## LARGEST CROWDS OPEN HORSE SHOW

Berryville Event Marred by Accident in Which Two Are Hurt.

Special Dispatch to The Star.

BERRYVILLE, Va., August 16.—The Clarke County horse and colt show opened here yesterday, with perfect weather and a record attendance. Showers late yesterday settled the dust and put the track in excellent condition. All of the classes were unusually well filled, and one race, 5 furlongs, had so many entries that the management was forced to divide it into two races.

An accident occurred during the showing of the half-bred colts, suitable to become hunters, when Richard Garver had his arm broken and Arthur Osborne, riding for R. C. Love, Johnstown, Pa., sustained a broken collar-bone.

#### **ROCKVILLE FAIR GETS NEW RACING FEATURE**

Novel Attraction Consists of Animals That Perform

on Track.

on Track.

Special Dispatch to The Star.

ROCKVILLE, Md., August 16.—The Rockville fair officials announce that they have secured as an added attraction, for the fair, beginning August 20, the Race Track Frolics.

Race Track Frolics.

Race Track Frolics.

Race Track Frolics consist mainly of harness horses, six in number, headed by the trotter, Dolly May, with a record over a half-mile track of 2:07. She holds 27 track records. In her exhibition miles, she trots unguided or controlled by human hands. She scores unassisted, returns at the tap of the bell and scores again. After her race she pulls up and returns to the stand.

The Frolics also feature Rex, the famous dog, driving Little Lady in a race against Jim McKinney. Little Lady in a race again the manual discussed the porposal of an employment service for high school students and discussed the law.

The board discussed the law.

The board discussed the proposal of an employment service for high school students and graduates and instructed the secretary to consult with regard to the law.

Report to Chamber of Commerce Indicates Loss in Operations.

BY LESTER N. INSKEEP,

CLARENDON, Va., August 16.-A special report showing the relatively small number of persons who have availed themselves of the county water system was made to the board of directors of the Arlington County Chamber of Commerce last night by the special five-year program committee, of which Henry C. Morris is chairman. This is the first section of a much more complete report on the water sit-uation that is being prepared by the

Assembling the figures now available in the office of the water department. Morris' subcommittee found that there are now 1.390 water connections in the county, distributed as follows:
Clarendon, 710; Jefferson district,
250; Cherrydale, 195; Ballston, 80;
Washington Golf & Country Club section, 71; Rosslyn, 63, and Arlington, 21.

2,000 Connections Needed.

Owing to the fact that the committee has been informed that at least 2,000 connections are necessary to make the water system a self-supporting proposition, it would appear that the system is now being operated at a loss by the county. Verification of this report, however, must await the yearly audit of the books of the department, which is now under way. The subcommittee is also waiting this audit before making a final report. It has been estimated that there are between 7,000 and 8,000 homes in Arlington County, many of which are receiving their water from of which are receiving their water from wells and others from the Alexandria

Morris reported that tentative arrangements have been made with the Virginia Polytechnic Institute for an industrial survey of the county to be Virginia Polytechnic Institute for an industrial survey of the county to be made in October. He stated in his report that he has been in conference with Allen J. Saville, zoning engineer, with reference to the value of such a survey to the Zoning Commission, and has been assured that the information so gathered will be of great assistance so gathered will be of great assistance to the commission

Clarence R. Ahalt, chairman of the Clarence R. Ahalt, chairman of the sewerage subcommittee, submitted a digest of the act of the last General Assembly making it possible for Arlington County to have a county-wide sewerage system, including with the digest such data now available with regard to the steps taken to provide sewerage. President Keith R. Brumback assigned the report to the joint sewer committees of the Chamber of Commerce and Civic Federation for their information.

To Be Distributed. It was announced by P. P. Wood-

bridge, executive secretary, that the digest will be multigraphed and distributed to all members of the chamdigest will be multigraphed and distributed to all members of the chamber, extra copies to be made available to the Civic Federation and other organizations. The sewer law sets forth the manner in which a bond issue may be floated, and other rules to be followed by the county and courts. Since Judge Howard W. Smith of the Circuit Court, has already decided to submit

Harry G. Breckenridge Chosen Commander and Robert A. Riticor Vice Commander.

Special Dispatch to The Star.

LEESBURG, Va., August 16.—Loudoun Post, No. 34, American Legion, held their annual meeting here Wednesday for the election of officers. It resulted as follows: Harry G. Breckenridge, commander; Robert A. Riticor, vice commander; Roland Cochran, junior vice commander; William C. Whitmore, adjutant. The executive committee is composed of W. H. Clifford, retiring post commander; G. H. Musgrave, and James G. di Zerega. The finance officer and service officer will be named by the post commander.

The following delegates and alternates were named to the State convention at Petersburg; James G. df Zerega, H. G. cial Dispatch to The Star.

were named to the State convention at Petersburg: James G. df Zerega, H. G. Breckenridge, W. H. Clifford, G. H. Musgrave, Herbert Howard and Arthur S. Jenkins. Under Lieut. Col. W. H. Clifford, the retiring commander, the post has had a very successful year.

## B. & O. PLANNING LARGER FACILITIES

Takoma Park Siding Case Delayed 45 Days in View of Announcement.

The Baltimore & Ohio Railroad announced yesterday it is planning an enlargement of the freight facilities for the Takoma Park-Silver Spring area in order to more adequately serve this important and rapidly growing sub-urban section of Washington. The railroad's announcement was made after Daniel Willard, president, and C. C. Galloway, vice president of the company, had spent Wednesday of

made after Daniel Willard, president, and C. C. Galloway, vice president of the company, had spent Wednesday of this week inspecting sites in this area and investigating the general situation in Takoma Park and Silver Spring.

At the same time it was announced that the Baltimore & Ohio Railroad officials and J. Bond Smith, counsel for the town of Takoma Park, had agreed to postpone the hearings on the North Takoma siding case for 45 days to allow an adjustment of the Baltimore & Ohio's plan for the distribution of freight in the Takoma Park and Silver Spring section.

Spring section.

This case has been in the Montgomery County courts for more than a year, the town officials endeavoring to force the railroad to vacate from the North

the railroad to vacate from the North Takoma siding on the ground that this property was dedicated to the city for a park and that the town officials desire to use it for that purpose.

The North Takoma siding was the live issue in the town election in 1928, causing more bitter feeling in Takoma Park than any civic issue for many years. The action yesterday in agreeing to postpone the hearings on the case which have been going on at Rockville under a special examiner is believed to indicate that a compromise will be worked out agreeable to both the railroad and the town government.

May Mean Two Projects. May Mean Two Projects.

While the Baltimore & Ohio officials While the Baltimore & Ohio officials made no definite announcement as to the details of their plans in Takoma Park or Silver Spring, it is generally believed by those in touch with the situation that it will enlarge its freight handling facilities both adjacent to the Takoma Park, D. C., station, and at Silver Spring to provide for the railroad growth of each of these important towns, and also to allow for the handling of freight at Silver Spring for Northwest and North Washington City Northwest and North Washington City and western Montgomery County.

It was pointed out in this connection that Sixteenth street, Georgia avenue and the East and West Suburban highand the East and West Suburban high-way will all be improved through Sil-ver Spring during the present year and the ultimate improvement of West-ern avenue as a Washington City boule-vard from Georgetown and Massachu-setts avenue extended to Connecticut avenue at Chevy Chase Circle to the intersection of Eastern and Western avenues immediately west, of Silver avenues immediately west of Silver Spring will add a fourth major traffic artery to the present road scheme of that section, which obviously makes Silver Spring available as a distribution point for general North and Northeast Washington freight.

Washington freight.

The proposed rail head or freighthandling area for Silver Spring will be
entirely screened from Sixteenth street great residential section. The east side of the freight terminal will be screened iness frontages on the west ern side of Georgia avenue from the Georgia avenue subway to the Six-Georgia avenue subway to the Sixteenth street-Georgia avenue-Laurel-Baltimore Highway. On the north side of the terminal area it will be shielded by similar two-story brick frontages which are being required as restrictions on the industrial property now being sold in that valley. The third and west side of the industrial triangle would be screened from Sixteenth street and Fourteenth street and the general Rock Creek Valley section by the hill located Creek Valley section by the hill located immediately west of the Silver Spring Station and the Baltimore & Ohio

right of way.

This makes possible an extensive freight distribution development within this triangle, the activities of which will not be visible to motor traffic passing on either Sixteenth street or Georgia avenue.

Congratulated on Vision.

At the same time, J. Bond Smith, corporation counsel of the town of Takoma Park, who with Lucius Q. C. Lamar and Cissel & Woodward, is representing the municipality in the litigation, issued the following statement:

"The Baltimore & Ohio Railroad is to be congratulated on the vision which its higher officials have displayed in dealing with the question. The solution suggested by the company is one which will best serve the interests of the town of Takoma Park, the residential area immediately affected, the business community of Takoma Park and the railroad itself.

"If the railroad's program is success-

.....

hood will be preserved and at the same time the needs of the community will be much more steequately met by taking care of the service in the existing in dustrial area at the Takoma, D. C., station, which is much closer to all three of the business sections of Takoma than the North Takoma siding is. Existing facilities at Takoma Park, D. C., station can and doubtless will be enlarged to the extent required to take care of the Takoma Park business.

"The parks in North Takoma, includ-"The parks in North Takoma, including the one adjacent to the North Takoma siding, can then be developed in accordance with a comprehensive plan which will also take into consideration the elimination of the Chestnut street grade crossing. The treatment of this area is a problem over which the Federal and State authorities, including the National Capital Park and Planning Commission, the District Commissioners, the Maryland-National Capital Park and Planning Commission and the county and municipal authorities, are now coperating.

operating.

"If the solution suggested by the railroad can be worked out the present litigation will, of course, be abandoned
and the problem solved in such a manner as to protect the interests of all "Under these circumstances, I have

been glad to agree to a continuance of the pending case for a period not to exceed 45 days, during which time the railroad expects to be able to acquire the additional ground necessary for the expansion of its facilities."

Falls Church Council Approves Extension of System Into Town Limits.

Special Dispatch to The Star FALLS CHURCH, Va., August 16.-What is expected to be the first step toward installation of water and sewer mains in the town of Falls Church was taken this week when the town council passed an ordinance authorizing the board of supervisors of Arlington County to use the streets and alleys of the town for the purpose of laying water mains plan was presented to the coun-

The plan was presented to the council by Harry A. Fellows of East Falls Church, former mayor of the corporation and now chairman of the committee on internal improvements and zoning, and member of the executive and special sewer committees of the Arlington County Civic Federation.

Mr. Fellows, who has been working on the extension of the Arlington County water supply into the town of Falls water supply into the town of Falis Church for the last year, told the council that the Arlington County Water Board now appeared to be will-ing to extend its water mains at least as far as the Arlington County provided the town council made pro-vision for use of the streets. The line

May Do Work This Fall.

fax County boundary line, with laterals off the main line to subscribers in the Arlington County portion of the town.

A petition also will be forwarded to the A petition also will be lowarded to the Secretary of War asking him to grant the Arlington County Water Board au-thority to deliver water in the Fairfax County portion of the town as well. It was the opinion of Mr. Fellows that if the water board acted favorably as if the water board acted favorably as expected and if sufficient subscribers are obtained in Falls Church, extension of these facilities will be undertaken this Fall. The extension will be financed similarly to other communities in Arlington County, the water board delivering the water main, the citizens paying a tax of \$1 per front foot up to 100 feet and a \$40 charge for tapping. The water rate of \$24 per year, payable quarterly, entitles th econsumer to 40,000 gallons of water per year.

A motion by Councilman Charles

A motion by Councilman Charles Gage that action be deferred until the September meeting and a committee of three be appointed to study the terms of the ordinance failed for want of a and the ordinance was ap-

A second ordinance enacted by the council requires all trains on the Washington & Old Dominion Railway and Arlington-Fairfax Railway to stop before approaching Washington street Castleman Not a Candidate.

The council approved the payment of the costs incurred by the Fairfax County elect:

"The officials of the Baltimore & Court at Richmond in the suit brought

"The officials of the Baltimore & Ohio Railroad are considering the enlargement of the freight facilities of the company in the territory nearby to North Takoma in the event that final decision is reached to remove the North Takoma siding.

"In order to have time to study the whole situation the company has suggested the continuance of the hearing in the case against the town of Takoma in the case against the town of Takoma for a period of 45 days, which suggestion has been approved by the attorneys for the town."

Congratulated on Vision.

Officials at Richmond Conference Adopt Fairfax Proposition.

FAIRFAX, Va., August 16.—Victory yesterday crowned the efforts of George Harrison of Herndon, chairman of the highways committee of the Fairfax County Chamber of Commerce, who has been working for two months to effect a compromise agreement between the Virginia State Highway Commission, the Loudoun County Board of Supervisors and Col. Robert N. Harper of Loudoun County and Washington. "Uncle George" said last night on his return to Fairfax County from Richmond that the compromise effected yesterday in the office of H. G. Shirley, chairman of the Virginia State Highway Commission, was one that would work to the advantage of all Northern way Commission, was one that would work to the advantage of all Northern Virginia.

Under the terms of yesterday's agreement, the State Highway Commission has reduced its claim for compensation from \$7,000 to \$5,000, and Cdf. Harper has agreed to give the commission.

has agreed to give the commission a check for this amount as soon as the commission requests, with the under-standing that the Loudoun County su-pervisors will at some future time refund to him a portion of this money, when funds are available.

The agreement ... equit of the effort initiated several months ago by

of Commerce to have the take into the State system and improve all of the highway from the Armagon Memorial Bridge to Mount Weather in order that the location selected as a Summer home for the Nation's Presidents which he readly a validable in all dents might be readily available in all weather. All but 6.1 miles of this highweather. All but 6.1 miles of this high-way is in the State system, Money previously allocated by the commission for expenditure on the Leesburg Pike will hard surface all but 3.1 miles of this road, near Leesburg. When this money is spent, it will mean elimination of the tollgate now operated near Leesburg, as under State law no toll-gate can be maintained on less than 5 gate can be maintained on less than 5 miles of road.

When the committee from the Fair-

fax, Arlington and Loudoun Char of Commerce interviewed the com of Commerce interviewed the commis-sion several months ago they found that a deadlock existed between the State Highway Commission, Col. Harper and the Loudoun County supervisors, which had held up several years the expenditure of the \$23,000 appropriated by the commission for improvement of the pike in Loudoun County.

"Twenty years ago Col. Harper pur-

of-way, which skirted his property, and building thereon at his own expense a road costing \$17,000. Now the State cost them over \$19,000 to hard surface this right-of-way, as compared with \$5,000 over the original right-of-which they also contend is the way, which they also contend is the more desirable route. Col. Harper has objected to the return of the old right-of-way, which would pass within 60 feet of his present home. The chairman of the Highway Commission, H. G. Shirley, offered to compromise the matter some time ago by splitting the \$14,000 difference in the cost of the two routes if either Col. Harper or the Loudoun County board would pay Loudoun County board would pay \$7,000. This offer went for months without serious consideration. When Mr. Harrison and his committee learned the status of affairs and reported to the Fairfax County chamber, they were continued a committee to try and effect a compromise agreement in the interest of the people of Fairfax, Ar-lington and Loudoun Counties and Al-exandria City.

lington and Loudoun Counties and Arexandria City.
Yesterday's conference was attended by Supervisors Sam Coleman, H. C. Rogers and M. H. Whitmore, chairman of the Loudoun County board of supervisors; all the members of the State Highway Commission, Col. Harper, Mr. Harrison and about a dozen citizens of Loudoun County. After listening to the arguments of Col. Harper and Mr. Harrison's proposition for a compromise settlement of \$5,000, the board recessed to consider the question, later calling in Col. Harper and Mr. Harrison to an nounce their approval and to thank Mr. nounce their approval and to thank Mr. Harrison for his efforts in solving this problem, which has retarded the im-provement of the Leesburg pike for

for Year.

Special Dispatch to The Star.

MANASSAS, Va., August 16.—The twenty-fifth annual State convention of the Patriotic Order Sons of America came to an end following a morning session in which plans for 1930 were discussed and President-elect W, P. Mangum of Roanoke completed the list of appointive officers. These officers are: J. D. Tyler, Richmond, State chaplain; W. R. Bennett, Portsmouth; J. C. Cremer, Roanoke, and J. G. Luce, Richmond, State auditing committee, while W. L. Tyree was named assistant State secretary.

Winchester was chosen as the next convention city and the twenty-sixth State convention will be convened there on August 13 and 14, 1930.

# **CHURCH MAY MOVE**

Trustees Seek Site to Make Room for Rockville Law Building.

ROCKVILLE, Md., August 16.-In contemplation of selling the present church property to the county co sioners to make room for the proposed new Rockville Courthouse, the trustees of the Rockville Presbyterian Church have named a committee, consisting of Joseph Reading, chairman; Mrs. Almus R. Speare and William S. Joliffe, to canvass the town in an effort to locate an available lot, and ascertain the price

an available lot, and ascertain the price thereof, as a site for a new church building should the present property be acquired by the county.

The trustees have also appointed a building committee, consisting of Harold C. Smith, chairman; Judge Robert B. Peter, Almus R. Speare, Garnett Ward, John McDonald, Mrs. Theodora S. Mason and Mrs. Edwin Smith, to consider the type of edifice desired and the question of cost.

Reports to Be Heard Later. Following a joint meeting of these committees, Rev. Henry K. Pasma, pastor of the church, stated today, a

pastor of the church, stated today, a meeting of the congregation will be called to hear their reports with a view to fixing a price the commissioners will be asked for the church property.

Plans already prepared for consideration of the congregation call for an estimated outlay considerably in excess of the amount offered by the commissioners, and these plans may be considerably modified or new ones adopted so as to make possible a substantial reduction in the price heretofore fixed. Price to Be Considered.

It is planned to hold the congrega lonal meeting within the next few days cts of a satisfactory ad

Agreements as to prices have been reached by the commissioners with all but three of the other owners of property desired as a site for the new courthouse, and there is said to be an excellent chance that the contemplated condemnation condemnation proceedings may have to be resorted to.

#### DENIES STOP-SIGN THEFT.

Hyattsville Man Is Released to Await Grand Jury Action.

a Staff Correspondent of The Star. HYATTSVILLE, Md., August 16

HYATTSVILLE. Md.. August 16.—
The mysterious disappearance of several of the newly placed "stop" signs in Hyattsville and Bladensburg is believed by police to have been solved by the arrest here of Townshend B. Williford of Hyattsville.

Constable Wiseman and Policeman Reese, who took the man into custody have him charged with the larceny of one stop sign, the destruction of another, and the larceny of two red lanterns and two bags of isinglass, all the property of the State Road Commission.

mission.
Williford pleaded not guilty on arraignment and was released under \$1,000 bond, to await action by the grand jury.

Hagerstown has, through the Elks Lodge of that city, arranged a wonder-ful program for the visitors. They will Lodge of that city, arranged a wonder-ful program for the visitors. They will be entertained at the Hagerstown Country Club, with special features from Philadelphia and New York. At Weller's Clubhouse on the Potomac a huge crab feast will be held. The Stanley-Crandall Theaters will give special performances for the ladies. The special performances for the ladies convention will close with a grand ball at the country club. Banquet Listed in Program.

#### A banquet for all the lodge officers

will be held at the Hamilton Hotel. On Wednesday afternoon a grand parade will take place and will be reviewed by Gov. Budd of Delaware, Gov. Albert Ritchie of Maryland and Representa-tive Frederick Zihlman of Maryland. Mrs. Carroll.

Jack Brooks, Capitol Heights, said he was only examining potato bugs in his back yard, but Mrs. Alfred F. Harmer, his next-door neighbor, thought he was "snooping" at her and upbraided him for it. Brooks had the woman arrested for disorderly conduct, and Judge Sheriff imposed a fine of \$2.

For speeding in excess of 60 miles an hour, Robert D. Locksley, colored, 1000 hour, Robert D. Locksley, Robert D. Locksley, Colored, 1000 hour, Robert D. Locksley, Robert D. Locks George E. Strong, John J. Moriarty David La Port, Michael G. McCormick Thomas King and the secretary of the lodge, William S. Shelby

#### Large Attendance Predicted.

The general chairman of the Hagerstown committee, Edwin S. Puller, expects 400 members and their families will attend the convention.

Busses from the Blue Ridge Transportation Co. will leave the club at 9 a.m. Wednesday, August 21, and from the Raleigh Hotel, 7:30 a.m. and 9:30 a.m., 12:30 p.m., 2:30 p.m., 4 p.m. and 7 p.m. daily. The secretary's office will supply special tickets for members who wish to go.

#### \$3.124.41 IN FINES PAID.

Oxon Hill High School auditorium tomorrow.

The by-laws committee also submitted proposed by-laws for consideration and action, but owing to the absence of the president, Mr. Millard
Thorne, action was deferred until the
next meeting of the department to be
held in Oxon Hill School, Tuesday
night, 8 o'clock.

Several members of the department,
including Mrs. Janes, Mrs. Breen, Mrs.
Shegogue and Mrs. Charles Grimes, attended the recent Prince Georges
County Firemen's Convention, at
Hyattsville.
