ALEXANDRIA AFFAIRS

Preparing for the Dedication of the Elks' New Home.

PERMITS TO ENTER SCHOOL

Preliminary Inspection of Light Infantry Equipment—Funeral of Miss Sarah Whittington.

Special Correspondence of The Star.

ALEXANDRIA, Va., September 7, 1910.

Preparations are being made by Alexandria Lodge, No. 758, Benevolent and Protective Order of Elks, for the formal dedication of its new home, which will take place, according to the program planned, October 3. The committee of arrangements for the affair, and an interesting musical and literary program will be given, and several prominent members of the order are expected to make addresses.

The finishing touches are now being put on the new home, which is located on the south side of Prince street between Royal and Fairfax streets. The new home is one of the handsomest lodgerooms in the city. A description of the home has been published in The Star.

The work of issuing permits to white children to attend the public schools was completed by the clerk of the school board at 2 o'clock this afternoon. According to the number of permits issued, it is estimated that over 100 more children will attend the schools this year than did last year. Permits will be issued to colored children tomorrow and Friday, which will finish the work. The schools will reopen Monday.

The committee on the good of the order reported at a meeting of the order at No. 6, Knights of Pythias, last evening at Pythian Hall, plans for an open meeting of that organization, which will be held the evening of September 20. Ladies who are friends of the members have been invited to be present. An interesting program is being arranged.

Light Infantry Inspection.
 The preliminary inspection of the equipment of the Alexandria Light Infantry was made by Maj. James E. King at a meeting of that command at Armory Hall, preparatory to the regular annual inspection of that company, which will be made September 29 by Col. Jo Lane Stern, inspector general of Virginia. Members of the company feel satisfied that they will make a good showing at the inspection.

The will of Clarence Mills was admitted to probate in the circuit court for this city this morning. The testator left his estate to his daughter, Mrs. Leah A. Bernhardt Kaus, and he names her as executrix. She qualified as such.

The jointed owners of the estate: John Ewald, Vernon Kelly and William Kaus. A declaration in the suit of Haley against the Southern Railway Company was filed in the corporation court this morning by Attorney Robinson Moncreur. The object of the suit is to recover \$500 damages for alleged personal injuries.

In the Police Court this morning Ethel Lee, a colored girl, arrested on suspicion of stealing jewelry from a daughter of Winfield Watkins, where she was employed, was committed for five days in order to give the police an opportunity to investigate the theft. Mr. Watkins told the court that the girl was the only one in the house at the time it was supposed the jewelry was taken. A watch and chain and half a dozen other articles of jewelry were stolen.

Funeral services for Julius Drefus will be held at 2 o'clock tomorrow afternoon at his home, 129 South Payne street, and will be conducted by Rev. Dr. Louis Stern of Washington.

BULLET IN HIS NECK A MENACE TO GAYNOR

Friends of New York Mayor Are Yet Worried as to Outcome of His Wound.

Special From a Staff Correspondent.

NEW YORK, September 7.—You might as well have the truth about Mayor Gaynor. It is bound to come out in time.

You read daily of the mayor's improvement in condition, of his long walks and all that sort of thing. You may also recall that the bullet has not been extracted from his throat.

The fact is, the mayor is the object of utmost solicitude. The bullet is lodged so close to an artery in the throat that the physicians are afraid to go after it. In a man of his age the arteries are brittle and there is danger that in dislodging the bullet an artery may break and the distinguished patient bleed to death.

Where the Danger Lies.
 In allowing the bullet to remain, there is the danger that it may work around and impinge its metal edge upon an artery. This is the cause of the solicitude of the mayor's friends.

His physical condition is being taken into account by the politicians; they say that in nominating him for governor they would have to consider very carefully the man for second place. Yet the Gaynor for governor boom is increasing. Daily reports come from up state of the formation of Gaynor clubs everywhere, and unquestionably a practical and persistent campaign is being conducted in his behalf. The mayor himself remains silent on the subject of his possible candidacy and will give no hint to his closest friends of his intention as to acceptance of the nomination. Those closest to him, however, still continue in their belief that this month shows overwhelming disposition to nominate him he will not decline.

Hearst's Attitude Uncertain.
 There continues to be much uncertainty as to the attitude of Mr. Hearst, and some well posted individuals think this accounts, in part, for the mayor's silence. In some quarters it is declared with much positiveness that Mr. Hearst will have no considerations support Mayor Gaynor for governor. Those who entertain this belief say that if Gaynor is nominated Mr. Hearst will support Roosevelt.

I have reason, however, to reiterate a statement made by the Hearst family that there is yet possibility of an arrangement being made by which Mr. Hearst will not oppose Mayor Gaynor if nominated for governor. The negotiations referred to at that time have not concluded. It cannot be definitely predicted that they will be successful, but they are still in progress. N. O. M.

CHILEANS AGAIN MOURN

DEATH CLAIMS ACTING PRESIDENT OF REPUBLIC.

Elias Fernandez Albano a Victim of Pneumonia—In Office Since Montt's Death.

SANTIAGO, Chile, September 7.—After an illness of six days with pneumonia, Vice President Elias Fernandez Albano, who had been acting president of the republic of Chile since the death of President Pedro Montt at Bremen, Germany, August 16, died yesterday. Immediately after his demise a decree was signed appointing Minister of Justice Emiliano Figueroa acting president.

On the eve of the centennial celebration of its independence the republic of Chile is in mourning for two executives, whose deaths occurred within the past three weeks. President Pedro Montt had been ill for some time, and, going abroad for his health, died immediately after his arrival at Bremen August 16.

Upon the departure of President Montt, Fernandez Albano temporarily took up the duties of acting president. He continued in that office after Mr. Montt died, pending the election of a president.

According to the laws of Chile, when the office of president becomes vacant through resignation, inability, death or otherwise, the minister of the interior, under title "vice president of the republic," assumes the duties of president until the president resumes his office or a new election is held.

APPEAL TO PRESIDENT REGARDING HEARING ON RATES.

Want It Conducted by Interstate Commission Personally or Injunction Proceedings Reinstated.

CHICAGO, September 7.—The following telegraphic correspondence regarding the request that President Taft direct the interstate commerce commission personally to conduct the hearing on proposed freight rate advances has been made public:

"Executive office, 'Beverly, Mass., September 3, 1910. 'La Verne W. Noyes, President Illinois Manufacturers' Association: 'Telegram received. I have implicit confidence in the work being done by the interstate commerce commission under

the able leadership of Judge Knapp. The commission is heavily overloaded with work. Some of the members are necessarily in Europe. A full record will be kept of the hearing at Chicago. I am not disposed to take any action changing the arrangement made by the interstate commerce commission.

"WILLIAM H. TAFT."

Agreement Insisted Upon.

The Illinois Manufacturers' Association replied to this telegram as follows:

"Hon. William H. Taft: 'We do not raise any question as to the ability or able leadership of Judge Knapp. We respectfully insist that the commission conduct the investigation, both as to eastern and western territory, as was agreed—when you ordered the injunction proceedings in the federal court dismissed. We believe that the shippers and consumers of the country will be entirely satisfied with the reinstatement of the injunction case and a trial of the issues therein raised if you cannot see your way clear to direct the commission to sit personally.

Grace's Circus Parade—Great Fun for Children

FREE Only Indoor Circus Parade in the World FREE

REAL CIRCUS MUSIC—Everything is free. Bring the children, no matter how young. It's an attraction we arranged for the little folks, but the grown-ups are apparently as much interested. They're so interested that yesterday we had to put up a sign reading like this: "Please, big folks, take places in the rear so the little folks can see." Children have actually "gone wild" over the parade. Every one marvels at the ingenuity, cleverness and patience of the man who spent three years making it up with a pen-knife. Remember it's free. And great fun for the children.
