

## CARLISLE INDIANS VICTORS OVER BROWN

Old-Fashioned Foot Ball Characterizes Game at Providence, With Score 13-0.

University Shows Unexpected Defensive Strength—Not Up to Standard of Recent Years.

PROVIDENCE, R. I., November 27.—The Carlisle Indians eleven defeated Brown University 13 to 0 in the annual Thanksgiving day foot ball game today. Old-fashioned foot ball characterized the play, line plunges and end runs prevailing from start to finish. Only a few punts were attempted, and the forward pass was used but rarely.

Carlisle scored in the second and fourth periods. The first touchdown was made by straight line plunges and end runs, Calcar carrying the ball over the goal line. Garlow failed to kick the goal.

In the fourth period the Indians scored on an intercepted forward pass. Guyon making the touchdown and kicking the goal.

Brown showed unexpected defensive strength, and twice during the third period held the Indians for downs under the shadow of the Brunonian goal posts.

Even the most hopeful Brown man dared not look for victory. Handicapped at the start by a team not up to the standard of recent years, Brown suffered from numerous injuries in the games with Yale and Harvard. As a result Casey, the big fullback, together with Walter Staff and Hazard, linemen, were unable to start today's game.

**Total Surprises Carlisle Coach.**

Coach Warner of Carlisle, however, was not predicting a tremendous total for his team, which, he said, was not so sharply on edge as in the Dartmouth and Syracuse games. Eye trouble kept Bush, the regular right guard, out of the game. Welmas, the Carlisle left tackle, who has been suffering from an injured ankle, had recovered sufficiently to go into the line-up at the start.

Last year Carlisle defeated Brown 22 to 0.

The weather was fair and cool and additional stands were erected to accommodate the crowd. The line-up:

Carlisle.	Position.	Brown.
Walsh.	Left end.	Henry (capt).
Garlow.	Left tackle.	McNeil.
Welmas.	Left guard.	Mitchell.
Casey.	Right end.	Smith.
Staff.	Right tackle.	Gerber.
Hazard.	Right guard.	McNeil.
Calcar.	Fullback.	Andrews.
Garlow.	Quarterback.	Beck.
Casey.	Fullback.	Blue.

**NOTICE TO BONDHOLDERS.**  
Company Will Pay Income Tax Unless Notified of Exemption.  
The Washington Railway and Electric Company today announced to holders of its 4 per cent consolidated mortgage bonds that, until further notice, it will pay the income tax on all coupons of said bonds in full, unless the holder of same cannot claim exemption under the provisions of the federal income tax law. Holders are requested to claim exemption wherever they should properly do so.

Similar action was taken relating to the following bonds: Metropolitan Railroad Company; 5 per cent first mortgage; Anacostia and Potomac Railroad Company; 5 per cent first mortgage; City and Suburban Railway; 5 per cent first mortgage; Potomac Electric Power Company; 5 per cent first mortgage; and Potomac Electric Power Company; 5 per cent consolidated mortgage.

**IN CRITICISM OF MASS.**  
Colored Ministers Object to President's Attendance at Service.  
The Evangelical Ministers' Alliance, composed of the ministers of colored churches of Washington and vicinity, in resolutions passed yesterday, stated:

"We respectfully declare that the attendance of the President of the United States upon the Pan-American mass at St. Patrick's Roman Catholic Church, in his capacity as President, and thereby endorsing the said Roman Catholic church as the official church of the United States, is unwise and profane of great danger to the civil and religious institutions of America, and in violation of the federal Constitution."

The resolutions were prepared by a committee consisting of Revs. J. M. Washington, Arthur Randall, L. N. Ross, J. C. Van Lee, D. E. Wiseman, W. A. Wornack and E. E. Hicks.

**Seven Hurt in Iowa Train Crash.**  
DES MOINES, November 27.—Seven persons were injured, none fatally, when a Burlington freight train, west bound, plunked into a south-bound Rock Island passenger train, No. 57, on the Kansas City and St. Paul short line at a crossing early today.

**M. Brooks & Co.**  
The Women's Store, 1109 G Street  
Store Closed All Day Today.

**A Day of Thanksgiving**

The Women's Store has much to be thankful for during the year now drawing to a close. It has been the most successful year of our business career.

We are, indeed, very grateful and thankful.

Our customers know that only the best and most reliable merchandise can bear the stamp of the Women's Store.

## SOURCE OF THEFTS FOUND.

Employees of Fall River Printing Companies Are Arrested.

FALL RIVER, Mass., November 27.—Investigation into alleged wholesale thefts from the American Printing Company and the American Printing Company has resulted in the arrest of twenty-four operatives from these plants and the seizure of a ton of cloth. Many of the operatives were taken as they left the mills last night, and others were arrested in their homes.

In three tenement houses 8,000 yards of goods were found. Some of the smaller stores in the neighborhood yielded up several thousand more yards. Officials of the American Printing Company said they had been missing cloth for a number of years and estimated their loss into the thousands of dollars. Four months ago they placed private detectives in their plant as operatives. These men learned, they said, that operatives took away cloth in dinner pails and wrapped around their bodies. One man, it is claimed, even carried away goods in trunks and boxes.

## MISS M'GILL IS SUED BY CHAUFFEUR'S WIFE

Seeks to Recover \$50,000 From Heiress for Alienation of Husband's Affections.

Miss Eleanor A. McGill, the New Jersey heiress who became prominent in this city through her marriage to and subsequent divorce from Dr. William B. Carr, has been sued by Mrs. Mary Mayer, wife of Walter Mayer, a chauffeur, for \$50,000 for alienation of her husband's affections, according to dispatches received from New York.

It was in 1902 that Miss McGill married the Washington physician, but it was many months afterward before the marriage was announced. A year later Mrs. Carr sued for separation, charging desertion.

**Dr. Carr Denied Desertion.**

Dr. Carr declared that he had not deserted his wife, but that his domestic affairs had been interfered with by his father-in-law. The divorce decree, however, was issued in favor of Mrs. Carr, with the privilege of resuming her maiden name. She returned to the home of her father.

Mrs. Mayer's complaint asserts, according to the dispatches, that her husband entered Miss McGill's employ early in 1912, and that of that year he began paying improper attentions to his employer. Since then, she claims, he has been making trips, going to Massachusetts, New Hampshire and other states. Neither party to the suit would comment upon it, according to the reports.

**Left Her a Fortune.**

Dr. John D. McGill, father of the heiress, was a brother of the late Alexander T. McGill, former chancellor of the state of New Jersey. Upon his death Dr. McGill left three-fifths of his \$1,000,000 estate to his daughter Eleanor, who is prominent in the social affairs of Hudson county, N. J.

**MUSIC FOR COMMUNITY TREE.**  
Committee Meeting Plans for Chorus Rehearsals.  
Preliminary work looking toward the grouping and rehearsing of the chorus which is to sing at the community Christmas tree celebration was outlined at a meeting of Prof. Otto T. Simon and E. R. S. Embrey of the music committee, and Charles J. Columbus, secretary of the Retail Merchants' Association, at Prof. Simon's home today.

It is planned to have the singers from the same denomination of churches gather at one church of that denomination for rehearsal. High school singers will practice at their respective schools, possibly.

Owing to the prevalence of diphtheria at Frostburg, Md., the state board of health has ordered a general quarantine. This order will require the closing of all public and parochial schools, theaters and other public halls.

## Deafness Permanently Relieved

Perhaps you may have tried every hearing device there is on the market without getting the results you wished. But we can prove to your own satisfaction and at no cost that the new six-tone Acousticon will enable you to hear plainly the most ordinary tone conversation, music and all sounds that enhance the joy of living and give warning of danger. The new six-tone Acousticon can be regulated to six different degrees of sound to suit the special requirements of the user. It can be easily and conveniently worn, is not conspicuous and will last a lifetime. Have it demonstrated at your home or at our office. Cut this out now while it is before you. General Acousticon Co., 402-3 Evans Building, Washington, D. C. Home Office, Jamaica, Long Island. Advertisement.

## OPERATIONS WILL CEASE, AS TRIBUTE TO FINLEY

Southern Railroad Plans to Honor Dead President. Funeral Rites Private.

Private funeral services over the body of W. W. Finley, president of the Southern railway, who died Tuesday at which only the immediate family will attend, will be held at the residence, 2221 R street northwest, tomorrow morning at 10 o'clock. The funeral will be followed by public services, conducted by Rev. Roland Cotton Smith, at St. John's Episcopal Church, of which Mr. Finley was a member. Interment will be at Oak Hill cemetery.

The principal offices of the Southern Railway Company will be closed during the funeral, and at 11 o'clock tomorrow, for a period of five minutes, eastern time, operations of every kind on the Southern railway system will be suspended as a mark of respect to the memory of Mr. Finley.

**Messages of Sympathy.**

Scores of letters and telegrams of sympathy are being daily received at the Finley residence. Among the first to arrive was a message from James J. Hill, former president of the Great Northern railway, who was for many years one of Mr. Finley's closest friends. The death of Thomas Martin Emerson, president of the Atlantic Coast Line railway, Tuesday, the day that Mr. Finley died, is being remarked upon as a coincidence, and railroad men foresee as a consequence of the two deaths at the same time a possible shifting and rearrangement of railroad policies in the south.

Mr. Finley was chairman of the executive board of the American Highway Association, and its offices in the Colorado building will be closed tomorrow as a mark of respect.

## PASS \$4,000,000 MARK IN 15-DAY CAMPAIGN

NEW YORK, November 27.—This was a true Thanksgiving day for the Young Men and Young Women's Christian Associations of this city, jubilant as they were over having established a world record in fund raising by obtaining over \$4,000,000 within fifteen days.

The announcement as reported last night that the total of \$4,000,000 had been raised was followed today by some interesting details of a unique campaign.

**Janitor Gives Odd Dollar.**

The gift of the odd dollar of the over-subscribed amount, coming from the janitor of a downtown building, who sent it with the following simple and earnest, if ungrammatical, note:

"I see by the paper this morning that you have not got your four million dollars and there is nothing else for me to do than help you. This morning a lady gave me one dollar for a turkey; then I thought that I have to be a turkey and send you one dollar for your fund. I am a janitor that loves the Lord. Good blessing you!"

**Rockefeller Chief Contributor.**

It is shown that 17,244 separate contributions were made to the fund and that five of these contributors gave so liberally that their gifts alone totaled \$1,175,000. John D. Rockefeller was the chief contributor, having given half a million dollars to the fund. He gave a close second with gifts of \$375,000. A number of rich persons clothed their philanthropy with modest and anonymous gifts were over \$100,000.

## TO SEE ARMY-NAVY GAME.

President Plans to Leave for New York Early Tomorrow.

President Wilson plans to leave Washington early tomorrow for New York to spend part of the day with friends, and go to the Army-Navy foot ball game Saturday.

Among the guests of Secretary and Mrs. Garrison at the Army-Navy game will be Gov. and Mrs. Fielder of New Jersey, Capt. Frank R. McCoy, the Secretary's military aid; Mrs. Thomas F. Walsh of this city; Dr. and Mrs. S. W. Morton of Philadelphia; B. G. Paskus of New York; Mr. and Mrs. George Leary of New York; Mrs. Haridette Hallmark of New York.

Secretary and Mrs. Daniels will have as their guests Mr. and Mrs. W. F. McCombs of New York and a few other friends.

**"PENNSY" AND CORNELL TEAMS BOTH CONFIDENT**

Chances Favor Red and Blue Foot Ball Warriors in Game, However.

PHILADELPHIA, November 27.—Pennsylvania and Cornell met on Franklin Field today for their twenty-first giving day foot ball contest. The weather was cloudy and raw. The largest crowd of the foot ball season in Philadelphia was early on hand. While the coaches of neither team would express an opinion on the outcome of the game, both sides appeared confident of victory. Pennsylvania followers showed more confidence when Chester Minds, the star fullback, took his place in the backfield. There had been some doubt as to whether he would be able to play, because of an injured shoulder.

**No Difference in Weight.**

There was virtually no difference in the weight of the teams as they lined up. Statistics showed that the Quakers' line carried more weight than that of the New York state team, but this was offset by the heavier Cornell backfield. The eleven have had three teams as mutual opponents this season, and in each contest Pennsylvania made a better showing than Cornell. Carlisle defeated Cornell 7 to 0 and was held to a 7 to 7 tie by Pennsylvania. Lafayette lost to Cornell 10 to 3, and to Pennsylvania 10 to 6. Michigan played both teams, defeating Pennsylvania 12 to 0 and Cornell 17 to 0.

**NEW RECORD FOR WIRELESS.**

**Station on Lake Huron Picks Up Message From Australia.**

SARNIA, Ontario, November 27.—Tuesday night the wireless station on the shores of Lake Huron, above Point Edward, picked up signals from the wireless station at Darwin, near Palmerston, South Australia, which was calling the wireless station at Sydney.

"The signals received were quite clear, although the distance they were transmitted was half way around the world. This is said to be a record distance in wireless telegraphy."

**Grant's Grandson Enters Army.**

NEW YORK, November 27.—Chapman Grant, a grandson of Gen. U. S. Grant, has resigned a position in the Brooklyn Institute of Arts and Sciences to become a soldier. Early in December he will leave for Texas to become second lieutenant in the 14th United States Cavalry. He received his commission as second lieutenant as a successful competitor in examinations last July for the appointment of civilians to the army.

## KNABE MURDER TRIAL IS SET FOR TOMORROW

Dr. William B. Craig Faces Charge of Having Killed Woman Physician.

SHELBYVILLE, Ind., November 27.—Dr. William B. Craig, dean of the Indiana Veterinary College at Indianapolis, will be placed on trial before Judge Alonzo Blair here tomorrow to answer to an indictment charging him with the murder of Dr. Helen Knabe, at Indianapolis, the night of October 24, 1911. Dr. Craig was indicted at Indianapolis December 31, 1912, on evidence submitted by a private detective, employed by women of the state. The case was brought here on a change of venue granted at the request of the defendant.

**Undertaker Also Indicted.**

At the time Craig was indicted the grand jury also returned a bill against Alonzo Hagadone, an undertaker and administrator of the Knabe estate, charging him with being an accessory after the fact to the murder. The date for his trial has not been fixed.

The murder of Dr. Knabe has been one of the most puzzling in the criminal history of the state. She was found dead in her bed, with a deep gash in her throat, by her office girl, Miss Katherine McInerney, when she went to Dr. Knabe's apartment the morning of October 24, 1911. The police, after a long investigation, declared her death a case of suicide. The Marion county coroner reported that Dr. Knabe was murdered.

**Women Hired Detectives.**

Two grand juries investigated the case without returning any indictments. Then the women of the state raised a fund and hired a private detective to investigate the murder, and the indictment was returned by the third grand jury on testimony submitted by him. He will be the principal witness of the state at the trial here.

Craig and Hagadone have been at liberty on bond since their indictment. The most prominent criminal lawyers in the state are engaged in the case, either by the defense or by the prosecution.

**UNDERGROUND FIRE A PUZZLE.**

**Burning Over an Area of Ten Acres Near Savannah, Ga.**

SAVANNAH, Ga., November 27.—The officers of the Savannah fire department have been called upon to fight a curious underground fire that has been burning over an extent of ten acres of land south of the city for several weeks. The fire is slowly consuming a substance a few feet under the surface.

The firemen fear to open up the earth and thus give the smoldering blaze a chance to get a firmer hold, and as the scene of the underground conflagration is about a mile from the nearest fire plug there is no way to get water to it. The scene of the fire is an old city garbage dump.

**Pistol Duels Improving.**

Mrs. Saidee C. Hutton and Thomas J. Garrett, who participated in a pistol duel at the home of the former, Linden, Montgomery county, Md., the evening of November 6, are still in local hospitals and both are getting better. Mrs. Hutton, who has almost fully recovered from the effects of the wounds she sustained, it is stated, may be able to leave Emergency Hospital tomorrow and be taken to Rockville to answer a charge of assault with intent to murder. Garrett probably will not be able to leave Garfield Hospital for another week or more.
