

## 1929 SET RECORD IN FOREIGN TRADE

Farrell, U. S. Steel President,  
Cites Unprecedented Ac-  
tivity in Export Business.

By the Associated Press.  
LOS ANGELES, May 23.—Despite a considerable recent decline in activity, foreign trade for 1929 set a new record for both the United States and the world, James A. Farrell, president of the United States Steel Corporation, told the seventeenth annual convention of the National Foreign Trade Council here Wednesday. Mr. Farrell, as chairman of the council, opened the convention and presided.

If it is true that the slackening of world trade was due to some extent to money market conditions in the United States preceding the break in security prices, it seems also probable, Mr. Farrell said, that "the break itself may ultimately cause some measure of remedy." For, the chairman pointed out, "it has been followed by an easing of money rates, which is already turning the attention of American investors toward sound foreign securities."

Mr. Farrell declared California had taken fourth place among the States as a source of American exports and that Los Angeles "has shown the most startling increase in foreign trade, exports having multiplied in value 200 times in 14 years."

"The international commerce of the world is passing through a period which finds no close parallel in recent years," he said. "The present rate of activity is shown to be considerably slower than that of only a few months ago. The rate of the first eight or nine months of 1929 proceeded at an unusual pace, so that despite the slackening that occurred toward the close of the year, the aggregate for the full 12 months constituted a new record, both for the United States and for the world."

## GRAMTON PROPOSES TO HONOR JEFFERSON

Introduces Bill in House to Name  
New B Street Boulevard for  
Former President.

Representative Gramton, Republican of Michigan, yesterday introduced in the House a bill to name the new B street boulevard which is being improved from the Lincoln Memorial past the Capitol "Jefferson boulevard" in honor of Thomas Jefferson.

"It is strange that the Capital City up to this late date does not contain any public memorial to that name of pre-eminent greatness among the Nation's founders," said Representative Gramton. "It would seem to me to be peculiarly appropriate to correct that omission by naming this boulevard of fundamental prominence in the plan of the National Capital for him, not only because of his pre-eminence as a statesman, with which every American is familiar, but because of his close contact with and great interest in the development of the present plan of the National Capital."

"As Minister to France, it was he who brought together the plans of various European capitals and other cities, consulted by L'Enfant. On his return from France he co-operated closely with Washington in the development of the plans adopted. This great boulevard, it would seem to me, might most fittingly bear the name of Jefferson."

Representative Summers of Washington has introduced a bill to call the highway "Memorial Boulevard."

## WILL TRACE U. S. HISTORY BACK TO PERIOD OF 1814

Program Being Arranged for Ex-  
hibit Tomorrow Evening in Old  
Brick Capitol Building.

A historical program entitled "Turn Back the Pages of History to 1814" is to be given at 8 o'clock tomorrow evening in a portion of the old brick Capitol, 23 First street northeast. The drawing room in which the program is to be held was a part of the Senate chamber from 1815 to 1819. The program is being arranged by Miss Anna C. Stannard.

Miss Stannard also is preparing a petition seeking to have the old brick Capitol left standing until after the bicentennial celebration in 1932. The building forms part of the site of the new United States Supreme Court building, and present plans of the Government are to begin clearing the site next month.

## NEW DYE, CANCER DETECTION AID, DEVELOPED IN PHILADELPHIA

Laboratory Head Reveals Secret Use of Stain to Facilitate  
Prompt Surgical Removal.

By the Associated Press.  
PHILADELPHIA, May 23.—Progress in the development of a dye that makes it possible to detect internal cancers in the early stages of their growth was announced Tuesday night by Dr. Arnold A. C. Butts, director of Emory Laboratory, Hahnemann Hospital.

The discovery, he believes, provides a method of accurately detecting small cancerous growths and paves the way for prompt surgical removal of radium and X-ray treatment of cancers that have not spread too far.

The dye, which has been in secret use at the hospital for two years, is used at present only as an aid to early diagnosis.

Dr. Butts, who has devoted 13 years to cancer research, said injections of the dye are made directly into the veins of patients. The dyes are small and are of patients. The dyes are small and are of patients. The dyes are small and are of patients.

The dye, bright vermilion in color, has two special characteristics. It has a special affinity for the cells of cancerous growths, and its color makes the cancerous area show up clearly on an X-ray photograph.

## GANDHI DESCRIBES HIS PRISON LIFE

Reports Officials Attentive  
and Kind in Letter to  
Ashram Inmates.

By the Associated Press.  
BOMBAY, May 23.—Intimate details of the prison life of Mahatma Gandhi, interned high priest of the civil disobedience movement, yesterday were made known in a letter which he wrote to Miss Slade, alias Mira Bai, at Ahmedabad, Ashram, intended for the eyes of all Ashram inmates.

The "holiest" declares the prison officials are kind and attentive. He says: "I have been quite happy making up my arrears of rest. The nights are cooling and I am permitted to sleep right under the sky. I have a refreshing sleep."

"I am giving as much time as I can to the task (a hand spinning wheel). I find I have no speed on it at all. I hardly get 30 rounds in one hour. For the first day I gave nearly seven hours to it, reaching 100 rounds. I was washed out at the end of the performance. I must learn the trick of getting more speed. My health is alright. I rise at the Ashram hour (4 a.m.). I am given a light so that I can read the Gita, according to my custom."

Recovering From Exhaustion.  
"I am gradually recovering from my exhaustion. I rest regularly from 8 in the morning to 12 noon and then get two or three hours sleep during the day. I gave up oranges during the march, but have begun taking them again here. On the first day I took raw goat's milk and am continuing it

for the present. I take three pounds (daily). "I shall have to reduce the quantity a little or take it in the form of curds. In the mornings, also, I take cold water instead of hot. They give me full facilities for making it hot, but if the body can be maintained by cold water, why bother about hot water? I have left off honey. The goat is milked in my presence so there is no question of the cleanliness of the milk."

In a letter to his son Devdas, he says: "I don't know where you are, but there is a God above to take care of us, so let us not worry about one another."

WIFE FILES ANSWER  
TO HUSBAND'S SUIT  
Denies Charge in Which He Names  
Two Correspondents in Plea  
for Divorce.

Mrs. Mildred L. Garman, 2408 Thirtieth street northeast, whose husband, Theodore S. Garman, sued her for an absolute divorce, naming two men as correspondents, five minutes before she filed suit against him for a limited divorce on grounds of cruelty and desertion, yesterday filed her answer to the charges, denying the accusations of impropriety.

Mrs. Garman declares that her husband knows she is innocent of wrongdoing, and has filed the suit against her to cause her humiliation and to discredit her in the eyes of their friends. She further alleges that she has not seen one of the men named in the husband's action in three years, adding that she and her husband pursued an automobile from one of the men in 1927, since which time she has had no occasion to see him. Mrs. Garman denies telling her husband that she was in love with another man, as he had charged. Attorneys Raymond Neudecker and Jean Boardman appear on behalf of the wife.
