HARRISBURG GRAFT TRIAL. Defense Fights Against Admission of Evidence.

HARRISBURG, Pa., February 3 .- Evidence showing that Contractor John H. Sanderson sold furniture to the state prior to securing the contract for furnishing the new capitol on the "linear foot" showing that he was paid by the linear from the heat and flying embers. The foot on this contract were offered in evidence to show that the "per foot" rule of measuring furniture, as originally adopted by the state, applied only to the

The defense objected to the introduction of this evidence, and a long side-bar ar- here yesterday was brought under congument as to its admissibility followed, trol last night only after aid had been Judge Kunkel ruled that the papers were admitted only so far as they affected Sanderson. The purpose of the offer was to show that Sanderson knew that the masurement of the capitol furniture was false The case proceeded slowly today, and it looks now as if the end will not be reached before the middl of next week.

TO PREVENT THE GRIP.

### WARM WELCOME TO FLEET

RESIDENTS MAKING THE STAY AT PUNTA ARENAS ENJOYABLE.

Naval Officers Will Be the Only Pilots for the Squadron Through Straits.

PUNTA ARENAS, Strait of Magellan, February 3.-The officers and men of the American fleet, now that the warships are safely riding at anchor, are beginning to enjoy hospitality ashore. Official visits have been exchanged and yesterday guns were booming all day. Admiral Thomas returned the visit of Admiral Simpson, the head of the Chilean delegation, which came here on the cruiser Chacabuco, to Admiral Evans, and there were cardial greetings on both sides. The officers of the American fleet have

a desire to call at Valparaiso, but this will be impossible. Admiral Evans says he will pass close enough to see and be seen by the watchers on shore.

There is great enthusiasm here and a hearty desire on the part of the residents to make the stay of the Americans an enjoyable one. A banquet was given on the Chacabuco yesterday and a ball has been arranged for tomorrow at the residence of the American consular agent,
Moritz Braun. Rowing competitions between the various champion crews of the
vessels also are being arranged.

It has been reported that an army pilot was to pilot the fleet through the
strait but it is approunced that the offistrait, but it is announced that the offi-cers of the ships are the only pilots

During the last three days of the passage to this port the fleet encountered occasional fogs and rains. On the morning of the 31st, Cape Virginis was signted and at noon in single column the fleet passed impressively into the great waterway. The Chilean signal station at Dungeness signaled: "Enter Chilean waters distinguished American seamen. A pleasant voyage."

### IN HONOR OF EVANS

CHILEAN FLEET GAVE HIM A VICE ADMIRAL'S SALUTE.

PUNTA ARENAS, Chile, February 3 .-The American battleship fleet arrived at this place Saturday after a pleasant run from Rio de Janeiro, coming to anchor at noon. The Chilean cruiser Chacabuco and the British cruiser Sappho were in the harbor, and they both saluted the American flag.

The Chacabuco, as a special courtesy \*\*\*\*\*\*\* from the Chilean navy, gave Admiral Evans a vice admiral's salute instead of the one due a rear admiral, following the example set by the Brazilian navy when the fleet was at Rio de Janeiro. Aboard the Chacabuco was Admiral Simpson of the Chilean navy, the vice minister of marine, who came here on a special mission to welcome the Americans to Chilean territory, and John Hicks, the American minister at Santiago. The vice minister of marine will have charge of the official entertainments to be given to the

American officers here.

After the fleet came to anchor the usual official calls were exchanged, at which more than the usual formal cordiality was noticeable. Apparently the entire population of the city turned out to see the American ships, and the town was gaily decorated with flags in honor of the occasion. Here, as at Rio, Rear Admiral Thomas, commanding the second squadron of the third division of the fleet, will do the social honors in place of Rear Admiral Evans.

Features of the Trip.

The most noteworthy feature of the trip south from Rio occurred January 16 when four Argentine warships, which had been dispatched for the purpose, met the American fleet off the mouth of the Rio de la Plata, when national salutes were exchanged. The crews of the various ships cheered each other, and Admiral Oliva, commanding the Argentine squadron, and Rear Admiral Evans exchanged cordial greetings by means of the wireless telegraph. The courtesy was an unprecedented one. The ceremonies lasted

Admiral Oliva missed the fleet at first, owing to the thick and heavy weather that was prevailing. He, however, found the tender Yankton and the supply ship Culgoa, which were proceeding slowly on account of the weather conditions, and from them he learned the position of the fleet. He then sent a wireless message notifying the Americans that he would catch up with them, and, steaming at the rate of fifteen knots, he overhauled them Sold at 19c a yard...... after an hour's chase, as the fleet was making only ten knots an hour. Frank Tew. an oiler on the Maine, died from peritonitis and was buried at sea

The report that Capt. E. F. Green of the army transport service had been detailed to join the fleet and pilot it through | the Strait of Magellan was untrue. As a matter of fact, the navigation of the strait is not as difficult as entering the harbor of New York or Boston. Admiral Evans says that any one of his officers is competent to take the fleet through it. The flotilla of torpedo boat destroyers, which visited Buenos Aires on invitation of the Argentine government, is expected to arrive here Tuesday next.

### FIERCE BLAZE IN ROME

\$250,000 FIRE IN YORK CITY RAGED DURING BLIZZARD.

ROME, N. Y., February 3.—In the teeth Approximation of the section of the wildest blizzard that has swept Oneida county this winter firemen of three cities fought for five hours yesterday a blaze that, before it could be vas also the Arlington Hotel.

For a time it was feared that a confia- railroad camp in West Virginia. gration could not be averted, and the local department, unable to stay the flames |that were fanned by a stiff gale, appealed to Utica and Syracuse, each of which cities sent a steamer and a company of

There was a heavy fall of snow at the time, and the mercury registered only a was owned by Harroll & Council and few degrees above zero. The firemen suffered intensely and many were severely

The burned structures were situated on Dominick street, and included the following: The A. Ethridge & Co. building, occupied by the department store of F. E. Bacon & Co.; the Benner block, owned by basis instead of by the "surface measure- Frank X. Beck and occupied as a resment" was introduced by the common- taurant by him; the Hammann block, wealth at the trial in the Dauphin county owned by Edward Hammann and occupied by Hammann's shoe store; Rudel & court today of the alleged fraud cases. Bemers, harness, and J. Townsend's Sons, The schedule of 1898 for state supplies un- hardware; the Hager block, occupied by der which Sanderson was given the con-tract for furniture and other documents. The Jackson block was considerably tract for furniture and other documents damaged. The Arlington Hotel suffered flames originated in Bacon's store.
