The Catonsville fire department claims that their automobile is the fast-

Company. The car is of the four-cylin der, seventy-horsepower type and is ca-pable of running sixty-five miles an hour. The same power used to run the engine operates its pumps. The car is equipped with 1,200 feet two-and-a-half-inch hose, twenty feet five-inch suction hose, a forty-gallon chemical tank, 200 feet oneinch chemical hose, three extinguishers and two ladders. The engine was secured by the Catonsville department largely through the efforts of Dr. Charles Mattfeldt, the president of the board of county commissioners of Baltimore county, who lives at Catonsville. This auto now several months old, and a larger and more costly motor will soon replace this one, which will be transferred to

Vision as Evidence.

In Dumfries sheriff court yesterday an application was made by the trustees of the late Robert Turnbull Scott to presume the death of his father, Archibald Scott, who went to Australia in 1851 at the time of the gold "rush" and was lost sight of. The object of the action was to been improved with gravel as town roads, scott, who went to rush" and was lost \$5,000,000, \$11.000,000 and \$8,000,000, making a total appropriation to date of \$35,000,000.

In addition to this bills were passed by the last legislature for so-called "expedited routes" amounting to \$13,855,000, leaving a balance unappropriated of \$1,045,000. At the present time there have been constructed approximately 2,940 miles of completed highways and 710 miles are under contract, and most of them are nearing completion. These contracts provide for the remaining unimproved portions of a highway from New York city to Buffalo via Albany, and for the larger part of the highway from New York north to the Canadian border at Rouses point. "This." save the contract and most of the mark of the larger part of the highway from New York city to Buffalo via Albany, and for the larger point.
