This county, and a son of George Robertson, was shot Thursday night in Brunswick in the railroad yard and was severely injured.

Robertson is employed as a trucker at the big transfer sheds, and had occasion to use a car of freight for purpose of distribution. As he opened the car a shot rang out and he sank to the floor.

His companions ran to his aid and took him to a hospital nearby. Dr. H. S. Robertson is doing very well today. No clue is obtained of the party who did the shooting. A rough severely wounded, Robertson will recover.

Order of Prohibition Issued.

Protests are being received by the Commissioners against the so-called Sunday concerts in several of the local theaters, and the Commissioners are asked to urge legislation to prohibit this practice in case there is now no authority to do so. The Methodist Protestant Christian Endeavor Union has forwarded a protest, over the signature of its president, H. Clyde Grimes, in which it is suggested that if there is no law on our statute books that can be applied to these cases, the Commissioners should urge upon Congress the great need of a more satisfactory Sunday law. The Commissioners have also received a resolution adopted by the Presbytery of Washington protesting against the Sunday concerts in the theaters.

All such communications are being answered by the Commissioners to the effect that they have amended the police regulations so as to remove any suggestion of a nuisance or of theatrical performance from these performances and confining them strictly to the motion-picture entertainment and sacred music.
