George Hopes Bandung Talks Will Aid Peace

Chairman George of the Sen-ate Foreign Relations Committee held out a ray of hope last night that the conference of 29 Asian-African nations in Indonesia this week may prove a "stepping-stone" to more stable conditions in the world.

The Senator's optimism over what may flow from the Bandung meeting appeared to be based on a hope that some of the Asian leaders in attendance will raise their voices in behalf of peace.

Other comments on the Far Eastern situation yesterday in-cluded these:

Senate Republican Leader Knowland said former President Truman's order neutralizing the Formosa strait during the Ko-

As each refugee leaves the ship, he gets a few days supply of irice and fish and 800 Viet Namese piastres in cash. This is equivalent to \$23 at the legal rate of exchange.

Refugees then go to reception centers—such as the opera house—where they are supposed to stay briefly while they get sorted out and assigned to resettlement areas. Actually, many refugees have spent months in various a centers, usually insisting that they are waiting for relatives to a rarive from the North.

BY GARNETT D. HORNER

Star Staff Correspondent AUGUSTA, Ga., April 16. President Eisenhower, arrang-ing a conference with Secretary of State Dulles here tomorrow, directed the State Department tonight to take over "general responsibility" for foreign aid when the Foreign Operations Administration goes out of busi-

ness June 30.

The President called for creation within the State Department of a new bureau to be known as the International Cooperation Administration to direct foreign aid policy and exercise "supervising authority" over all operations in this field.

The new ICA will handle economic aid for friendly foreign countries directly, and coordinate military aid and assistance to allied forces carried out by the Defense Department. In announcing the planned leeting with Mr. Dulles, White House Press Secretary James C. Hagerty stressed that no emer-gency was involved.

Reason For Flight

He said the reason for the He said the reason for the Secretary's flying visit to the President's vacation headquarters here was that Mr. Dulles planned to leave Washington Wednesday morning for a "long week-end" vacation himself. This means he will not have an opportunity to see Mr. Eisenhower in Washington for a week or so after that. The President plans to return to the Capital late Wednesday. Wednesday.

The President and Mr. Dulles normally confer at the White House at least once a week.

Mr. Hagerty said the conference tomorrow would be "just a talk on the general situation, covering the whole field of foreign affairs."

Mr. Dulles is due to arrive here at noon and to fly back to Washington after the meeting.

In addition to the FOA transfer, two other likely topics for discussion are the announcement that the Soviet Union and Austria had come to an understanding on terms for a peace treaty and the critical Formosa situation.

First-Hand Report

Earlier today, the President re-ceived a first-hand report from Admiral Felix B. Stump, com-mander of American armed forces in the Pacific.

Admiral Stump told reporters after an hour-long conference with the President that he could not give any assessment of Chi-nese Communist intentions with regard to a possible attack on Formosa or the offshore islands of Quemoy and Matsu.

The Federal Spotlight Tagn hopeful that, while this conference may be stormy and some of the talk may not be pleasant, it may be a sort of stepping-stone to future meetings of the African-Asian nations, and may be productive of some good in the direction of stability", said Senator George. "If so, we should have a friendly understanding of what they are driving at." The Senator pointed out that one of the chief figures at the conference will be Prime Minister Nehru of India.
