D. C. ASSOCIATION ASKED 25 TO FOSTER SUCH AFFAIR

Suggestion of Tom Moore, However, Is Not Acted On-Plenty of Paid Talent Here for Holding of Professional Title Play.

BY WALTER R. McCALLUM.

OM MOORE, president of the Indian Spring Golf Club, made a suggestion at the annual meeting of the District Association that of athletes they will tell you that, as merits consideration.

Moore suggested that the District Association give its sanction to an amateur-professional event to be held over the course of the Indian Spring Club some time this year, in which the professionals and their assistants at the clubs about Washington would be paired in a medal play event with prominent amateurs.

G. H. Chasmar of Columbia, president of the association, he turned over the chair a few moments later to the new head, Morven Thompson of Chevy Chase, said for the present the affair was a matter for the individual clubs to decide and indicated that the event would have the sanction of the organization it Indian Spring wished to hold it.

STRAIGHT OFF THE TEE

grounds, is ready and willing to recognize and assist a respon-

sible organization of public course golfers, which will stand on its own feet and be responsible for the actions and link etiquette of

and Country Club yesterday. The course is considerably torn up by reconstruction work, but it is expected to be ready for play by mid-

Alterations also are in progress on the ground floor of the clubhouse, which when completed will have converted the east half of the grill into a lounging room. Comfortable couches and chairs are to be installed.

The date for the junior tournament to be held under the auspices of the District Golf Association, which has been left to the executive committee to decide, probably will be set for early fall. The golfers who enter must be under twenty-one years of age. They will play for a trophy donated by Albert R. MacKenzie of Columbia. Among the notable candidates for the honor of being the first winner will be Roland MacKenzie, son of the donor; De Vere Burr of Indian Spring, Henry G. Davis, Reginald Loftus and several other junior players of Chevy Chase, and Russell Jewell of Washington and Karl F. Kellerman of Bannockburn. All play excellent golf and need only competition to round out their game.

Guy M. Standifer of Columbia and Chevy Chase, former holder of the District amateur title, will return to Washington within a few weeks, after spending part of the winter on the Pacific coast.

Fred McLeod will not come back to Washington before the north and south open at Pinehurst, the latter part of the month. He will play in the several open tourneys.

The course of the Chevy Chase Club was closed Friday, owing to its soggy condition,

A new putter has found its way on the market. Instead of the customary round grip, the club has a slot in which the thumbs fit, the claim being made that better direction can thus be obtained.

The government is to provide a fieldhouse, which will contain tooker rooms, showers, toilets, a covered pavilion and other facili-

a covered pavilion and other facilities for the comfort of the golfers who patronize the Rock Creek Park public course, under the terms of the concessions let last week to Norman B. Frost and Harold D. Miller. The concessionnaires will be required to provide all equipment for maintenance, but the course will be turned over to them with tees, greens and fairways completed. The holds

as several open tourneys.

Moore's suggestion brings up again the proposal for the District professional tournament in which the paid brigade at clubs about Washington could compete for the open championship. A small purse might be raised for the pros. part to be paid by the club holding the tournament, and possibly part could be raised by subscription.

Plenty of Talent Available.

Three New Pros Here.

Three New Pros Here.

Plenty of Talent Available.

There are nearly a score of professional golfers and their assistants at clubs about Washington now or employed in stores or at the publiclinks. Such a tournament would bring them all out and would demonstrate the quality of professional golf hereabouts. Along that line it is announced that P. D'Arcy Bannagan, the popular caddie-master at Columbia has been raised to the dignity of assistant professional at that club, and will aid Fred McLeod in giving lessons. Isidore Feldman has been named caddie-master, succeeding Hannagan.

Ralph Beach, son of the green-keeper at the Washington Golf and Country Club, will remain as assistant pro at Checy Chase when Robert T. Barnett takes up his new duties at the club on Connecticut Avenue. Beach assisted Orrin A. Terry in his teaching work, and has developed

came into national prominence, the sensation of the world. There were those who predicted that by the time he was twenty he would be an outstanding player, a national champion is so high above all the rest that ne one could touch him. Well, Jones is past twenty and he has yet to win his national championship.

At Brookline last year where he played superb golf only to be nosed out by the marvelous golf of Jess Sweetser, four under even fours for the full extent of the match. Time after time Jones has swung into after time Jones has swung into championships with what ordinarily would be unbeatable golf only to have some rival put through days of miracle play. Is there some fate camping upon his trail?

Bobby may think so; for witness his remark at the end of the extraordinary tourney at Brookline last September: "I guess it's not for me ever to win a national championship."

its members. Apprised of the action of the District of Columbia Golf Association in expelling the Potomac Park Golf Club from its membership, Col. Sherrill said the members of the club had given some trouble to public links authorities in seeking priority rights on the public course and in other ways.

BY LAWRENCE PERRY-**Bobby Jones One of** Youngest to Gain Fame at Golf.

tion. And he is young, too. In fact, he is at an age where most men begin to think of climbing into the championship class. He has years ahead of him, years which will see further development in his play.

Despite two bad seasons in a row. Bob Zuppke, Illinois' dynamic little foot ball coach, still has a margin of victory over all of the conference teams which he has met in his years of coaching, except Michigan and Ohio, which are tied with him.

By George O'Neil_

By George O'Neil

The upswing of the driver must be necomplished in one sweep, which must be unbroken and be free from jerk. When the club goes back over the shoulder, or as it is getting up to the top of the stroke, let the right hip go around with the shouldyrs and the body. As the hip goes to the right, let the left knee go outward toward the ball. This lets the left shoulder droop downward, as it should, so that no effort is required to see the ball. Do this slowly a few times and gradually increase the speed of the exertion until you feel it grow into a regular, honest-to-goodness golf swing. It will do that.

An excellent way to get the idea

will do that.

An excellent way to get the idea of this absolutely fixed in your mind before trying it with a club is to do it as an exercise without the use of golf clubs. Place your

Be careful not to exaggerate any particular part of it. Just take it easy, so easy that you get so you can do it practically without execution. Then pick up your driver and promptly forget that you have a driver in your hand. Still do your "exercise," but with the driver in your hand. Oh, how pasy!

Col. Sherrill, who is himself a ers of the concessions will be pergolfer and sympathizes with the needs and attitude of the majority of public course players, was emuse of all facilities.

sponsible and cohesive organization to conduct the affairs of the public park links and to represent them officially.

It was pointed out to the engineer officer that such organizations exist in other cities, and that they have the full sanction and approval of the local governing bodies of golf. Public course golfers in other cities are given full privileges, backed by their responsible clubs.

L. A. Snead, who has been declared to be one of the coming golfers of the Columbia Club, performed very creditably in the annual spring tournament of the Augusta Country Club a few days ago. Snead won to the final, where he lost to A. S. Bourne by 2 and 1, defeating several fine players on his way up. The tournament was a handicap affair.

GOLF FINAL TO PARSON.

The caddie house at Columbia has been completely remodeled and reconstructed under the direction of F. B. Pyle, well known Washington architect, who is a member of the club. In the future the caddies will be kept in the rear of the house, where they will be assigned jobs by Isldore Feldman, the new caddie master. "Red" Bannagan, former caddie master at the club, has been raised to the dignity of assistant professional. New club racks and a new work bench have been built. ZUPPKE STILL AT TOP.

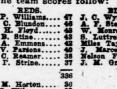

INSIDE GOLF

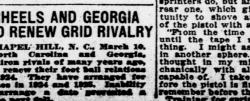

hands on your hips, thumbs pointing forward, not backward. Then start your shoulders—not your body—to the right. As the shoulders pull on the body, let the body go to the right, too. As the hip moves around, let the left knee go forward until your left elbow is pointing straight ahend of you. Then come right through to the left until your position is completely reversed. There you have the golf swing exactly as it should be. Perhaps you might improve it a little by stooping, as you would in a drive, when you do this exercise.

Golf is third in line as a favorite sport in Great Britain, according to a aporting ballot recently cast abroad. More than a quarter of a million tickets were sold, \$50,000 being set aside for prise money, and the profits will be divided among the British Red Cross, the St. Thomas Hospital and other institutions. A total of 3,811,742 votes were cast, and horse racing topped the list, with tennis and golf following in order. Between golf and tennis there was a difference of only 2,000 ballots.

By the Associated Press.

NICE, March 10.—Entries for the Nice lawn tennis tournament opening Monday closed this afternoon and the draw will be made tomorrow.

Among those entered are Suzanne Lenglen, holder of the world title for women; Mrs. Molla Bjurstedt Mallory, American champion; Miss Kathleen McKane, ranking British woman, and Mrs. Beamish, another British star.

King Gustave of Sweden, former Duke of Connauctions.

Name of Connauctions against a first-class male oppon was answered.

"In her match with Col. H. H. Mayes," says the correspondent, serious note was undoubtedly struck. The players knew it; the crophoped for it, and realized they were not being disappointed; the bid boys scuttled about and 'threw in' with more than their usual ardo. The score recorded in the first set was 6—1 in favor of the Canadia It might conceivably have been 6—0 in the second if Mile. Lenglen, not exhausted by the severity of the bout, had not retired when Col. Mayes had won five games."

DAVIS CUP RECORD CET

The correspondent save took a method of Connauction of C

WITH BELGIUM'S ENTRY

NEW YORK, March 16.—A new record for Davis Cup competition was established today when Belgium's 1923 challenge reached the United States Tennis Association, bringing the total number of nations entered to fifteen, one more than the high mark set a year ago.

Several other challenges are expected before entries close next Thursday. Argentina, according to cable dispatches, has decided to play, but its formal challenge as yet has not been received. Spain and the Phillippines, both of which competed in 1922, also are expected to be deventh-hour entries.

Of the nations entered to be deventh-hour entries are expected to be deventh-hour entries.

Of the nations entered to be deventh-hour entries as yet has not been received. Spain and the Phillippines, both of which competed in 1922, also are expected to be deventh-hour entries.

Of the nations entered to pelled a physical strain which is the effect in the end of yielding ball that gave Mayes an easy chamber at kind. The match showed that the leading men and women of the present generation cannot really be matched or level terms.
