting the treasurer. The ceremonies instituting the Alexandria canton will be conducted by ofcers of the fraternity from Washington. t will start with about thirty members.

General Matters.

The inspection of the Alexandria Light Infantry under the United States army regulations took place last evening in Armory hall. Col. Charles A. Dempsey, U. S. A., who is assigned for duty with the Virginia militia, conducted the review. The company was under the command of Capt. P. J. Murphy and Lieut. Windsor Demaine. The showing made was highly gratifying. At the annual meeting of the stockhold-ers of the Jackson-Phillips Brick Company held in the Hotel Rammel in this city yes-terday the following directors were elected for the ensuing year: W. H. Jackson, W. P. Jackson, G. H. Zellers, Malcolm Hufty, Hugh J. Phillips, I. C. Cockey and Law-

Hugh J. Phillips, I. C. Cockey and Lawrence Hufty.

Dr. S. S. Ashton, coroner for Alexandria county, yesterday afternoon made an examination of the remains of the workman who was killed early yesterday morning at a steam shovel accident near this city. Dr. Ashton gave a certificate of death by dislocation of the neck. The man's name was found to be Nilos Gralandigo. He was from Italy and was twenty-seven years of age. The remains will be buried tomorrow in Bethel cemetery.

In the police court this morning Edward Maple was before Justice Caton to answer the charges of robbing Ellijah Chatterback, and of assaulting Albert Chatterback with a pistol. It was testified that an affray, in which Maple figured, occurred last night at the corner of Henry and Duke streets, but the case was continued in order to se-

CHARGED WITH BURGLARY.

Dr. Clyde E. Molesworth Conveyed to New Jersey for Trial.

Dr. Clyde Eldridge Molesworth, thirty years old, was arrested last night by Detectives Pratt and Peck and locked up on a charge of burglary preferred against him in Newark, N. J. A warrant filed with Captain Boardman shows that the doctor, who is an inventor, is charged with having entered the machine shop of Lysander Wright, jr., and carried away some unfin ished machinery and models of patents The doctor is an osteopathist from Oklahoma and has been engaged in the practice of his profession in Newark. He was interested in patents for an ice cream freezer

and refrigerator car.

Discussing his case last night, the doctor said he was in need of cash and that tor said he was in need of cash and that he took his models for the purpose of bor-rowing money on them. In the message from the Newark authorities it was stated that the doctor was a dangerous man and would probably be armed. It was also stated that he had escaped from an officer in Newark

in Newark.

The doctor denied that he had been in the habit of going armed and said he had been shot at by an officer in Newark, but that he had not done anything. Detective Tuite came here this morning from Newark and the prisoner returned to that city with him without demanding a hearing upon requisition papers.

There is a strong probability that there will be no jury selected for the approaching term of the circuit court at Upper Marlboro. Some days since the jury commission, composed of Messrs. Edward Phelps of Laurel, and Geo. M. Smith of Bowie, handed to Judge Geo. C. Merrick a list containing, as was thought, the names of 200 citizens and taxpayers of the county from which to select a panel of seventy-

from which to select a panel of seventy two names to comprise the grand and peti juries. After drawing the panel Judge Merrick, it is stated, discovered that one name in the list had been erased, leaving but 199 names from which he had selected the panel. The court was requested to draw another jury, it is stated, but, not being clear as to his authority in the matr, declined, it is understood, to do so. The estion of the validity of the new jury law is now before the court of appeals in the case of Dr. J. C. Seriously Hurt.

While working on the site of the terminal station yesterday afternoon. Thomas Tulley, thirty-two years old, living at 1626 3d street northwest, was struck by a piece of the root of a tree while blasting was being done and received internal injuries. The injured man was removed to his home by

A Good Deal of Nonsense.

ABOUT "BLOOD PURIFIERS" AND "TONICS." There is no other way, and the idea that a med tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy that weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indiges they furnish the digestive principles which weak stomachs lack, and, unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure storage trouble by the use of "tonics," "pflls" and "catharties," which have absolutely no

One grain of the active principle in Stuart's Dys pepsia Tablets will digest 3,000 grains of meat. eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but, of course, are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation

People who enjoy fair health take Stnart's Tablets as regularly as they take their meals, because they want to keep well; prevention is better than afternoon from his late home and the body will be removed to Congressional Cemetery for interment.

News has been received in this place of the recent death in Texas of Miss Evelyn
