There were five soloists. The first movement of the Mendelssohn "Concerto" was played by Jean Westbrook; the first movement of "The Symphony Espagnole," by Lalo, played by Paul Brightenberg; two movements of Saint-Saens' "Concerto" by David Legum; the first movement of the d'Ambrosio "Concerto" by Milton Schwartz, and the first movement of the Brahms "Concerto" by Isaac Minovich. Every one of the

young artists nad a message to convey and did it artistically.

Perhaps the outstanding performance last evening was the playing of the Brahms "Concerto" and the "Concerto" of D'Ambrosio, to which young Schwartz wrote his own cadenza. These two young men, scarcely out of their teens showed extraordinary talent and fine showed extraordinary talent and fine musicianship. There were several ensemble groups. The first was a brillian little caprice by Trouselle, which opened the program. The second was a group of three old favorites—"Drink to Me Only With Thine Eyes," "The Volga Boat Song" and MacDowell's "To a Wild Rose"—all arranged for four violins and played effectively by Mary Parks Clements, Miriam Buchalter, Julia Robertson and Mr. Kaspar.

Milton Schwartz also appeared as composer of a concerto for two violins. It is a melodious work in modern style and has some effective hamonies. This was played by the young composer and

The recital closed with the ever-fa-vorite "Thais," played by 40 young vio-linists. Mr. Kasper brought out all the dramatic effects of that composition dramatic effects of that composition and the players responded to every gesture of his baton. The difficult task of accompanying for the evening was ably performed by Dora Minovich and Mrs. Alexander.

# BY CAST IN 'HEROD

Shown by Columbia Players in Presenting Difficult Drama.

The Columbia Players, under the direction of Miss Aurora Poston, presented Stephen Phillips' "Herod" last night at the Wardman Park Theater.

The final production on their theatrical calendar of the year proved to be a difficult one. Even the most seasoned by Isaac Minovich. Every one of the difficult one. Even the most seasoned young artists had a message to convey professionals might have had trouble with it. Last night's company, however, came through with flying colors. With Robert D. Chace in the main role there came through with flying colors. With Robert D. Chace in the main role there was little that was wanting after the first uncertain moments. Life within Herod's palace seemed as complicated a state of existence as Mr. Phillips' must have intended that it should be.

As the program explained, "Herod the Great lives in the popular imagination as little more than a suspicious and jealous tyrant, known chiefly as 'an instigator of atrocity and woe."

"But the life of this Judean prince was a tragedy, the tragedy of a heart-

"But the life of this Judean prince was a tragedy, the tragedy of a heart-broken and remorseful man." And so, indeed, it seemed last night. For, after killing his wife's brother, and thereby losing her love, then jealously turning against her, he found at the end that he was nothing more or less than a raving maniac, imagining that he could summon once more his wife to him. raving maniac, imagining that he could summon once more his wife to him.

The poetry of the piece suffered a little through uncertainty of cues, but on the whole the players handled their parts with skill. Mr. Chace, who earlier in the season, did so well in "When the Ship Goes Down," portrayed Herod with imagination, and Grace Meyer, as his luckless wife, played the part as it should have been. Others in the cast who distinguished themselves were Helen Burton. Edith Dresden and Paul Alexander. Esther Cloyd, as the singing minstrel, added, furthermore, a good bit to the evening's entertainment, as to the evening's entertainment, as the Katheryn Dunkhorst Dancers

"Waterfront Terror" (or "terrier," as Mr. Brown calls himself) to vanquish his opponent, after going through a series of reducing sequences to get down to the proper weight. These sequences, with the help of Bert Roach and Miss Lightner, get funnier as they progress, until, with the fight, almost a limit of laughing has been reached.

Apart from the "Waterfront Terrior," his girl friend Winnie and Bert Roach, the cast hasn't much to boast of. Georges Carpentier does some splendid fighting, but seems a sheer loss at anything else, and Sally O'Neil is lost as the vapid heroine. However, the picture is well worth seeing. "A laugh a minute" is no exaggerated estimate in this case. AST year's successful musical comedy, "Hold Everything," has laugh. He is, to be plain, uproarious. Without Mr. Green, this picture would be like hundreds of others that are playing in small towns to the tintinabulations of century-old pianos. It has a girl from the East who inherits a ranch after the "foul" death of her brother, and comes there to live. It has a cowboy who falls in love with her, and kisses her rudely, even before that. And it has a villain, who has robbed the dead brother of some money, so that he can buy the ranch in which the fair "heroyne" has settled.
