MICHIGAN AWAIIS

His Leadership Held Needed by Democrats of

State. Special Dispatch to The Star.

DETROIT, May 13 (N.A.N.A.).-Is High Commissioner Frank Murphy being rushed back from the Philippines to essay the role of the pinch-hitter who will save the game for the Democrats in Michigan in the ninth inning? That is the question politicians here

began asking each other the moment the news was received that Murphy would sail from Manila May 13 to return to the United States. Ostensibly, the high commissioner

to the islands is coming back to take part in Philippine trade conferences in Washington, but politicians are never satisfied with the apparent answer to a question. They always look for the bugs under the chips, and every one of the breed in Michigan is certain that Murphy's return has a political significance, and that he will take an active part in the coming campaign, probably as the Democratic candidate for Governor of Michigan. There is no question that, if the

Democrats are to win Michigan next Fall, some strong leadership must be developed which will bring order out of the chaos into which the party has fallen in this State. It is entirely possible that Murphy can furnish that leadership. At any rate, he is a betterlooking prospect than any brought forward so far.

Party in State of Confusion.

The party in Michigan is in a pitiful state of confusion and disorganization. The machine which swept the State into the Democratic presidential column in 1932 for the first time in 76 years is shattered. Scandal and bitter internal fights have taken their

Bungling of appointments by the powers in Washington has added to the chaos. One of the direct results of such bungling was the announcement by Frank A. Picard of Saginaw. former chairman of the State Liquor Control Commission and opponent of carrying Michigan for the Democrats. Senator Vandenberg in the 1934 election, that he would take no active part in the coming campaign. Picard was denied an appointment as Federal Judge in Detroit

Despite this dismal picture of party wreckage, there is every indication that, if the Democrats could be brought together under a virile leadership, they still could carry the State next November. Recent polls indicate a slight majority for President Roosevelt among Michigan voters. Frank D. Fitzgerald, the Republican Governor elected in 1934, by no means has the united support of his party.
