# Distribution of Prizes.

There was a fair attendance at the stadium this afternoon to witness the closing contests of the Olympic games and the distribution of prizes. The winners of silver and bronze medals, diplomas of special merit and special commemorative medals formed on the far side of the arena and marched by the cycle track to tables opposite the royal box, where the silver medallists received their tokens from the Duchess of Rutland. The winners of the bronze medals were given their prizes by Catherine, Duchess of Westminster, while the diplomas of merit and the commemorative diplomas were given by Lady

# PAID ALTHOUGH SUSPENDED. Ashford Draws Salary as Building

Inspector-Reinstated Today. The official investigation of the office of the building inspector following the collapse of the Pickford apartment house more than a month ago, an accident for which the building inspector was held MAJ. responsible by the coroner's jury and resulting in his temporary suspension from office, will be commenced by the Commissioners Monday next.

At the time of Inspector Ashford's suspension the Commissioners announced his department. According to one of the Commissioners the investigation is bound to result in a number of changes in the personnel of the office.

Commissioner Morrow and Capt. Kelly. assistant engineer commissioner in charge of the building department, have already decided upon some minor changes. They have had under consideration for some time the reorganization of this department, which they admit has needed im-

Although the building department does not come under the direct attention of Commissioners West and Macfarland, they will take a prominent part in the investigation and in passing upon changes and a scheme for reorganization.

Following the action of the grand jury yesterday in ignoring the case against Snowden Ashford, the building inspector, who was held with four others by the coroner's jury as jointly responsible for the collapse of the Pickford apartment house, resumed his duties as building inspector today.

His suspension dated from June During that time Thomas Francis has acted in his place. However, during the time of his suspension Mr. Ashford has ben drawing his salary as building in-

In explaining why Mr. Ashford drew his salary while not actually performing the duties, the Commissioners said today he had been working on the revision of the building regulations at his home. As building inspector, Mr. Ashford said today the first thing he proposes to do is

to supervise the work of providing better fire protection in the public schools.

Better Qualified to Carry on Ideas of His Predecessor, Says Engineer Commissioner.

Melvin C. Hazen, for three years assistant surveyor of the District, today was promoted to the position of surveyor to fill the vacancy caused by the promotion of William P. Richards to the office

Mr. Hazen was recommended for the position by Maj. Jay J. Morrow, Engineer Commissioner, who has supervision of the surveyor's office. The appointment was immediately approved by the other Commissioners, to take effect Monday next. Choice Was Difficult.

In making the motion appointing Mr. Hazen Major Morrow said: "I would state that it has been difficult

to come to a decision in regard to the selection of a successor to Mr. Richards in the office of surveyor, as between E. M. Talcott, assistant engineer in charge of street extensions, and the assistant surveyor, Mr. Hazen. Both are known to be efficient, loyal,

hard-working servants of the public of the District of Columbia. Either is eminently qualified to carry forward the work of the surveyor's office. "It is believed, however, that the pres- mer.

pachelor of science. Following his graduation Mr. Hazen took a private course in engineering for two years. In 1889 he entered the services of the District as a transit man, his first real field duty.

As transient man he received a salary of \$70 a month. A year later he was promoted to \$100 a month and in 1896 was made assistant engineer at a salary of \$4.50 a day. The following year he was again promoted, this time to the position of assistant to the Engineer Commissioner, and was assigned to the preparations of plans for the permanent system of highways in the District.

Complimented for Efficiency. It was in this post that the real ability and resourcefulness of the young engineer first began to tell. It was the largest and most important work he had attempted. Plummer. Arthur Peters, counsel for Plummer, made a motion for arrest of judgment, alleging that Plummer has been wrongfully charged, in that he was the occupant rather than the owner of the place. The court sustained the motion and dis-missed the defendant.

The information and warrant prepared in advance yesterday for the apprehension of John J. Noonin, as proprietor of the lunchroom in question, was then served. Mr. Noonin was compelled to deposit \$25 collateral for his appearance to answer the same charge originally lodged against Plummer, with the exception that the papers accuse Noonin as the owner of the lunchroom

Wrongfully Accused, Says Noonin. Both Mr. Noonin and Mr. Plummer deny the truthfulness of the testimony given by Inspector Gallagher at the opening of the case Thursday morning last. In speaking of his establishment at 1008 Pennsylvania avenue this morning, Mr. Noonin said:

"I intend to carry this case against me to the highest courts possible in case of an adverse decision. I have been wrongfully accused. "Immediately after the inspection of my establishment by the health depart-

ment I threw open all parts of the place

for minute inspection by any one who desired to make one. Many persons availed themselves of this opportunity. "As a result all have expressed themselves as thoroughly satisfied with the cleanliness which they saw. terday counsel for the defense noted an exception after all the testimony was in, alleging that the owner of the establishment, instead of the occupant, should have been made defendant. The exception was carried over until yesterday by the court for a decision. At yesterday's session the presiding judge announced that he refused to rule on the

exception, as it was improperly before In consequence he found the defendant guilty as charged. The case was again continued until today for sentence, which was followed by the motion for the arrest of judgment this morning and dismissal of the charge. In consequence of the several motions and

Don Carlos is sixty years old. He was born at Laibach in March, 1848. He is a grandnephew of Ferdinand VII of Spain,

ground that Isabella, daughter of Ferdinand VII and Christiana, mother of Alfonso XII, was, owing to the Salic law, barred from the succession to the throne. Following the example of his grandfather, Charles V, and his uncle, Charles VI, who fought for what they considered their rights for years. Don Carlos took up arms in 1872 and, as Charles VII, reigned over the greater part of northern Spain till 1876, when being nearly surrounded by the forces of Alfonso XII, who recently had been proclaimed king at Madrid, he retired into France. As the undisputed senior male heir of the house of Bourbon, Don Carlos would have a right to the throne of France in the event of a restoration of the monarchy, but he has never put forward that claim, though often urged by the French loyalists to do so. Don Carlos was married in 1867 to Marguerite, Princess of Bourbon, who died in 1893. In 1894 he married Marie Berthe, Princess de Rohan. His heir is Don Jaime, who was born in 1870. Don Jaime is an officer of cavalry in the Russian
