

### Three Sailors Hurt When Auto Slides 100 Feet Upside Down

Three sailors were in the hospital today after a freak accident in which their car slid 100 feet on its back after overturning in the 1000 block of Seventeenth street N.E.

Police said the car, driven at high speed, struck a tree as the driver attempted to pass another. After turning over, it slid on its back until it struck a second tree.

#### Fourth Sailor Unhurt.

The victims, all stationed at the Naval Receiving Station at Anacostia, were taken to Casualty Hospital, then transferred to the Naval Hospital at Bethesda. They were the driver, William C. Graham, 20, who suffered cuts on his hand and head; Henry Latimer, 32, cuts, broken teeth, and possible fractures of hip and shoulder; and Earle W. Campbell, 20, possible rib fracture. A fourth sailor in the car was uninjured, police said. He was unidentified.

In another accident early today, five persons escaped injury when their car skidded and overturned at the intersection of Eighteenth and N streets N.W. Police said the driver, Raymond W. Shelton, 25, colored, of 2456 Ontario road N.W., apparently tried to turn off Connecticut avenue into Eighteenth street. The car struck wet pavement and went out of control. The driver was charged with unreasonable speed.

#### Child Is Injured.

In an accident late yesterday, a 3-year-old child broke away from his older brother while crossing Nichols avenue at Chesapeake street N.W. and was struck by a passing taxi.

The child, Roger M. Lucas, of 4582 Blue Plains drive S.W., was taken to the Bethesda Naval Hospital suffering head cuts and concussion. His condition was said to be serious. Police said the driver was Bertrand L. Hays, 22, of 2127 Fifteenth street S.E. He was charged with failing to give full time and attention to driving.

### Aussie Planes Destroy 38 Red Korean Tanks

CANBERRA, Australia, Sept. 8.—Air Minister Thomas White said today the 77th Squadron of the Royal Australian Air Force destroyed 38 Red Korean tanks during its first eight weeks of action on the United Nations battlefield. The airmen were credited also with destroying 163 trucks, 40 other vehicles, seven fuel dumps and 12 bridges in a total of 1,100 sorties.

### Three Capone Aides Agree to Appear in Senate Crime Probe

CHICAGO, Sept. 8.—Three former Capone associates have abandoned their defiance of the Senate Crime Investigating Committee and will go to Washington to confer with Senator Kefauver, Democrat, of Tennessee, committee chairman.

Their attorney, Eugene Bernstein said Paul (the Waiter) Ricca, Louis Little (New York) Campagna and Charles (Cherry Nose) Gioe would leave today.

Mr. Bernstein said Ricca, Campagna and Gioe will take with them records and materials asked by the committee chairman. Previously, attorneys for the gangsters called subpoenas served on them worthless because Senator Kefauver's signature was rubber-stamped on them and the committee was not in session. Also, they contended that as parolees from a Federal penitentiary, the former aides of Gangster Al Capone couldn't leave Chicago.

Props were knocked from under the latter argument yesterday when Federal Parole Officer Ben Meeker announced his superiors had authorized Ricca, Campagna and Gioe to go to Washington if summoned.

They were paroled in 1947 after serving one-third of 10-year sentences for extortion in connection with a shakedown of the movie industry. The Government has been trying since to revoke the paroles.

## McCarran Fears Veto on Anti-Red Bill May Aid G. O. P. at Polls

By the Associated Press

Senator McCarran, Democrat of Nevada, said today President Truman's avowed refusal to sign his stringent anti-Communist bill, if Congress passes it, might lead to a Republican victory next November.

The Nevada Democrat said Mr. Truman's statement that he would not sign the McCarran bill if it was sent to the White House was "the most colossal mistake I have ever heard of being made by the President."

"I should be very unhappy to know that the President would veto this bill, and not the least of my unhappiness would be the fact that the people of the country want the bill enacted into law," Senator McCarran told newsmen.

Could Mean GOP Congress. "This desire of the people in that respect might be very emphatically expressed in November," he said.

The 74-year-old lawmaker, just renominated for a fourth Senate term, was asked if a veto might mean a Republican Congress next January.

"It could be," he replied.

The Senate, meanwhile, agreed to start voting on the anti-Communist legislation, beginning at 1 p.m. Tuesday.

Mr. Truman told his news conference yesterday the McCarran bill was a little worse than the Republican Mundt-Nixon Communist registration bill which passed the House last week under a Democratic label. He said he wouldn't sign it if it was sent to the White House.

The bill, which Senator McCarran put together from five separate Senate and House bills, would:

Require the registration of Communist political and front organizations; bar Communists from Federal jobs and getting passports; put more teeth in laws dealing with sabotage and espionage, and pave the way for barring or deporting aliens considered to be subversive.

#### Features of Bill Assailed.

Mr. Truman had asked Congress only for more powers to deal with espionage agents and saboteurs. He has assailed other features of the McCarran bill as unnecessary, ineffective and likely to jeopardize the rights of individual citizens.

The President's statement, coming at a time when lawmakers are pressing to get their work done and go home by September 16, may have an important bearing on the kind of congressional vacation to be taken.

If Congress adjourns, Mr. Truman could scuttle the bill by failing to sign it within 10 days after passage. This would be a pocket veto.

But if Congress decided to go on a three-day recess basis, then the President would either have to sign or tell Congress he was vetoing it and why. Otherwise the bill would automatically become a law within 10 days after passage.

Senate Republican Leader Wherry said if a pocket veto was threatened, then "it would behoove those who support this bill to keep the Senate in session and try to pass it over his veto." Senator Wherry is backing the bill.

Senate Majority Leader Lucas, on the other hand, suggested that

the Senate should pass a bill that the President could sign.

Meanwhile, backers of a substitute which would permit the Attorney General to put Communists in concentration camps in time of war or declared national emergencies, felt they are picking up strength. They still concede privately they haven't got the votes, but are hoping that as the debate goes on public opinion may swing to them.

Senator Kilgore, Democrat, of West Virginia the principal backer, yesterday blocked an attempt to vote tomorrow which gives his forces a week end to continue the fight.

**Syrian Rebels Released**  
DAMASCUS, Syria, Sept. 8 (AP).—Gen. Sami Hennawi, former commander in chief who led a military coup in Syria last year, was released from prison today under a newly-passed amnesty of political prisoners. Released with him were four army majors who aided him in the coup.

## 10 Seized for Operating Huk Propaganda Mill

By the Associated Press

MANILLA, Sept. 8.—Police today seized 10 Filipinos suspected of operating a Hukbalahap Communist propaganda mill in Manila.

They also seized copies of "Ashes," the Huk's Tagalog language mimeographed weekly newspaper.

Police said most of the suspects had confessed to distributing Communist literature and to membership in the Red-tinted Huk underground.

## War Bride Wins Divorce; He Wanted Her an Alien

By the Associated Press

LOS ANGELES, Sept. 8.—Her husband didn't want her to become an American citizen, because he'd have the upper hand.

So said Mrs. Elizabeth Benfatti, an Australian war bride of 1945 as she obtained a divorce yesterday. She testified that Anthony Benfatti, 30, once tore her dress to keep her from attending her citizenship class.

## Canada Starts Paying On New Tax Measure

By the Associated Press

OTTAWA, Sept. 8.—New taxes which will bring Canada an additional \$189 million a year went into effect today with the adoption of a stop-gap budget introduced to curb inflation and finance the nation's growing defense expenditures.

Biggest contributor to the added levies will be the big corporations, which will pay \$85 million through tax rate boosts of 5 per cent across the board.

Finance Minister Douglas Abbott, who introduced the bill, said the "baby" budget aimed at obtaining a \$15 million surplus with estimated yearly revenues of \$2,669,000,000 and expenditures of \$2,654,000,000.

Corporation income taxes were raised to 15 per cent on the first \$10,000 and to 38 per cent on incomes in excess of \$10,000—all retroactive to September 1.
