Higher Pay for Telegraphers on Two Railroads.

OTHER PLAINTS SETTLED

Increases Granted Will Add Heavily to Pay Rolls.

HOURS WILL BE SHORTENED

Provision Also Made for Annual Vacations and Free Passes.

Effective November 1.

Negotiations that have been pending for several months between the representatives of the telegraphers of the Southern and the Baltimore and Ohio railroads and officials of these lines over a question of higher wages and shorter hours have resulted in a victory for the keymen of both systems.

Abandoning their expectations of a 24 per cent increase in wages, the Southern telegraphers, headed by Chairman H. G. Alexander, successfully evaded arbitration and have been conceded a 12 per cent increase by General Manager E. A. Coapman. This will mean a direct expense of \$80,000 annually to the company, and most of the grievances which were settled this morning will net the keymen an additional \$35,000 or \$40,000, making a total increase to them of approximately

Judge Martin A. Knapp of the United States Court of Customs Appeal and Dr. Charles P. Neill, the commissioner of labor, who acted as mediators between the telegraphers and the Baltimore and Ohio railroad officials, completed an agreement by which the employe telegraphers of that line will receive a 6 per cent increase and shorter hours. Beginning November 1, they get an eight-hour day when worked in shifts of three or more men and a ten-hour day when working in one-man offices. Certain rules regulating the company's position to the employe were also

Employes Gain Point.

Mr. Alexander of the Southern telegraphers met the officials of the road this morning for a two-hour discussion of the grievences held by the telegraphers against the company, with a result that the employes carried their point.

Although the telegraphers originally demanded an increase of 24 per cent, they regard the settlement of their conferences as a signal victory, as arbitration was ly evaded and they doubled their increase of last year

Mr. Alexander will remain in Washington for another week, when he will submit the plan of increase scale to the telegraphers to the railroad officials for their sanction. While the increase has been granted and will go into effect beginning November 1, the company reserves the right to act upon the scale of increase to the individual employes. If they fail to come to an agreement in this matter it will be necessary to summon the heads of the different divisions to Washington to consider another scale. Under the increase the telegraphers will

receive an additional \$3.77 per capita a month. The increase, however, will be made according to the duties of the em-ployes and the amount of work done in

To Have Vacations.

One important point which the telegraphers gained is the fifteen-day vacation to employes working Sundays, with salary. This in itself will cost the company over \$25,000 additional. There will e an eight-hour law and ten-hour working day on the same basis granted the Beltimore and Ohio telegraphers. Those who have served the company five years vill get an annual pass over one division of the road; those serving ten years will get a pass over four divisions, and those serving fifteen years will receive a pass for self and wife over the entire sys-

The committee members, with the exigtton for their homes today. This is the rst conference of the telegraphers with he officials of the road that is looked upon by the committee as a victory. Mr. Coap-man recently offered them an increase of \$60,000, which they flatly refused, having asked him for \$150,000. Mr. Alexander then consented to accept \$90,000 increase in wages and offered to dismiss every-thing with that. They decided to split finally on \$80,000. The rules of the telegraphers have all been acted upon satis-factorily to both parties and the several important grievences were conceded this morning by the company. It will take fully a week to go over the scale of increase and settle anything that is left

LECTURES ON TUBERCULOSIS.

Prominent Students of Disease to Speak at Public Library.

Alexander M. Wilson, director of the Henry Phipps Institute of Philadelphia, and Dr. John S. Fulton, secretary of the International Congress of Hygiene, have been announced as the principal speakers for the annual meeting of the Association for the Prevention of Tuberculosis, to be held in the lecture hall of the Public Library next Monday averages. brary next Monday evening at 8 o'clock. The first speaker will deliver an adiress on "The Community's Responsibility for Tuberculosis," while the latter will ture on "Race Characteristics in the
