

## FARMERS IN PLEA FOR NEW FREEDOM

Nation-Wide Demonstrations  
Held to Protest Against  
Present Conditions.

By the Associated Press.  
CHICAGO, July 5.—American agriculture made its celebration of the 135th anniversary of the Nation's birth a protest against its adversities.  
A call to arm for a war of ballots in the farmers' cause was sounded in 10,000 communities where rural folk met at picnics of the American Farm Bureau Federation yesterday.  
In the corn land of Iowa rose the dominant note of this Nation-wide communion of agrarians.  
President E. A. O'Neal of the Farm Bureau, addressing thousands of farmers and many townspeople at Ottumwa, charged both major political parties with a "callous and even defiant indifference to agriculture."  
Both parties, he declared, have failed to relieve the farmer and his answer should be a war of ballots against "greedy financial and industrial interests," who have "forgotten that the farmers have been the chief factor in national development."  
Farmers, he said, deplored failure of the major political conventions to discuss the great economic problems threatening the Nation at greater length and in more specific terms.  
His voice was echoed throughout the Nation by other leaders pleading that commemoration of the Nation's birth be made the occasion for fusion of farm interests that would bring a new economic freedom to farmland.

## COOLIDGE STAYS HOME FOR 60TH BIRTHDAY

Spends Quiet "Fourth" Nursing At-  
tack of Hay Fever and Watching  
Rain Against Windows.

By the Associated Press.  
PLYMOUTH, Vt., July 5.—Calvin Coolidge spent his 60th birthday in his homestead yesterday nursing an attack of hay fever and watching a steady rain beat against the window panes.  
The former President's son, John, and his wife, were week end guests, but they left late in the afternoon.  
There were no bursting firecrackers or other appurtenances of Independence day to punctuate the silence of green hills. A messenger boy made several trips to the homestead with telegrams and letters of congratulation during the day.

## FLOOD WATERS DRIVE RANCHMEN TO HILLS

Texans Move Cattle to Higher  
Country as Torrents Claim  
Nine Lives.

By the Associated Press.  
SAN ANTONIO, Tex., July 5.—From the low lands and prairie country of the lower reaches of the Rio, Guadalupe and Nueces Rivers, farmers and ranchmen drove their live stock to the hills today, to escape flood waters, which already have claimed nine lives.

With ample warning from the damage done at the headwaters of these rivers, families were moved to safety from farms and small towns in the path of the waters rushing toward the Gulf of Mexico. In the area in which the torrential rains of last week end first caused death and destruction, the waters were receding.

An accurate estimate of the property damage in this ranching and resort country was still impossible. From many remote communities may yet come reports of the loss of life. There has been a great loss in live stock. Crops damage will be tremendous. Much damage has been done to highways and railroads.

The first San Antonio-El Paso train in three days moved yesterday. Uvalde reported traffic moving on the Southern Pacific, but it was thought a week or more would be required to repair damage on the Uvalde and Northern and Missouri Pacific lines.

## WAIT 28 YEARS TO WED

Ceremony Performed 25 Minutes  
After Bride Debarks.

BOSTON, July 5 (AP).—A romance that lived for 28 years culminated in marriage yesterday when Mrs. Eliza S. Ryder of Bradford, England, arrived on the steamship Laconia and within 25 minutes was wedded to Walter A. Cawthorn of Providence, R. I.  
The couple were sweethearts in England years ago. Cawthorn came to the United States and later was married. Mrs. Ryder took a husband in England.  
Some time ago death made them widow and widower and they corresponded. The romance blossomed anew and Cawthorn proposed by mail. A taxi and a South Boston minister did the rest.
