

## Wallace Plans to Help Industrialize Mexico

By the Associated Press  
Secretary of Commerce Wallace starts his third trip south of the border tonight to discuss measures for bringing about "the most rapid industrialization" of Mexico.

Mr. Wallace said yesterday he has definite ideas on the subject. He expects to take them up with both American and Mexican businessmen. But he did not elaborate.

"Naturally, I want to do everything that I can to further friendly relations with the nations south of the border, for whom I have a very great affection," Wallace said. "This is largely a courtesy trip to see old friends and has nothing to do with the internal politics of Mexico."

Mr. Wallace is making the trip at the invitation of President Avila Camacho, whom he described "as an old friend whom I like very much." The Secretary attended President Camacho's inauguration in December, 1940.

## North Jutland Town Reports Rocket Crash

By the Associated Press  
COPENHAGEN, Aug. 29.—Dispatches from Aalborg in Northern Jutland today quoted residents of a small village in that area as saying a mysterious rocket had crashed and exploded just outside the hamlet Wednesday night.

One woman, the dispatches said, reported he was standing in her garden when the sky was lit by the yellowish glow from a strange missile which passed overhead.

The object crashed with an explosion that was followed "by something that looked like a rain of stars," she added.
