

McADOO BACKERS WIN IN KENTUCKY

State Convention Adopts Unit Rule
After Stormy and Long
Session.

MOVE BITTERLY FOUGHT

Districts Had Instructed Two for
Underwood.

By the Associated Press.
LEXINGTON, Ky., May 15.—The Kentucky delegation of twenty-six to the Democratic national convention was instructed for William Gibbs McAdoo for the presidential nomination after his supporters forced adoption of the unit rule by the state convention, which adjourned here at 2:40 a.m. after a session marked by great commotion and disorder.

The unit rule was adopted after three roll calls and over the strenuous objection of supporters of Oscar Underwood, United States senator from Alabama, who asserted their intention to take an appeal from the decision before the national convention at New York, since two delegates from the ninth Kentucky district had been instructed for Underwood.

Right to Override.
It was held, however, that despite the district instructions the state had a right to declare for the unit rule. It was said that in 1912 the Baltimore convention ruled in a similar instance that the state convention's right to declare the unit rule in effect was supreme.

The McAdoo forces dominated the convention through a coalition with the state administration, but did not obtain their desired without a hard fight. Four minority reports were rejected on roll call.

W. T. Hill, contending in behalf of Senator Underwood, made a vigorous speech against the unit rule, mentioning McAdoo's name in connection with Teapot Dome, but was himself heard for several minutes, and when he resumed it was along another angle.

The convention adopted what was regarded as a veiled stand on the Ku Klux Klan issue, the Klan not being referred to directly, but the Democratic party now opposes and always has opposed every effort from any source which seeks to describe any citizen because of race or religion, read a part of the resolution adopted.

BACKS LA FOLLETTE.

Locomotive Engineers' Head Urges
Senator for Third Party.

NEW YORK, May 15.—Choice of United States Senator Robert M. La Follette of Wisconsin as the presidential candidate of a third party was urged by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, at a session of the biennial convention of the Amalgamated Clothing Workers of America here yesterday.

"I am not sure he will be nominated and I speak without authority," Mr. Stone said. "With both parties dropped in, no one knows how far-reaching will be the outcome of the Washington investigations. It is important, therefore, that you use the power you have in your hands."

Mr. Stone reported that the Brotherhood's eight banks had deposits of \$125,000,000, and that the union planned to open seven more soon.

VOTE TO SEEK UNION AID.

ALLENTOWN, Pa., May 15.—After six hours of spirited debate delegates to the Pennsylvania Farmer-Labor party convention last night voted to send representatives to the conference of union railmen in Cleveland on July 4, when the formation of a national labor party is to be discussed. The fight on the convention floor was on the question of sending the delegates to Cleveland or St. Paul for the Farmer-Labor progressive convention on June 17-22.

The delegates favoring the Cleveland conference won by a vote of 12 to 20.

Enters Race for Senate.

COLUMBIA, S. C., May 15.—Cole L. Blaise, former Governor of South Carolina, announced last night his candidacy for the Democratic nomination for the United States Senate, subject to the action of the party primary in August. His opponents are expected to be the incumbent, Senator Dial and Representative James Byrnes of the second South Carolina district.

Indorsed for U. S. Senate.

FLINT, Mich., May 15.—Dean Mortimer E. Cooley, forty-three years head of the engineering department of the University of Michigan, was indorsed for United States senator at a pre-primary conference of Democratic leaders here last night.

McADOO FIGHTS LARGER NASHVILLE DELEGATION

Democratic Committee Authorizes
28 Additions, Following Sweep-
ing Primary Victory.

By the Associated Press.
NASHVILLE, Tenn., May 15.—Twenty-eight delegates to the Democratic convention for Davidson county next Saturday, in addition to the 106 voted for in yesterday's preferential primary, are yet to be named, according to the plan adopted by the county committee.

The wording of the primary call given this authority to the election committee of five. This arrangement, it is contended by McAdoo leaders, would present an opportunity of reversing the result of the election yesterday by naming twenty-eight additional Underwood men and thus wiping out the McAdoo majority.

McAdoo swept the county in yesterday's election. He received 60% votes in the county convention, while the opponents of McAdoo obtained only 41%, with a tie vote in one ward. The vote was the lightest in the history of the county. Only a few more than 4,000 ballots were cast.

McAdoo carried both the county and city boxes. McAdoo leaders were jubilant over the result and predicted last night that they would now secure an instructed delegation from Tennessee to the national convention. McAdoo headquarters last night questioned the authority of the election committee to name the additional twenty-eight delegates and insisted that only the delegates elected in the primary can take part in the county convention.

FERRIS "FAVORITE SON."

Michigan Democrats Tentatively
Indorse Senator at Opening Session

FLINT, Mich., May 15.—Democrats opened their state convention here today. Indications early in the day today that the session would be harmonious and that delegates would take no action on the wet and dry issue or other questions on which there were conflicting opinions.

It was tentatively decided by leaders to adopt a resolution favoring enforcement and to send a delegation to the national convention, uninstructed except to cast the "favorite son" ballot for Senator Woodbridge N. Ferris. The delegates were said to be about evenly divided on the wet and dry issue.

At a pre-convention meeting last night the delegates listened to a speech by William G. McAdoo and then held a pre-primary conference, in which a complete slate of state officers was indicated. The candidates included Dean Mortimer E. Cooley, for forty-three years head of the engineering department of the University of Michigan, indorsed for United States senator.

Why They're Using Joint-Ease for Burning Feet

Just because it is now known that burning, sore, aching, swollen feet are caused by trouble in the many joints in the foot and Joint-Ease soaks right in and gets to the seat of the trouble—the cartilage and ligaments of the joints. And to think that for generations we have been powdering and soaking our feet, thinking the trouble was only skin deep—an old-fashioned idea.

Well, better late than never—just stop the powdering and medical bathing and other foolishness for three days and just rub on Joint-Ease and remember when Joint-Ease gets in foot agony and burning get out—quick—60 cents a tube. Peoples Drug Stores sell lots of Joint-Ease.—Advertisement.
