

WORLD WILL FLAME IF PACIFIS BEATEN, PRESIDENT WARNS

Speaks in Tent in Idaho in
Only Address in the
State.

By the Associated Press.
COEUR D'ALENE, Idaho, September 12.—A world again aflame with war unless the peace treaty is accepted was pictured by President Wilson here today.

America was face to face, he declared, with a decision as to whether she "would prove to the world that she meant what she said in promising to aid in a peace concert."

Making his only address in the home state of Senator Borah, one of the bitterest opponents of the treaty, the President spoke in a big tent. It was not filled. D. W. Davis, governor of Idaho, introduced Mr. Wilson, while the audience stood and cheered.

CATTLEMEN REPAY UNEARNED PROFITS

Western Live Stock Agents
Pronounced Guilty of Over-
charging for Feed.

A considerable number of live stock commission men who act as agents for cattle producers at stockyards have been found by Department of Agriculture agents to be taking illegal profits in furnishing hay and feed for cattle belonging to their clients.

William F. Williams, solicitor for the department, told the Senate agriculture committee today.

The matter was called to our attention as a detail of enforcing the food control law," Mr. Williams said. "We found that one firm on the Chicago stockyards during 1918 charged its customers \$20,000 more for feed furnished the stock of the customers than they would have paid for the same feed if they had bought it direct from the producer."

Proceedings have since been instituted against Mr. Williams said, to force reduction of the illegal profits. The six firms at Chicago, four at St. Paul and one at Kansas City.

Applying to the Kenyon and Kendrick firms, for regulation of the packing industry, and of the Federal Trade Commission, on the subject was voiced by Edward C. Webb, a member of the livestock committee of the American Live Stock Association, he said. "The packing industry," he said, "is a deceptive practice under the terms of the law, and the firm finally agreed to a refund of the illegal profits."

LYCEUM THEATER FLOOR SAGS DURING BOUT

A portion of the first floor of the Lyceum Theater, on Pennsylvania avenue, sagged last night while a wrestling match was in progress, according to the police report.

Building Inspector Perry visited the theater this morning and gave instructions that there be no performance this afternoon. He will examine the building again later in the day.

C. L. U. TO BACK UP POLICE MEN THANK PRESIDENT

Renewed assurances of the continuing support of Central Labor Union, and constituent bodies were given to policemen by E. W. Payne, vice president of the central body, at a meeting of the city policemen's union in the Lyceum Theater last night.

Vice President Payne promised that Central Labor Union would give the policemen every possible aid, both financially and morally, in their fight against the division of the Commission forbidding affiliation with the American Federation of Labor and other organized labor organizations.

The union voted a resolution of thanks to the city policemen for their stand in the matter of President Wilson, and ordered that a copy of the resolution be forwarded to the secretary of the Lyceum Theater.

It was decided to await action of the courts with regard to the affiliation question before taking further steps.

MR. BLANTON FALSIFIED RECORD, HOUSE RULES

The House ruled yesterday that Representative Blanton of Texas had falsified the Record of the House by writing into the stenographic transcript of the proceedings certain remarks which were not made. The House passed a resolution offered by Representative Winsor, democrat of Arkansas, condemning "falsification of the records of its proceedings," and ordered expulsion of Blanton from the House. Blanton was sentenced today by Justice Gould in Criminal Division 1 to serve three years and six months in the penitentiary.

The policeman was in court and exhibited the scars of two razor cuts across one of his cheeks.

PRISON TERM THREE YEARS.

Shelton Madison Sentenced for Assaulting Policeman in Race Riot.

Shelton Madison, colored, who pleaded guilty recently to assaulting Policeman Fred A. Reh during the race rioting the night of July 8, was sentenced today by Justice Gould in Criminal Division 1 to serve three years and six months in the penitentiary.

The policeman was in court and exhibited the scars of two razor cuts across one of his cheeks.

STEEL STRIKE MAY AFFECT MILLIONS

Action Set for September 22
Involves 500,000 and Other
Trades Sympathize.

PROVIDE AGAINST WANT

All of the 500,000 steel workers in the United States may become involved in the strike which has been called for September 22. There is a possibility of its including all the twenty-four metal trades in the American Federation of Labor.

That event several million workers will go out.

The group which is to stop work a week from next Monday has plenty of funds for a long fight, not only in the local unions throughout the country but also in the form of individual wage savings. The steel workers' union proper will be fully supplied with the twenty-three other unions comprising the metal trades group.

Considered Possible Suffering.

When the executive council of the union voted last Wednesday for a steel strike ample consideration was given to the liability of suffering by the women and children of the strikers through privation this coming winter. And so special provision for their welfare has been made.

This summary of the pending strike situation was given yesterday to The Evening Star by John Fitzpatrick of Chicago, chairman of the executive council, following a conference with Department of Labor officials. He indicated the council will meet again about the middle of next week at Pittsburgh, and go over revised strike plans with other union officials.

Mr. Fitzpatrick rather emphatically declared the executive council did not disregard President Wilson's request for a postponement of strike action until after the industrial conference in Washington October 6.

"Forced to Call Strike."

The council did everything possible to fulfill the President's desires in the matter," he said. "We were finally forced to call a strike by pressure from local unions. It was a situation in which we might legally declare a strike or sit tight and do nothing and have the local simply go over our heads and call a strike. We were forced by their elected representatives in the Federation of Labor."

Mr. Fitzpatrick produced telegrams which showed quite definitely that the locals would stand for no tactics of delay in action by the executive council.

You wonder why this spirit is in the air among the workers? This is one reason: In the last ten days seven of our workers have been killed by steel corporations. One of them was a woman shot to death when she ran into the street to protect some children who were in the line of fire. Here is another reason: In the Pittsburgh district union people are deprived of all their constitutional rights. They are forbidden the right of public assembly and the right of free speech. And a third reason: Our repeated efforts to arrange a conference with officials of the United States Steel Corporation have met with just one answer—the murder of our people."

States Strike Preventives.

Can the strike be averted now? The council chairman said it could not, that there shall be made an end of bloodshed; that the workers shall be given their rights; that they shall be able to obtain fair trial and legal justice when brought into court in the region controlled by the steel corporations.

President Wilson's telegram sent to Samuel Gompers, president of the Federation of Labor, urging him to halt the imminent steel strike, reached Washington after the executive council had adjourned and after most of the members of that body had returned to their homes, the council chairman said.

Mr. Fitzpatrick explained there is among labor leaders full confidence in the government's effort to bring about a settlement of the dispute. He pointed out, however, that the government's effort to progress, else, the labor men believe, there can't be any real progress.

A general participation in the management of all corporate productive enterprises by the workers, general unionization and a direct participation in profits. Labor is making these demands everywhere. England is trying to find a solution, and so is Canada. The big industrial conference of capital and labor, to be held at Ottawa, beginning September 15, is the government's effort to work out the problem satisfactorily for all concerned.

WILL RESUME HEARINGS.

Federal Electric R. R. Commission
Soon to Conclude Inquiry.

Hearings before the federal electric railway commission will be resumed September 23, it was announced today, to give members of public utility commissions and experts who were unable to appear at previous meetings an opportunity to testify and also to hear the views of labor representatives.

This meeting, which is expected to continue about a week, will probably be the last public hearing of the commission. Draft of a final report to the President will be undertaken by the commission at once upon conclusion of the meeting, it was said.

truck, twenty-three tank trucks, thirteen artillery supply trucks, seven water trailers, thirty-one kitchen trailers, one cargo trailer, thirty-eight motorcycles, 245 side-car motorcycles, 342 bicycles.

Night staff of the train scheduled were Philadelphia (last night). Have troops held at Camp Merritt and Mills, chiefly infantry, are to be moved to this city during the next few days, for mobilization at Camp Meade preparatory to the parade. The total strength of the division in the parade, it is stated, will be about 28,000 officers and men.

Official Program Featured.

The sale of official programs of the review will begin tomorrow and will be in the hands of 5,000 women of Washington, aided by boys of the Junior Marines Naval Scouts and the Junior Defense Guard.

The programs are the work of the staff of "The Come-Back," the official Walter Reed Hospital publication. The handsome cover is printed in red, blue and brown, and the book contains sixty-four pages, filled with pictures of the 1st Division in action, taken by the Signal Corps, and with a complete history of its operations.

The line of march in New York and in Washington, a page of pictures of the house military committee, and another of the corresponding committee in the Senate, a stirring poem by Maj. Arthur Hanson Miller, C. A. G., and a full page picture of President Wilson are other features.

One who will make any profit out of the programs, the work of compiling them and selling them being voluntary. And to enable it to present a copy to every man of the 1st Division the Come-Back management has arranged to distribute artistic gold and silver medals to the most successful saleswomen. Gold medals will be presented to those who turn out 100 or more copies of the program, and silver medals to those who turn out 50 or more. The program will be given to the soldiers in exchange for their old program, and will be given to the soldiers in exchange for their old program, and will be given to the soldiers in exchange for their old program.

The welfare organizations having charge of the program sales have established headquarters in the Franklin School building in the office of Miss Cecil Norton.

Shower of Flowers Suggested.

Suggestions have come from numerous sources that the thousands who view the parade next Wednesday bring with them all the wild and cultivated flowers they can gather and shower the marching troops with as they pass.

"Every man, woman and child should gather all the wild and cultivated flowers within the District and adjoining counties," said Fulton R. Gordon of Chevy Chase today, "and at the approach of the parade throw a liberal portion of their flowers in front of his horse, retaining the balance to shower upon the soldiers following."

The superintendents of our parks and botanic gardens might be requested to gather all the flowers in their gardens and have Boy Scouts distribute them to spectators along the route of the parade, to be thrown to the marchers."

Airplanes to Fire Salutes.

Spectators at the review will see the best imitation of an air battle ever given in, or rather over, Washington. There will be twenty-three airplanes flying while the soldiers are marching, and they will fire a series of salutes from their machine guns while passing over the parade. Nine of the machines will be of the De Havilland type and fourteen will be Bristol single-seaters.

While the airplanes are darting through the sky a large "sausage balloon" of the type used on the front for observation, will be flying above Potomac Park. The big bag will be a familiar sight to the veteran marchers, for balloons of this type marked the battle lines on every day of the war. Each woman applying for seats will be asked to show evidence that she has a son or husband in the 1st Division.

Will Seat Wives and Mothers.

The Y. M. C. A. is erecting a stand of limited capacity opposite Eagle Hut, on street and Pennsylvania avenue, which will be given over to wives and mothers of men in the 1st Division.

The distribution of these seats will begin Monday morning at 10 o'clock, under the direction of C. H. Harrington. Each woman applying for seats will be asked to show evidence that she has a son or husband in the 1st Division.

Sightseeing Trips for Soldiers.

The Knights of Columbus have provided sightseeing trips for the 1st Division men who will reach Washington before the review next Wednesday. Tickets may be obtained from the camp secretaries at Camp Leach, Camp Meigs and East Potomac Park. They will entitle the holders to a ride on the buses that start from the K. of C. hut at 7th street and Pennsylvania avenue.

LABOR M. P. FLAYS WAR SECRETARY CHURCHILL

J. H. Thomas Criticizes Statement
Regarding Delay in Evacuating Northern Russia.

GLASGOW, September 12.—A slashing indictment of Winston Churchill, the secretary for war, for his declaration of yesterday regarding the delay in the evacuation of northern Russia by British forces was delivered by James Henry Thomas, labor member of parliament, at the resumption of the sessions of the trades union congress here today. Mr. Thomas' speech was a well-organized attack that the troops be withdrawn from Russia.

The congress enthusiastically adopted the resolution, which, besides demanding the immediate withdrawal of the troops from Russia, demanded the repeal of the conscription act.

In his statement on the north Russian situation, War Secretary Churchill yesterday declared that the evacuation of northern Russia was being and would be adhered to, but that the evacuation had been retarded owing to the necessity of bringing out many Russians who were in danger of their lives from Bolshevik vengeance, as well as women and children. He denied that British troops had been employed or that the British government had accepted any responsibility in operations against Petrograd.

CARS OFFERED TO TAKE INJURED MEN TO PARADE

In order to have all the convalescent soldiers in and near Washington see the parade on Wednesday, sixty-seven automobiles have been placed at the disposal of the War Camp Community Service by the Public Vehicles Chauffeurs' Union. Each car will be provided with a driver, and soldiers will be taken to the stands and back to the hospitals after the parade. It is expected that not less than 3,000 soldiers will witness the parade.

Special seating arrangements for the soldiers from the hospitals are being made on the grounds of the Knights of Columbus Hut, on Pennsylvania avenue. The decorations will include flags of all the allied nations.

Many offers of private cars for conveying the wounded from the hospitals have been received by L. H. Weir, chief executive officer of the W. C. C. S. These cars will be assigned to service at different hospitals.

"Every convalescent soldier, sailor and marine in the District of Columbia will have an opportunity to see this parade," said Mr. Weir today. "While additional cars are needed for bringing the boys in from the hospitals, the command spirit with which the people of Washington are rallying to this phase of the welcome event indicates that we will have sufficient number of cars when the day comes."

CLOSING DOWN OF MAILS AND BUSINESS SEPT. 17

There will be no delivery of mail by letter carrier here September 17, City Postmaster Chance has announced. It will be a holiday for the city post office force as for the rest of the city. Collections of mail will be made throughout the business district at 8 o'clock a. m. and in the residence districts at 4 and 10:30 o'clock p. m. There will be a delivery of mail to hotels and newspaper correspondents at 8 o'clock in the morning.

Only the stamp windows and the box office will be open. The city post will be closed all day. Parcel post may be mailed at the main office. Airplane mail will be received at the mailing office until 10 o'clock a. m. The day will be a legal holiday in the District of Columbia. Banks will be closed all day and business generally suspended by 12:30 o'clock.

PHONES FOR INQUIRERS ESTABLISHED AT CAMPS

Telephone connections have been made at Camp Leach, American Union today. At Camp Meigs, Florida avenue, north of the city, and at East Potomac Park. Information officers have been designated at the camps, who will answer inquiries as to units, officers and men assigned to the camps to the best of their ability.

Persons wishing to locate officers or men of the 1st Division may call the information officers at these camps, who have been directed to furnish all information in their possession.

Alleging Assault, Sues for \$10,000.

Alleging an assault, Hyman Goldmann today filed suit in the District Supreme Court to recover \$10,000 damages from Louis Weinstein. He says the defendant attacked him August 9 last, choking and ill treating him.

I. O. O. F. DISPATCHES CALLED UNAUTHORIZED

Clash of Dates for Order's Parade
at Baltimore and Pershing
Celebration.

Special Dispatch to The Star.
BALTIMORE, September 12.—The Independent Order of Odd Fellows has not asked President Wilson to oust Secretary of War Baker, nor did it wire to Secretary Baker to resign before the President forced him out of the cabinet. The two telegrams sent out last night in the name of Grand Secretary William A. Jones were unauthorized and unwarranted, Mr. Jones said today, and were sent by a man who acted without consulting the grand officers. Mr. Jones, acting for the order, repudiated the whole matter.

The incident grew out of the chance of the date of the Pershing victory parade in Washington from September 16 to September 17, the day of the Odd Fellows' parade here.

Mr. Jones today also sent a telegram and letter to Secretary Tumulty explaining that the two dispatches were the work of an unauthorized person and expressing regrets that they had been sent. He said they did not represent the order itself.

Consult With Senator.

Representatives of the Independent Order of Odd Fellows today consulted with Senator Sherman of Illinois, chairman of the District committee, and Senator France of Maryland, to see if something could not be done to have the parade of the 1st Division held on September 17, instead of September 16, as now planned.

The national organization of the I. O. O. F. is to have a celebration in Baltimore on September 17 and a parade, Odd Fellows from all parts of the country are to take part. This date had been selected and all arrangements made some time ago. When the matter of a parade of the 1st Division in Washington came up, representatives of the Odd Fellows say, they took the matter up with Secretary Baker. They said today that it had been arranged that the parade should take place either the day before or the day after the Odd Fellows' parade in Baltimore. In that way it would be possible for the military bands to be used in Washington one day and in Baltimore the other.

ATTACK ON SAITO PUTS SEOUL UNDER ARMY RULE

TOKIO, Wednesday, September 10 (by the Associated Press).—Since the attempt to assassinate Baron Saito, governor of Korea, at Seoul, September 2, every part of that city has been occupied by Japanese troops and the place is virtually in a state of siege.

The would-be assassin still is at large, although a number of persons suspected of being implicated in the plot are under arrest.

There are evidences that the conspiracy was a well-organized one, and the assassins are declared to have tried unsuccessfully to reach Baron Saito at the Korean port of Pusan.

Atlantic City Next Encampment
City—Sisson Heads S. of V.

COLUMBUS, Ohio, September 12.—With Atlantic City chosen as the 1920 encampment city, Grand Army of the Republic delegates today will elect officers and make resolutions to be submitted by the executive committee.

Harry D. Sisson of Boston, Mass., was chosen commander-in-chief of the Sons of Veterans, also in reunion here.

Guilty of Shooting Mother-in-Law.

GREENVILLE, S. C., September 12.—Hugh T. Bramlett, who has been on trial here since September 3 for the murder of his mother-in-law, Mrs. Lou C. McHugh, was last night found guilty of murder in the first degree. According to his own confession, Bramlett shot and mortally wounded Mrs. McHugh and seriously wounded his sister-in-law, Mrs. Edna McHugh, as they sat on the front porch of their home, in Greenville, on the evening of June 12 last.

According to the testimony, Bramlett drove up to the house in an automobile, jumped out of the car and opened fire with his pistol.

Why you save over \$3.00 per pair when you buy Emerson Shoes

THE average cost of the leather linings, etc., from which the shoes in
our stores are made has advanced over \$3.00 per pair.

You make this saving because a fair and square retail price is branded in
the process of manufacture on the soles of every pair of Emerson shoes in
our stores, based on what the materials cost us, not the market value today.

I have always given my customers any saving I can make for them as a
result of my long experience in knowing when to buy leather, because I
prefer to sell many shoes at a small profit rather than a few shoes at a
large profit.

As a result of this policy Emerson Sales have increased over 600% in the
last four years.

Never before have we shown so many smart up-to-date models—acknowledged
