START BIG DRIVE TO FORCE RUMANIANS OVER BORDER

London.—Aiming to drive wedge between Russian and Rumanian armies, Austro-Germans have launched great new offensive near Northwestern frontier of Rumania.

Strong Teutonic forces are attacking Russian front south of Bukovina, near point where Russians and Rumanians have joined hands. Austrian and German war offices announce that Russians have been driven back at this point. Berlin dispatches reported that Rumanians are falling back across their own frontier.

Every indication points to beginning of Von Hindenburg's widely-heralded campaign to crush Rumania. Teutonic attacks have suddenly become more violent south of Kronstadt, where Gen. Falkenhayn is trying to break through Pradeal pass. Southwest of Kronstadt the Austro-Germans are attacking in large force and heavy fighting is going on on Rumanian soil.

Berlin, via Wireless to Sayville.—"The tragedy on the Somme seems near a climax," said a semi-official statement reporting frightful French and English losses in recent unsuccessful attempts to break German lines north of river.

When British rushed forward for attack near Guadecourt, Sixth German infantry division left destroyed positions and standing in face of approaching enemy turned loose rifle and machine gun fire into dense masses of approaching enemy.

London.—British troops extended Somme offensive north of the Ancre brook last night and entered enemy trenches west of Serre. Since first day of offensive when British drove lines close to Serre and then were driven back there has been no fighting on this front.

Petrograd.—New Austro-German offensive near Rumanian frontier south of Dorna Vatra has been checked. Russians repulsed several enemy attacks.

Alton, Ill.—Fireman Harry Sommers killed and three persons injured when two Chicago and Alton freight trains collided.
