FORD GETS 10 DAYS TO WITHDRAW NAME

State Secretary Makes Ruling on Involuntary Entry in Senate Race.

By the Associated Press.

LANSING, Mich., August 11.—Henry Ford, six years ago, a Democratic candidate for United States Senator and now an involuntary candidate for the Republican nomination for the same office, has 10 days in which to eliminate himself from the lists in the State-wide primary September 9.

Charles J. Deland, Secretary of State, who accepted nominating petitions for Mr. Ford, made this announcement today after obtaining a ruling from the State attorney general's office. Mr. Ford's name will go on the ballot, the Secretary of State said, unless a letter or telegram asking that his name be withdrawn, is received from him before the ballots are printed 10 days hence.

Boom Sponsors Unknown.

The Ford petitions, signatures to which were obtained by a Detroit directory company solicitors, were filed almost at the last minute Saturday afternoon by Peter Fagan, secretary of the Public Utilities Commission. Fagan declined to disclose who sponsored the Ford boom, and his chief, William W. Potter, chairman of the commission, who is a candidate for the Republican gubernatorial nomination, disclaimed responsibility for the movement. Fagan brought petitions containing approximately 34,000 names, although only slightly more than 7,000 were required.

Unless Mr. Ford withdraws his name, the September primary will find him opposing his former business associate, James Couzens, incumbent for the Republican nomination, as well as three other aspirants to the office. Candidates will be nominated for a short term as well as the full term. The short term will expire March 4 next, being the unexpired portion of former Senator Newberry's term.

All Seek Renomination.

All present Republican members of Congress from Michigan are seeking renomination, and, with the exception of Earl C. Michener, in the second district, all will have opposition in the primaries. In the first district, now represented by Robert Clancy, sole Democrat from Michigan, nine are seeking the Republican nomination, but Clancy is unopposed for the Democratic nomination. In the sixth, eighth, ninth and twelfth districts the Democrats failed to place a candidate in the lists.

ASKS FORD BE ENTERED.

People's Progressive Vice President Nominee Hits La Follette.

By the Associated Press.

DETROIT, Mich., August 11.—Roy M. Harrop, vice presidential nominee of the People's Progressive party, announced here yesterday that he would demand that the name of Henry Ford be placed on the ballot in Nebraska as the presidential candidate of the Progressive party.

He declared he would protest against the placing of Senator La Follette's name on the ballot as the party's presidential candidate and would also object to the certification of Dan C. Butler as the Progressive party's candidate for governor.

Mr. Harrop declared Henry Ford had received the presidential indorsement in the Nebraska primaries. His objection to Senator La Follette, he said, was based on the Senator's stand against the Ku Klux Klan. "Senator La Follette," he said, "has raised a religious question in his stand against the Ku Klux Klan which I do not believe is brought in good faith.

"My objection to Dan Butler," he added, "is that he is a Democrat and not a Progressive."

BIG DROP IN POTATO CROP IS RECORDED

1924 Yield Will Be 13,000,000 Bushels Under Last Year's, Statisticians Find.

By the Associated Press.

WAKEFIELD, Mass., August 11.—A potato crop 13,000,000 bushels smaller than in 1923 is forecast for 1924 by the United States Department of Agriculture, basing estimates upon the condition of the crop on August 1, according to an announcement by statisticians at the crop reporting service station here. Basing estimates on a condition 85.4 per cent of normal, the crop will be 399,000,000 bushels, compared with 412,000,000 bushels harvested in 1923 and the five-year average of 391,000,000 bushels.

Prospects for the crop in the eight major late crop States improved nine points in July and the total crop in these States promises slightly less than last year, but about equal to the average. Twelve minor late crop States were 11 points under the average. Production in New York, Pennsylvania and Michigan promises slightly less than last year, the report said, while New Jersey, Wisconsin, Minnesota and North Dakota promise moderate gains.

Surprise for Teacher.

From Judge.

When small Margaret entered the first grade she found herself in a class where the foreign element was in the majority.

Most of these children were dirty, and the teacher was, of course, glad to have one clean pupil. Wishing to impress this fact upon the class, she said one day to Margaret: "My, but I am glad to see you looking so nice and clean, Margaret!"

"Well," observed Margaret seriously, "you'd be clean, too, if you had my mamma to wash you."

NEW YORK CITY spent two million dollars for the new Coney Island. A beach 250 feet wide has been built by pumping 1,700,000 cubic yards of sand from the ocean.

Millions are being spent today for entertainment and recreation. Millions are being spent in the publishing business. Hearst's International alone is utilizing its vast resources to fill every single issue with features any one of which might satisfy the average publisher.
