it's new...  
it uses tap water  
spray, steam, dry iron

- easily changes to left-hand iron
  - larger water chamber
  - water fill fits under faucet
  - jet spray at a finger's touch
  - E-Z hold handle with thumb rests
  - more steam, faster
  - ultra-modern design
  - plenty of steam vents over king-size sole plate
- At a finger's touch, this new iron sprays away stubborn cloth wrinkles, produces a steady cloud of steam or dry-irons efficiently. Fill it right from your tap... no need for special water, and the water's locked in to eliminate spilling and sputtering.
