PHOEBUS, him accepted at his rightful valuation as tified in flouting him because his fee for that demanded by the man who ministers

> The specialist "met a long-felt want" and developed in a perfectly natural way. century the science of medicine advanced bacteriologists alone opened a new world of modern surgeons, though they apeared young men who entered the profession in. let us say, the early '70s, should have been a trifle bewildered and overawed by the vast area that lay before them, and it was not to their discredit that many of them resolved to circumscribe their doings to one little space. Their brethren and the public have profited greatly by such concentration of effort. It is doubtless true that the course of the specialists has brought some of them wealth; but it is equally true that the mastery they have gained over specific diseases and the instruction which they have imparted can never be adequately compensated by any community in which these "one-idea men" have lived and worked.

Nevertheless, as our visitor pointed out, the time is ripe for a more generous recognition of the general practitioner, the "family doctor," who ushers us into the The Netherland, New York avenue, world, attends us through the physical perils of childhood and maturer age, and finally heartens us for the painful steps of the last journey. There are few men and women who have not tender mem-Steamers leave 7th st. wharf for Baltimore and river points Monday, Wednesday and Saturday, 4 p.m., arrive Baltimore second morning out.
