SALARIES OF COUNTY OFFICIALS.

The question of salaries of county officers is causing considerable discussion among members of the Legislature, with no immediate prospect that a solution will be reached on proposed bills and which constitutional questions are involved.

THE EAST AND THE WEST.

There was a brilliant scene in the Federal House of Representatives yesterday, the first of its kind, nothing so dramatic as to be seen in the history of the House.

WEEK OF MARCH 2.

THE GRAND OPERA HOUSE COMPANY will appear in a performance of "THE TWO ORPHANS" on Friday, March 2, at 8 p. m.

This Snow

Has put a stop to spring talk in some cases. It will hardly do to wear straw hats and a few things like that, but we can give you a little talk on Barbed Wire, Wire Netting, Garden Tools, etc.

Will Last

About another week and then you will have to put up new fences, and repair old ones. This snow has been very severe on fences. You had better come this week and see us.

All Summer

And then make your purchases, you invariably pay more for them, demand is higher, therefore prices are usually raised. Don't you think this is worth consideration?

Did You Say Stoves?

Well, this weather does put one in mind of Stoves. We have a few nice Heating Stoves left over - we started to put them away for next season - but decided to let you have them at a discount.
