GERMANS IN S. AMERICA PLAN HUGE INTERNAL REVOLT

Buenos Aires, April 19. — Brazil's great German population in at least three states has revolted.

Dispatches from Montevideo (Uruguay) today asserted Teutons are well armed—even with some artillery—and plentifully supplied.

Rebellion apparently centered in Brazilian states of Rio Grande, Parana and Santa Catharina. German population, male and female, in this section has been estimated at 500,000.

Brazil has strict censorship in force and it was impossible to obtain complete verification of revolt.

From start of Brazil's crisis with Germany apprehension had been expressed as to republic's very large German population.

Uruguyan dispatches today declared Germans had already attempted to dynamite railway bridge at Santa Maria.

Government of Rio Grande province said to be concentrating most loyal troops to oppose rebels at Porto Alegre. Uruguay massing troops on frontier, fearing Germans may invade Uruguay. Brazilian Germans were known to have been preparing to move against Uruguay. Their preference was for occupation of Chile, which country is rich in nitrates and, therefore, desirable in war, but Chile was too great a distance from their base.

SUNDAY POSTPONÉS VISIT

The visit of Billy Sunday to Chicago is definitely postponed until March 1. The date first considered was Sept. 1. He declared that all of the profits from his Chicago stay would be given to the Pacific Garden Mission, where he says he was converted to Christianity.
