The lies a mirror can tell!

LAST night her mirror lied when it told her she was lovely. For plainly "he" did not think so. The trouble was, her mirror failed to tell her that she was quite *unlovely* in one respect—with the disagreeable odor of underarm perspiration. Mum! That's what up-to-date girls and women use to avoid this unseen danger. It's perfectly harmless to clothing—and it's soothing to sensitive skin. You can even use it right after shaving the underarms. Remember this: Mum does *not* prevent perspiration itself—only its ugly odor. Trust Mum to keep your underarms always fresh, free from odor. Bristol-Myers, Inc., 75 West St., New York.

TAKES THE ODOR OUT OF PERSPIRATION

ON SANITARY NAPKINS Mum gives that assurance of protection which means complete peace of mind on this old, old feminine problem.

Here we go—30 fathoms down! Exploring the ocean floor is all in a day's work to a deep sea diver but it surely makes a man hungry. Pabst-ett sandwiches are in his lunch pail every day.

Pabst-ett in Cream Soup: Just before serving any cream soup, add a generous amount of Pabst-ett cut into small cubes.

"We never tire of Pabst-ett"

Hundreds of women write us that even though they serve Pabst-ett every day, their families always welcome its mild flavor. The children, too. This more-than-cheese food is as digestible as milk, spreads smooth as butter. Serve it in a hundred tempting ways—by itself, with crackers, in sandwiches (a wonderfully nutritious noon lunch), in soups, salads, sauces, soufflés and rarebits, with macaroni, potatoes, other vegetables. It mixes and creams easily—melts quickly without getting stringy or lumpy. It slices neatly, too, when chilled. Pabst-ett is as good for children as for grown ups. It contains Vitamin A (same as found in cod liver oil, cream, butter, spinach), and the valuable milk minerals (including calcium), milk sugars and milk proteins of whole milk. Pabst-ett is economical. There's no waste. Keep a few packages always on hand. Sold at all food stores.

PABST-ETT CORP. CHICAGO

"I'm a big girl now—look I can dress myself!" Mother lets her eat all the Pabst-ett she wants because she knows it is easily digested—is rich in health-building vitamins and minerals.

"Gee, that's good!" Children love the rich flavor Pabst-ett gives to soups and sauces. Pabst-ett melts quickly, never gets stringy. **Two Varieties: Standard, Pimento**
