

BONUSES AWARDED BY 4 MORE FIRMS

Liggett's, Airlines Office,
Electrical Co. and Laundry
Give Extra Pay.

Four more Washington companies today joined the long list of concerns which have announced Christmas bonuses for their employees. They are Liggett's Drug Stores, the Washington office of Eastern Airlines and the Miller-Dudley Co., automotive and commercial electricians, 1716 Fourteenth street, and the Elite Laundry Co.

Employees of the drug company earning \$25 or less a week will receive a week's salary, while those in the higher-salaried class will get a flat \$25. This applies to all employed prior to January 2, 1937. Those hired subsequent to that date and before November 28 will receive a "half share" in the bonus.

Approximately 60 employees of the airlines office here will benefit from the bonus plan announced by J. H. Kindelberger, president of North American Aviation, of which the line is a division.

The bonus, based on length of service and amount of pay, will range from \$35 to \$50. Flying personnel will not participate in the bonus because of recent increases in pay.

All employees of the Miller-Dudley Co. will receive a week's pay, and additional bonuses will be given those with a long record of service with the concern.

Elite Laundry will pay bonuses to all employees, some payments ranging as high as \$150 for veterans. Altogether, about 400 workers will receive the extra Christmas funds.

NEW TRIAL IS SOUGHT IN MARYLAND SLAYING

Motion of Defense Counsel to Be
Argued Today in Montgomery
County Court.

By a Staff Correspondent of The Star.
ROCKVILLE, Md., December 22.—
Motion of defense counsel for a new
trial in the case of Donald Parker,
27, colored, convicted of first-degree

murder in the slaying of Horace Waters, Germantown storekeeper, in 1932, was argued in Montgomery County Circuit Court today.

Parker, already serving life sentence in the State prison for participation in the murder of another storekeeper, John T. Geary, Jr., in Prince Georges County in 1934, was convicted last week in the Waters slaying. He testified his companions in the Geary case, who were executed while his sentence was commuted to

life, were with him in 1932 when Waters was murdered.

Walter W. Dawson, Parker's attorney, based his plea for a new trial on grounds the evidence was not sufficient to sustain the verdict of guilty of first degree murder.

Parker, not yet sentenced in the Waters case, was brought here today from the State prison to be present while the motion is argued.

LIQUOR DELIVERIES IN MARYLAND HIT

Ban on Advertising of Service by
D. C. Stores Asked of A. B. C.
Board.

By a Staff Correspondent of The Star.
SILVER SPRING, Md., December
22.—Co-operation of the District Alcoholic Beverage Control Board in

preventing District liquor dealers from advertising free delivery service to Maryland residents was sought today by the Montgomery County Liquor Board.

The Montgomery board, meeting here yesterday, again took note of advertisements in Maryland newspapers by District liquor stores, stating the hours of delivery service. The District board will be asked to request Washington stores to specify they are not permitted to deliver in Mary-

land, Ralph S. Fowler, chairman of the Montgomery board, said.

The board denied the petition of Peter Fritz, proprietor of an inn near Wheaton, for reinstatement of his wine and beer license suspended November 30 because of irregularities in zoning regulations. Fritz asked reinstatement because he operates a restaurant.

The United States Department of Agriculture reports 189,000 acres of Louisiana farm lands are being improved.
