## REFUND OF MEXICO **DEBT IS WEIGHED**

Cardenas Studies Plans to Reduce Obligation to 28 Pct. of Present Total.

By the Associated Press.

MEXICO CITY, January 6.-An agreement to refund the Mexican government's \$275,000,000 foreign debt on the basis of a peso for each dollar was stated by an authoritative source last night to be before President Lazaro Cardenas for approval.

Pesos are now quoted at 3.60 to the Refunding the debt on this basis

would reduce its principal to approximately 28 per cent of the present amount. No payments have been made on the debt since 1928. The agreement was authoritatively

stated to have been worked out by representatives of an International Bankers' Committee for holders of Mexican bonds and the Mexican treasury department.

It was said to provide for the issue of new 40-year bonds to bear 4 per cent interest.

Accumulated interes on the debt, piled up during the 30-year Porfirio Diaz dictatorship, which fell in 1910, virtually would be wiped out. A token payment only will be made

on the interest in arrears, which, roughly, is equal to the principal, it was stated. President Cardenas, it was pointed out, has the authority to approve the

agreement under special powers in fiscal matters granted him by Congress for the first eight months of Not to be touched upon in the

agreement, an authoritative source said, is the \$250,000,000,000 national railways debt, with its accumulated interest equal to the principal, which the government has guaranteed.

In the Cuse case, the Government previously had believed that it might be two months before he would make any shipments. But officials said they learned that he had put extra crews to work to get the cargo ready.

The State Department said it had issued the second license to Dineley reluctantly on his insistence. Nineteen export licenses were issued in all to the San Francisco dealer.

Spain's Mexican Envoy Listed. Dineley listed as consignee for the shipment Felix Gordon Ordas, whom he identified as the Spanish Ambassador to Mexico. (Ordas is reported en post in Mexico City on an unan-

"It is obvious to us and should be obvious to the Spanish government," a State Department spokesman said. "that the chances for shipping under these (Dineley licenses) are exceedingly slight. Congress should have plenty of time to take the necessary action to stop them."

The Nazi government has determined to regard the Palos affair as ended, informed circles said, regardless of the Spanish government's refusal to heed a German ultimatum to release the cargo of the Palos and a captured Spanish passenger by 8

Sentences Commuted Governor-Others Face Death Tomorrow.

By the Associated Press.

ALBANY, N. Y., January 6 .- Gov. Lehman commuted to life imprison-ment today the sentences of three of six youths convicted of murdering Edwin Esposito, 22-year-old Brooklyn subway station attendant.

The three saved from the electric chair are Eugene Bruno, 21; Sam Kimmel, 21, and Dominick Zisso, 26. They were scheduled to be executed tomorrow night at Sing Sing with Joseph Bolognia, 24; Salvatore Scata, 18, and Theodore Didonne, 31. The Court of Appeals unanimously

affirmed the conviction of Bolognia, Scata and Didonne, but two associat justices, Irving Lehman and John T. Loughran, dissented as to the conviction of the others.

The two dissenting justices argued that an error in the trial judge's charge to the jury substantially affected the rights of the three men. The six were convicted of killing Edwin Esposito, a Brooklyn subway collector, for \$200 in nickels and dimes

in September, 1935.

Relatives, making their last visits to their Sing Sing prison cells, told them of a pavement prayer meeting yesterday in which approximately 400 women gathered in New York in front of the Park avenue apartment building where Gov. Lehman lives, and prayed that he be lenient to the con-

The Governor, however, was in Albany, 125 miles away.

District Attorney William F. X Geoghan, who prosecuted the six, telephoned the Governor last night after a long talk with three of the convicts. He declined to say what he had told the Governor. Warden Lewis E. Lawes told gray-

haired Robert G. Elliott, official executioner, to be ready to perform his duty. At the same time, Lawes arranged special visiting permits for the mothers and fathers of the men who will compose the largest mass execution in the State since 1911, when seven men were put to death in one night.

Mrs. Pearl Kimmel, the aged mother of one of the six, collapsed after visiting her son yesterday. Her husband Abe, a tailor, stoically held up and placed his faith in the hope that Gov. Lehman would make his son a lifer by commuting the death sentence.
