## DOES YOUR NAIL POLISH Chip? Peel? Flake Off?

New miracle-wear ingredient discovered!

Thousands of women who've put up with polish which chips soon after manicuring are making a thrilling discovery...

It's the new Cutex polish... the new miracle-wear polish! Now, it contains Enamelon, a Cutex-exclusive ingredient designed to give incredible wear!

Cutex with Enamelon stays lovely, day after day after day! Resists chipping, flaking, peeling, as no polish ever did before!

Today, try this new, miracle-wear

Cutex! So pure... even women with skins so sensitive they cannot use other polishes state that they can use new Cutex with perfect safety.

Many fashion-styled colors. Get new Cutex today... at your favorite cosmetic counter.

If you don't find that new Cutex wears longer than you ever dreamed possible, send the bottle to Northern Warren Corporation, Box 1355, Stamford, Conn., and your money will be refunded.

## Red Issue Rises in NEA As Teacher Accuses Another of Party Link

By the Associated Press  
 BOSTON, July 6.—Communism is expected to develop into a red-hot issue today at general sessions of the National Educational Association.

The problem moved toward the general chamber yesterday when one teacher accused another of membership in what he described as "a party line organization."

Observers indicated the issue and others concerning communism would be carried to the main floor today and at other sessions.

Principals in the tilt were Mrs. Rose Russell, legislative representative of the CIO Teachers' Union of New York City, and her accuser, John K. Norton of Columbia University's Teachers' College.

Educator's Report Criticized.  
 Mr. Norton is chairman of the NEA Educational Policy Commission. The commission recently issued a statement calling for a ban on Communist Party members as American teachers.

The statement was signed by Gen. Eisenhower, Columbia president, and Dr. James B. Conant, president of Harvard University.

At a separate meeting of 300 teachers considering the statement yesterday, Mrs. Russell said the commission report was "ill-conceived, ill-timed and ill-omened."

She said it would "continue the cold war... cause friction and hysteria... and start a witch hunt."

She declared it erred in trying to make education "an instrument of national policy."

Denied Chance to Reply.

Her statement brought Mr. Norton to his feet asserting that "the lady you have just heard represents an organization which has consistently followed the Communist Party line."

Mrs. Russell demanded the "right to reply," but Mr. Norton overruled her.

The chairman's action drew Mrs. Joanna Lindlof of New York into the debate. She said she didn't agree with Mrs. Russell, but insisted she should be given an opportunity to reply.

Allotted a minute to respond, Mrs. Russell said:

"This is a good example of guilt by association. Every organization that is militant or dissents is called subversive in one way or another."

Professor Defends Communists.

Earlier, Herbert J. Phillips said he favored banning of Communists as teachers "if the Communist Party were what it is reputed to be," but, he added, "the Communist Party isn't." Before he could explain what it is, his speaking time expired.

Mr. Phillips identified himself as a University of Washington professor who was "fired" for admitting 13 years' membership in the Communist Party.

During debate, Willard Spalding of the University of Illinois rose to ask:

"Are we free to advocate any damn thing we want to no matter what it does to the American Nation? There are limits to freedom in democracy."

Meanwhile, the association took under consideration a proposal to exclude Communists from membership. It will be acted on later.

The proposal to amend the NEA's by-laws was offered by William F. V. Saunders of New York.

## Glenn Dale Milk Bids To Be Opened Friday

Bids will be opened Friday for supplying milk to Glenn Dale Sanatorium from July 10 to September 30, Roland M. Brennan, District Purchasing Agent, announced today.

Bids were opened for supplying all District institutions with milk on June 13, and contracts were signed with the Richfield Dairy and Simpson Bros., Inc., Wakefield Dairy.

The Harvey Dairy, Inc., of Brentwood was awarded a contract as the lowest bidder for supplying milk to Glenn Dale, but the contract was withdrawn when other dairies protested the Harvey Dairy did not have a permit to sell milk in or to the District.

When the bids are opened Friday, the Harvey Dairy will be among those submitting bids, officials said today, because it has been invited to do so.

Health Officer George C. Ruhland, Mr. Brennan and the Corporation Counsel's office held two meetings yesterday to discuss the milk situation at Glenn Dale. It was decided to amend the regulations so the Harvey Dairy will be eligible to supply milk to Glenn Dale, which is in Maryland.
